Abstract

This is the Word template for submissions to the Project Networking track of ESWC 2025. You can use it as a reference for the expected contents of your submission. The selected submissions will be published on Zenodo.

The submission author(s) should be the expected presenter(s) at the conference: please note that, if your project will be selected, the author(s) are expected to attend in person the ESWC conference, participating to the minute madness session to pitch the project and to the poster session to present the project to the conference participants.

In the abstract, please briefly summarise the goal of the project you wish to present at the conference. The abstract should be maximum 2 paragraphs, a suitable description text for publication on the conference website. Please, do not put links or citations in the abstract, you can add them in the submission sections.
