

# How to Donate your Resources

## Introduction

Hello! If you're seeing this I'd just like to thank you again for donating! If you're on a computer, you should be able to easily navigate through the table of contents on the left! Please go to the title of what you're downloading for instructions!

## Rules for Donation (PLEASE READ THIS!)

- It's preferred that you give us resources that have not been sold or given away before!
- If you're making a preset or overlay pack, make sure there's at least 5!
- Please make a video example and put the link in the google form! Make sure to add the key if it has one!

## What you can donate

- Colorings
- Project files (after effects and alight motion)
- Presets
- Overlays
- And more!

## Basic Instructions

1. Collect what you're planning to sell (detailed instructions below for this)
2. Put it in a MEGA, google drive or dropbox link! (preferably MEGA)
3. Send us the link
  - a. If using MEGA, please send the key (even if you choose "link without key" please send us the key anyways)
4. You're good to go!

## Links

# After Effects

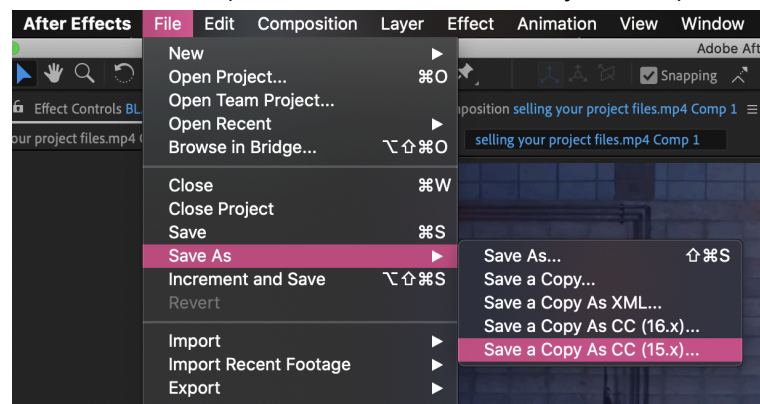

## Project Files

follow these steps!

1. make any final changes that you want to make!
2. remove videos of grp logos, and any shakes or anything that isn't yours
3. organize your files in the project file (more info in the video)
4. make sure you find any missing files and remove any unused ones
  - a. files->dependencies->remove unused footage

- b.
5. then, follow this tutorial
    - a. [https://youtu.be/XRxraae\\_LD0](https://youtu.be/XRxraae_LD0)
  6. now, save your project file for lower versions
    - a. files->save as-> (choose the one at the very bottom)

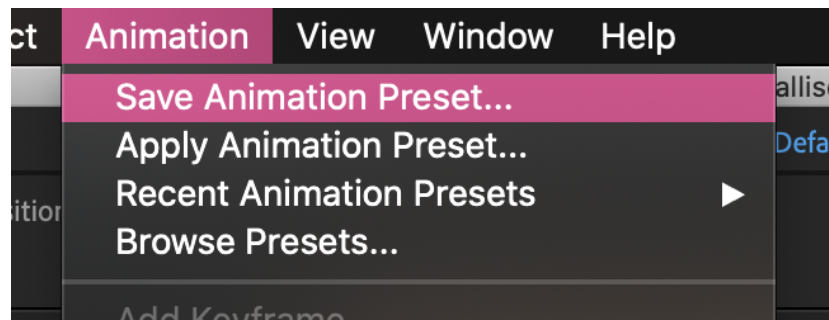

- b.
- c. the numbers will vary based on your version of ae!

7. add what you saved into the folder you got from following the tutorial
8. please add the rendered version of your edit in the folder as well!
  - a. we will be posting it on our yt (with proper credits) so that people can see it on the payhip, if you'd like to upload it on your channel and send us the link instead you don't have to do this step!
9. Final: in the folder you put on a mega/dropbox/google drive link there will be
  - a. Footage
  - b. aep
  - c. lower version of the aep (#6)
  - d. video of your edit (read #8a)
10. Please make it into a zip file before you submit
