Three pillars of activity:
1. **Community of Practice**
   a. Convene, support, and grow the moderator community
   b. Provide communication tools (chat, discussion, wiki) to form a body of knowledge and enable working groups
   c. Create a sliding-scale membership approach to encourage member support from broad base
   d. Collect and disseminate academic research, best practice, extant knowledge base
2. **Moderation-as-a-service**
   a. Provide actionable content and resources, and UGC moderation at scale; from single event to full time moderation
   b. Build sustainable pathways to compensating T&S practitioners in Fediverse
   c. Convene protocol, platform and dev community to build federated T&S toolsets
   d. Caretaker service for shutdowns
3. **Collective representation for:**
   a. Law enforcement / regulatory reporting / data privacy bodies
   b. Insurers
   c. Professional development and memberships
