

EXT Draw Procedures

All EXT participants should report to the draw room **immediately** when rounds are released for attendance. EXT participants should know their speaker order before entering the room. Please read the schematics carefully.

Students who are double entered and listed as speakers 4,5,6 in EXT should go to their second event first, **following attendance**, then return before their draw time. Speakers 1,2,3 will draw, give their speech in EXT then go to their second event when finished with their speeches. **If students are double entered in Flight A they should request to speak first in their round.**

Students will be separated into break out rooms based on speaking order and draw based on the time charts below.
