Besides unique apparels, the game features hairstyling which allow players to personalize their in-game avatar further.

- To begin the hairstyling process, players must first go to the Hairstylist NPC which is located in Argent City:

- Start a dialogue with said NPC by clicking it, then select "I want to change my hairstyle", and lastly click on "Yes, I am sure".
- Note: A  Hairstyling Voucher will be required to start a dialogue with the NPC.

Player may then decide which hairstyle fits their character better, as there are plenty of options to choose from. However, each hairstyle will ask for different items for the process to happen, which will be shown in each hairstyle's window. Note that if you do not possess a certain required item, the item's icon will be shown in red.

- Once you've got all of the required items, and you've chosen your preferred hairstyle, you may proceed by clicking "Confirm". A fee of 100,000 Gold will be consumed as long with the Hairstyling Voucher and the Necessary items to finish your desired hairstyle. Congratulations, you've successfully finished the hairstyling process!

- Note: There's a slight chance in which your hairstyle might actually fail, such that the character's hair will be turned into a 'Rainbow Failed Hairstyle'.
