

Name: Kirsi Dewdrop

Magical Name: Magical Girl Firewall☆Kirsi

Personality: A bit of a dolt with little capacity for intellectual endeavors. Kirsi is a rather irresponsible type who tends to just coast by in life by being an extremely friendly individual. She's not totally useless, possessing acute reflexes and muscle memory that make her very adept at tasks that require quick reactions. She has a deep-seated dislike of authority figures due to never getting along with her very strict mother.

Mundane Appearance: A short 15 year old girl with rather childish features. Kirsi has rather unkempt long dirty blonde curls and lazy, eternally half-closed brown eyes. She dresses in a casually half-zipped grey hoodie, a black sports bra, and loose red shorts.

Transformed Appearance: When transformed, Kirsi's eyes turn a fiery orange. Her transformed outfit is comprised of a suspiciously familiar grey hoodie and loose red shorts, red knee-high socks, black sneakers, and a large red ribbon tied in a bow around her right wrist.
