

Sb: Customize protein EASIER than an Elden Ring character!

Customizing the height, muscle mass, and fat takes so much time to make your character look PERFECT.

It takes about 1-2 hours to finally start the game, only to die as soon as it begins.

Meanwhile, have you thought about customizing your body shape in real life?

We'll check your fitness status, create personalized goals, and equip you with the tools to LEVEL UP.

Consider it your training ground before venturing into uncharted territories!

It doesn't take 1-2 hours like Elden Ring, but an EASY 10-question quiz.
