

[See this page in the course material.](#)

The current problem sets for Developmental Emporium have been minimally reformatted. They mostly contain the OpenStax exercises from the end of each section of content for that module. This is a great tool for students who need additional practice with review concepts beyond what is in the text.

- [Problem Set: Whole Numbers](#)
- [Problem Set: The Language of Algebra](#)
- [Problem Set: Integers](#)
- [Problem Set: Fractions](#)
- [Problem Set: Decimals](#)
- [Problem Set: Ratios, Rates, Probabilities, and Averages](#)
- [Problem Set: Percents](#)
- [Problem Set: Geometry](#)
- [Problem Set: Real Numbers](#)
- [Problem Set: Multi-Step Linear Equations](#)
- [Problem Set: Polynomials](#)
- [Problem Set: Graphs](#)
