

Class of 2025 Students and Families:

As we approach the Prosper Independent School District 2025 Graduation ceremonies, we want to underscore the significance of our weather contingency plans, which are designed with your safety in mind.

How will we be made aware of changes to the ceremony?

The District will text and email students and families directly. Information will also be posted on www.prosper-isd.net and on district and campus social media channels.

If there is bad weather before the start of the ceremony

We will delay the start of the ceremony in 30-minute increments until 9 pm. If weather conditions still prohibit the start of the ceremony, we will reschedule for Saturday, May 24, 2025.

If there is a lightning alert during the ceremony

The announcer will tell the audience to go to their cars or underneath the stands. The graduates will be directed to exit the field and held in the dressing rooms until the lightning alert has passed. Announcements will be made over the PA and by text and email. We will delay for a maximum of 1-½ hours before the ceremony will be rescheduled.

What is the worst-case scenario?

That we have multiple days of non-stop rain. If we have multiple days of rain, we will work with the National Weather Service to look for a 2-½ hour window during which we can hold the ceremony. We hope our graduations will go off without a hitch, but we have contingency plans to ensure our graduates have a great experience.

Don't forget that there is a live stream!

Check the [2025 graduation page](#) for the live stream link during the ceremony and other important information.

If you have any concerns or questions, please feel free to email the District at

communications@prosper-isd.net.

We can't wait to see you at Graduation!
