How to take commission:

- You can take a commission only when I'm open for it and have a journal with open slots.
- Send me a note with your idea and all character references and what kind of commission you want. If the character does not have a ref, you can describe it in detail and send pictures describing certain details of the character. **Please use a simple and understandable language.**

How much time does it take to be commission ready?

It depends on the difficulty of idea, style you choose for commission(colored sketch or full color), and a queue. Usually(for one character) when I start a commission, if every step satisfies me and client answers me in one day(after a non-colored sketch) then a Colored Sketch will be ready in 1-3 days and Full color with one simple character and simple BG is ready in 20-30 working days.

The process:

- ❖ Colored Sketch - You get a preliminary sketch first as non colored version of your commission, and after your approval I finish it;
- ❖ Full color : You get 2-3 WiPs: a preliminary sketch, lineart(if you ask about it) and the final result. But if edits at the sketching step require big changes, then I will send more sketches until you approve it. I don't send minor corrections. On the final result, you can ask to slightly correct the picture(or if I missed some details). Global edits like replace character, change sizes, texture additions and other things are paid separately.

*You have the right to publish your commission **only after your full approval**. I will send you two versions of your commission: a high-resolution version for personal use and a public(web) version (you can use a high-resolution version of colored sketch for public use).*

Payment and Refund:

- ❖ Payment only on **Boosty, Hipolink and EasyStart**(usually for PayPal)
- ❖ Payment in dollars or rubles(I will tell you the exact amount in rubles at the current exchange rate.)
- ❖ Full prepayment for any commission.

I can't guarantee the refund(because of the world situation) so please if you're not sure about taking a commission don't rush and ask for a preliminary sketch (if you buy a full color commission).

I refund money only for Full Color commissions:

- If I didn't started yet and you want to cancel the commission;
- If I change my mind for some reason;
- If you are not satisfied with a preliminary sketch.
