

TESTIMONIAL

Testimonial

A testimonial display for Blocs

Last Updated - June 13, 2022

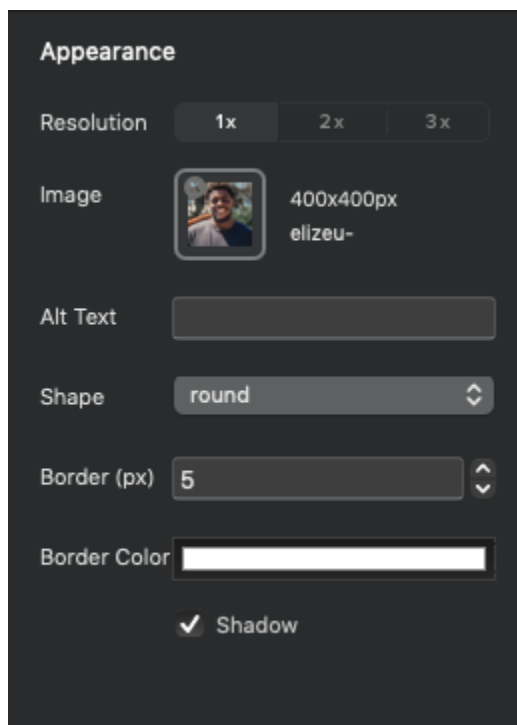

An awesome display for responsive testimonials on a Blocs webpage.

Testimonial features:

- Responsive by design
- Display Author's photo
- Define Title, Name, Position, and Caption
- Numerous styling options
- Add as many as you need.
- Works well with Tab Anything

Sidebar

Appearance

The screenshot shows a dark-themed settings panel titled "Appearance". It contains several configuration options for a testimonial widget:

- Resolution:** Three buttons labeled "1x", "2x", and "3x". The "1x" button is currently selected.
- Image:** A small square thumbnail of a person's face is shown next to the text "400x400px" and "elizeu-".
- Alt Text:** An empty text input field.
- Shape:** A dropdown menu currently set to "round", with up and down arrow icons.
- Border (px):** A numeric input field set to "5", with up and down arrow icons.
- Border Color:** A color selection bar showing a white color.
- Shadow:** A checkbox that is checked, with the label "Shadow".

Image: Add or select images to the testimonial.

Alt: Alt text

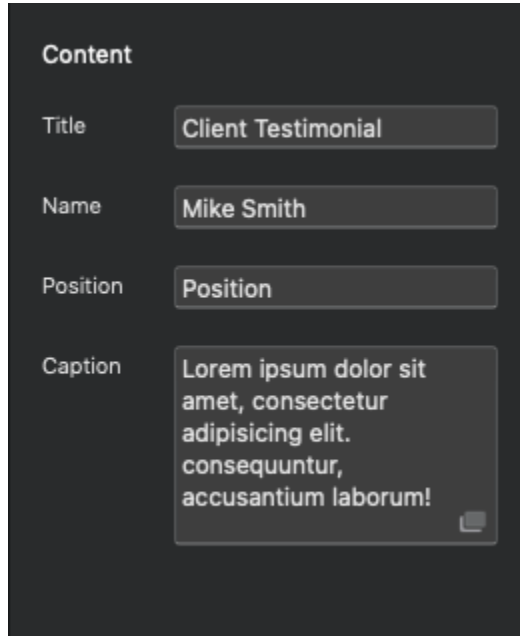

Shape: Change the image shape (round and square)

Border: The image border size in px.

Border Color: Color for the image border

Shadow: Add drops shadow to the image.

Content

The image shows a dark-themed form titled "Content". It contains four input fields, each with a label to its left:

- Title:** The input field contains the text "Client Testimonial".
- Name:** The input field contains the text "Mike Smith".
- Position:** The input field contains the text "Position".
- Caption:** The input field contains the text "Lorem ipsum dolor sit amet, consectetur adipiscing elit. consequuntur, accusantium laborum!". There is a small icon of a document with a checkmark in the bottom right corner of this field.

Title: Define title for the testimonial section

Name: defines the author's name for the testimonial

Position: Define the author's position.

Caption: Define the caption or quote

Colors: Color option for title, name, position, caption

Size: Change font size for all elements.

Style

A dark-themed configuration panel titled "Style". It contains four settings: "Shadow" with a dropdown menu showing "shadow", "Background" with a white color swatch, "Border" with a gray color swatch, and "Padding" with a dropdown menu showing "med". Each dropdown menu has a small double-headed arrow icon on its right side.

Shadow	shadow
Background	
Border	
Padding	med

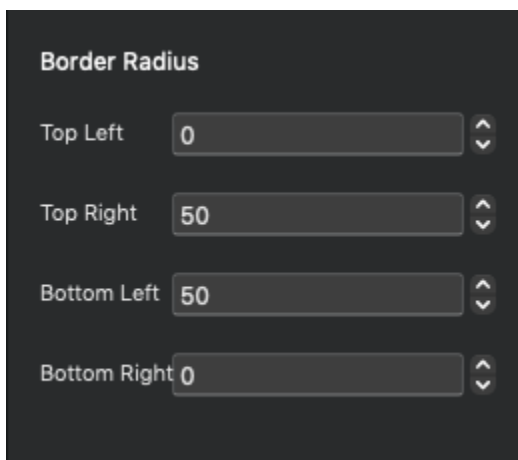

Shadow: Drop shadow or Border line

Background: Background for the caption bubble

Border: Border for the caption bubble

Padding: Padding for the caption bubble

Border Radius

A dark-themed configuration panel titled "Border Radius". It contains four settings, each with a numeric input field and a small up/down arrow icon on its right: "Top Left" with value 0, "Top Right" with value 50, "Bottom Left" with value 50, and "Bottom Right" with value 0.

Top Left	0
Top Right	50
Bottom Left	50
Bottom Right	0

Top Left, Top Right, Bottom Left, Bottom Right: Each radius is controlled separately to achieve a “bubble” look.
