Camden has been playing soccer since the age of 4. He started playing with the Dallastown Soccer Club/FC Dallastown, followed by FC Ballyhoo. He has played for the Dallastown High School team for 4 years and is a 2 time Varsity player. Camden plays left wing and is proud to say that his teammates had the biggest impact on his soccer career.

In addition to soccer, Camden also participated with the school Lacrosse and Volleyball teams. He enjoys watching and playing sports, hanging out with friends, and going on vacations. The highlight of his high school experience was going to Hershey for the soccer district finals.

Following high school, Camden plans to attend a college in the Pittsburgh area where he will major in Finance.

Camden appreciates the many family members who have cheered him on from the sidelines at all of his games for the past 13 years! Tonight Camden is being escorted by his father Trevor and mother Heather Manahan.
