

## **Unethical Elbit**

Elbit, you are not ethical  
Your drones are deadly  
It's just not credible  
We hear you've won awards  
From those who choose to turn their eyes  
But we know what you're up to  
And we see through all your lies  
You're moneymaking murderers  
We have you in our sights

Oh Elbit, you are not ethical  
Your wicked weapons  
Make life untenable  
Your cannons firing cluster bombs  
And phosphorous so white  
"Lethality solutions"  
Kill children in the night  
"Unprecedented firepower"  
T' blow up human rights

Oh, Elbit, you are not ethical  
Elbit, you are not ethical

Spoken: Elbit, you are NOT ethical
