IAQ Media Kit - One Sheeter

IAQ Media and Press Page:
https://youriaq.com/press-media/

About IAQ:
IAQ is a no-setup, smart air quality monitor that prevents unknown exposure to harmful air pollutants by providing transparency into your indoor air quality. IAQ measures more than 20 harmful contaminants, including the worst ones flagged by the EPA, and alerts you when air quality drops.

IAQ Mission
Make it affordable and easy to monitor every dangerous indoor air pollutant.

Benefits

- **So easy to set up, your grandma can do it** - plug it in and start monitoring air quality immediately, no wifi connection necessary
- **The only device you'll ever need** - the only air quality device that monitors for all air contaminants the EPA warns against
- **Reasonably priced** - no upfront cost, low monthly subscription rate
- **Works everywhere for everyone** - Integrate seamlessly with popular smart home systems (e.g. Apple HomeKit, Alexa, Smart Things)
