

Action Plan

Lesson 3

4 May 2020

Tasks:

- View Slide 6 of the OFS InSoc Slides for the Instructions and Expectations for the Source Analysis for this Research Project so that it can be completed to a high standard.
- Complete a Source Analysis on the Sources, “Psychological Science” (<https://www.psychologicalscience.org/observer/who-is-that-the-study-of-anonymity-and-behavior>) and “NBC News” (<http://www.nbcnews.com/id/26837911/ns/health-behavior/t/anonymity-opens-split-personality-zone/#.XrD32KgzaUk>) to check their credibility and how reliable they are which will ultimately help to decide if it should be used for the Research in the Research Project.

Resources:

- The OFS InSoc Slides for the Instructions and Expectations for the Source Analysis for this Research Project.
- The ‘Google Chrome’ Search Engine to access the sources to be analysed for the Source Analysis.
- The “Psychological Science” Website on Google Chrome and the Article on Anonymity on that Website so that it can be analysed for the ‘Source Analysis’ Section of the Research Project.
- The “NBC News” Website on Google Chrome and the Article on Anonymity on that Website so that it can be analysed for the ‘Source Analysis’ Section of the Research Project.
- The Google Document shared by the teacher in which the Source Analysis for the above mentioned Sources will be done.

Deadline:

All the tasks mentioned above must be completed before the start of Lesson 4. If they are not completed by the end of Lesson 3, they will have to be done outside of lesson time but before the start of Lesson 4 on 6 May 2020.

Progress:

I viewed Slide 6 of the OFS InSoc Slides for the Instructions and Expectations for the Source Analysis for this Research Project so that my work could be completed to a high standard. I completed a source analysis for both the articles from the sources, Psychological Science, and NBC News in the one hour of lesson time provided as it took me 30 minutes to complete the analysis for each source.
