

Sight Word Busters

Local volunteers helping local students become strong readers.

Dear Parent,

This is your child's Sight Word Success Booklet. Volunteers have been helping each child in the classroom practice the words in the booklet.

Circled words indicate the words your child can read quickly and without hesitation.

We hope you will continue to provide opportunities over the summer for your child to earn the certificates.

Knowing all of the words in this book will surely give your child additional reading confidence when starting school in August.

If you would like to be a Word Buster volunteer next year, a one hour per week commitment, please visit our website www.SightWordBusters.org
