## Create NFT

#### 2/ Fill up the NFT details.

Example for creating 'Image' NFT:

- (a) NFT Types: Select the 'Image' type.
- (b) NFT Picture: Upload a picture as your NFT.
- (c) NFT Quantity: Choose the quantity of NFT.
- (d) NFT Name and Introduction: Fill up the name and the introduction of your NFT.

## Create NFT

#### (a) NFT types

#### (b) NFT picture

#### (c) NFT quantity

#### (d) NFT name and introduction

### 3/ Pay and Create

Click 'Pay and Create NFT' to create NFT.

The screenshot shows the final step of the NFT creation process. On the left is a file upload area with a dashed border and the text "Click to upload or drop the file here" and an upload icon. To the right are input fields for "Name" (containing "Name of the NFT") and "Description" (containing "Introduce your NFT"). Below these is a "Fees" section showing "0.00 BUSD". A blue button labeled "Pay and Create NFT" is highlighted with a red rectangular box.

### 4/ Check the created NFT.

Check the created NFT by clicking 'View Collections'.

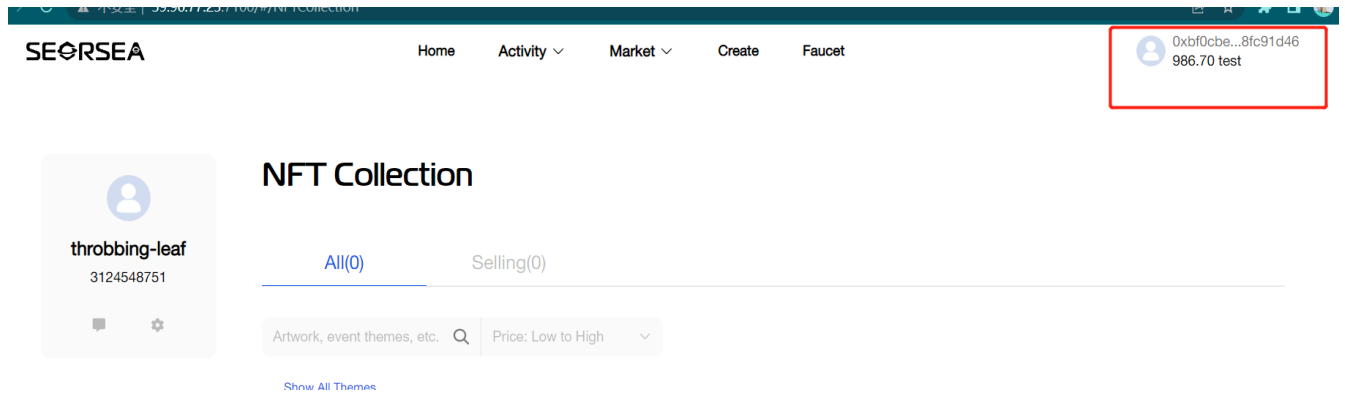

The screenshot shows a confirmation screen with a green checkmark icon at the top. Below it, the text reads "NFT Created" and "See it at [My Collections](#)". At the bottom, there are two buttons: "View Collections" (highlighted with a red box) and "Create Another".

## 4. Create a NFT Activity

### 1/ Enter the personal page.

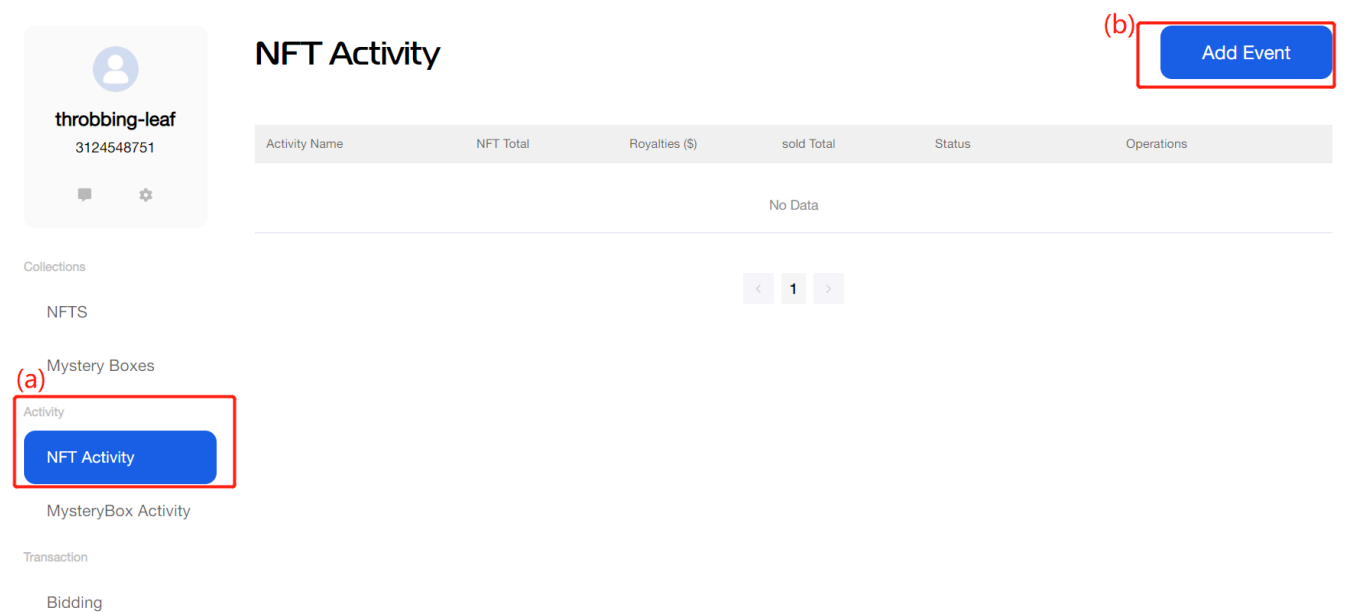

Click the 'Wallet Address' from the upper right corner to the 'Personal Center' page.

### 2/ Create Activity

(a) Choose 'NFT Activity' in the Activity column from the left side.

(b) Click 'Add Event' to create a NFT Activity.

### 3/ Fill up the details of NFT Activity

- (a) NFT Activity picture: Upload a picture as your activity picture.
- (b) NFT Activity Name: Fill up the name of your NFT activity.
- (c) NFT Activity Duration: Select the start time and the over time.
- (d) Royalty: Customize the profit and it can not be changed when it's confirmed.
- (e) NFT Activity Introduction: Fill up an introduction of your NFT activity.
