

ACP Program Enrollment Documents

One of your first steps toward attaining your teaching license will be enrolling in your Alternative Certification Program (ACP). Enrolling in your ACP program will allow you to work towards certification and teach while meeting those requirements. We work with two ACP Programs, HISD and Teaching Excellence (TE). Depending on which school partner you are assigned will determine which ACP Program you will work with.

Please Note: Teach For America does not determine or control any certification cost accrued with your Alternative Certification Program.

ACP Programs & Districts Served

HISD Alternative Certification Program	Teaching Excellence
Houston Independent School District	YES Prep
