

The Last Time I Had Fun in The Beach

Beach is one of the best place for having vacation to me. Staying in a beach gives me a feeling of joy and calm. If it is summer I always prefer to go for a vacation in the beach. A few months ago I went to a beach to enjoy my vacation with friends. We went to a nice sea-beach named Manzanita Oregon. We heard that Oregon Coast is the must try place if you love to stay in the beach. We had been there on the peak of traveling season so that we could not able to stay in any hotel. As a result, we had to stay in a vacation rental named Manzanita Oregon Vacation Rentals. We usually prefer to stay in hotels but as we were unfortunate to find a vacant space, therefore, we ended up staying in Manzanita Beach Rentals. It was a wonderful experience to stay at Coast Cabins Manzanita. Manzanita Rentals provides room with good facilities. Like Cable TV, Wi-Fi, Bed and shower lines, equipment of barbecues, well-stocked kitchens and other essentials such as soaps, toilet paper, paper towels and much more. We were very satisfied the behave we had from their stuff and their services. We had done a lot of fun things there. We played football, we swim, we built sandcastle, we collected seashells and we made barb-q and so on. Watching sunsets are the most amazing thing we did there. We tried to capture all of our beautiful moments so that we took a lot of pictures. We also take shower in the rain. A rainy day in the beach is a joyful experience. We all felt the vibe of the nature. I bet that all the people were enjoyed the day. We saw new married couples were dancing and kissing in the rain. It was undoubtedly a great experience of their life. Manzanita Rentals is also a great place for Romantic Getaways. That is why, you will see many newly married couples there who go to enjoy their romantic moments.

There are a plethora of restaurants and foods are available almost all time. Manzanita Restaurants provide various kinds of fresh and delicious sea food those are really tasty and healthy as well. We tasted a few local foods those where were very delicious and mouthwatering. There is a plenty of new dishes those were totally unknown to us. Manzanita Oregon is also a great place for food lovers.

We stayed there few days and those days are the best days of our life. We fell in love with the beauty of the beach. Everything was so natural that gave us the peace of mind. It was the last time I had really fun in the beach. If you are thinking of going to a beach tour, I will suggest you to go to Manzanita Oregon. I believe that you will also love the place and time you will spending there with your family, friends or beloved
