ARKADELPHIA PUBLIC SCHOOLS
Technology Department
Joey Andrews – Technology Coordinator

1305 Caddo Street, Arkadelphia, Arkansas 71923 (870) 246-1172

Date: October 16, 2026
Subject: Report to the School Board

Dear School Board

The Technology Department submits the following report:

District Wide

Updated to the Disaster Recovery/Continuous Operations Plan. I have attached a copy for your review. This Plan has been submitted to the State audit.

Cybernut Training in progress. This is a purchased online software for training and preventing Phishing emails to the District. The problem also has a feature added to Gmail that makes reporting of "Suspicious" emails very fast. This is part of the Arkadelphia Public School response to Act 504 which is cybersecurity. Phishing emails are the #1 delivery method to any computer networking system.

New Aruba Switches are in. This is part of our E-rate purchased to update our Computer Network. These will be installed in the near future.

Sincerely

Joey Andrews – Technology Coordinator.
