

The Maker's Child

Group Leaders

This role is so helpful to all of our buddies and participants. You will hold a clip board with information the group will need for the night. On the clipboard you will find the names of your participants and buddies. There will be a list of dietary concerns for your group to review as well prior to snack. You will have a map for the locations of your locations as well as a schedule for your rotation times. We also provide a radio for communication with our directors if there are medical, toileting or behavioral needs during the evening.

Here is a run down of things you will do upon arrival and throughout the night:

- Find your name and sign in. Then find your name badge.
- Grab your color group's clipboard and get your radio. On the clipboard is your group's schedule, a map of the church, and group member's names.
- Enjoy the volunteer meal then please be in place a few minutes prior to the start of respite in the sanctuary with your color group's designated seating area.
- During opening worship, each group leader will stand with your color group in the worship center. PLEASE-take roll prior to leaving for rotations and make sure all members of the group are accounted for when rotating.

The Maker's Child

- Radio for help with any needs. Directors will be close by and checking on your group throughout the night. We will help in any way, just ask! If you have participants with behavioral needs, there are bubbles in your clipboard that may help with distraction.
- Radio if there are immediate needs for help with toileting or medical needs.
- There are notecards that buddies may use to write a note to their participant and hand to the parent at the end of the evening to give/read to them later.
- When you meet back in worship at the end of the evening, please take lanyards from volunteers and place them in a bin at registration.
- Remind buddies to turn in pagers.
- Turn in your clipboards and radios.
