[REPRESENTATIVE'S NAME],

As a [STATE] constituent, I ask that you vote AGAINST H.R.8800, due to Section 219 combining our military with Israel's. Voting to merge our military with a foreign country is treasonous and un-American.

The American people DO NOT align with Israel and ARE NOT in favor of them being so heavily involved in our government. It is crucial, now more than ever, that those we've chosen to work FOR us take their positions seriously. Our country, our freedom, and America as we know it is at risk, and the actions of the current administration are not reflective of America First.

We are not the United States of Israel, but if this bill passes the Senate, we will be. I urge you to speak with fellow Senate members, to share that their constituents are not for this, and get the votes to ensure this does not pass.

You work for the American people, and while those people struggle to pay their bills, struggle to take care of their family, and are constantly wondering if our food, environment, or government will harm us, this is not the time to spend more money on a foreign country or sacrifice our assets.

If we are the greatest country in the world, with the best military in the world, we DO NOT need the help of others. Vote against this bill and encourage the remaining members of the Senate to remember their duty and do the same.

Thank you,
