MCKINLEY ELEMENTARY SCHOOL

Administration & Early Elementary Building Project

Oct. 28 – Nov. 1, 2024 - Report

The McKinley Elementary School Administration & Early Education Building Project began Summer 2024 and involves the construction of a new 2-story administration building and classrooms, covering approximately 15,700 square feet. Construction includes new campus pick-up and drop-off area, new fencing, reconfigured accessible parking, new entry gates and driveways. Project completion is anticipated to be spring 2026.

October 28 – November 1 Site Activities

- Trenching and install of new sewer lines and connection to the existing sewer line at the south end of the new building.
- Trenching and install of the electrical conduits at the south end of the new building.
- Backfilling sewer line trenches after passing pressure test inspection.
- **Construction activities will not impact parking nor be conducted beyond the standing allowable hours of Monday through Friday (8 a.m. – 6 p.m.), Saturday (9 a.m. – 5 p.m.), Sunday (No Activities Allowed)**
- **Construction will not impact noise.**

If you have any questions or concerns, please feel free to contact: SMMUSD Construction Manager Blake Tabarango at (714) 421-0372.
