

[footsteps] Do you wanna take a guess as to what I just finished?...**[shuffle // kiss]** You're right, it was one of my books. Left me in a mood. I kind of wanted to try something that I read in there, if you would be down. You don't seem too busy, letting me hug you from behind and kiss your cheek. I think you're liking the attention. **[kiss]** What do you say?...I was hoping for that. **[chuckle // shuffle]** Climbing into your lap, you can't help but laugh as my tail wags wildly. Whatever you were doing on your laptop can wait, your girlfriend is in your lap, desperate for attention. **[chuckle into kiss]** Sliding your tongue along mine, you are happy to let me take my fill of you....It's not exactly like the book but I'll take it. You certainly feel better than Vesper is described. So much more my type...Vesper is this 11 foot tall fey creature that the romance scenes happen with. I don't like the description given by the author so I usually just imagine you but in a fey setting. It really gets me going. **[kissing]** Your hands start to explore my body, running up my hips and over my waist. **[shuffle]** I take this as an excuse to undress, my big shirt easily discarded to the side. Didn't waste time with a bra today, wanted to be comfy. Now, I want you to touch me here, baby. Please. I need it. **[kiss]** Does it feel good?

...Squeezing my perky little tits in your hand, the nipples harden against your palm. With me on top of you like this, you can't help how turned on you're getting. My tail keeps wagging as you keep playing with my tits, circling the nipples. Ngh, that's so good. My pussy bucks against your thigh. Hold on. **[shuffle]** Readjusting so that my panties are pulled to the side, that way you can feel how wet I am. **[chuckle]** Yeah, leaving a trail on your leg, that's from the book and from what I'm going to do with you. I want to try something we haven't done before. Are you down for that?...It's a combo of pussy eating and fingering my ass. If you make me feel good, I might even return the favor. How does that sound?

...Fucking perfect, baby. **[kissing]** You're too good to me. Never telling me no, always so quick to give in to my desires. It makes my heart swell and my pussy throb having you wrapped around my finger like this. You're just obsessed with me, baby. Lucky for you, the feeling is mutual. **[kissing]** Yeah, that's right, squeeze my tits. I've always been so sensitive there. **[chuckle // shuffle]** Getting up, you take the hint and slide to the full. A familiar motion for you, huh? **[chuckle // shuffle]** Sitting in your spot, my legs open as you settle yourself between them. What you're going to do first is use your mouth on my pussy, then you'll wipe some of my own slick on your fingers and use that as lube to finger my ass. I want to know if it feels as good as the book says it does. Your fingers have always been my favorite, why settle for a toy when I have the real thing in the next room? **[chuckle]** Make me feel good, baby. Eat me out.

[wet noises start] Ohhh, that's, yeah, that's really nice. Your warm tongue licking long stripes, tasting just how soaked I am. It wasn't enough to feel it or see it, you wanted to taste it with your own mouth. **[chuckle]** Putting your tongue to proper use, you start to focus the clit. Taking it between your lips, you roll it a bit, watching the way my ears twitch in pleasure. Love hearing the sounds I make as you feel yourself getting more turned on. Making me feel good makes you feel good. Such an eager little thing, bet you could cum just from this, without laying a hand on yourself, without me putting my mouth on you. Just tasting how good you're making me feel would be enough for you, baby. So eager to please, so happy to be told what to do, you get to turn off your brain and make your girlfriend feel happy. There is no better feeling in the world for you. **[chuckle]** Can hear the noises you make as you lick my pussy, making sure to get every single drop of slick. It's precious to you, baby. It only pushes you closer, makes you want it more. Too bad you don't always get what you want. Going to have to earn it, sweetheart. You know how to do that, don't you?

...**[wet noises start]** Babyyyyy, ngh, that's good. That's really good. Guess you didn't want to waste too much time, huh? One finger in my ass, you move it in and out, slower than you move your tongue. The two paces are almost distracting as you keep it up. Ohhh, fuck, this is what I wanted. You're doing so good, keep it up. Have to make me cum like this if you want to earn your own orgasm. Getting more turned on the more you taste me, the more you finger my ass, it's almost too much. Not going to touch yourself, not going to grind against anything, you're not going to do anything about your arousal because it's not important. It is a side effect of making me happy. Eat my pussy and you get turned on because you were meant to be on your knees, ready to please, weren't you?

...Just listen to the moans you're making, not even touching yourself and you sound so lewd. Can't get enough of my pussy, can you, sweetheart?...Soft thighs are either side of your face as your hands use them for balance and leverage. My tail keeps moving behind as your tongue flicks against my clit. A second finger is added as you begin to properly stretch my asshole out. It doesn't distract you from working my pussy, that is the most important thing at hand. You're trying so hard to be good for me, to earn your orgasm. Want to feel my mouth around you, want to feel my tongue working you closer. Love making a mess all over my pretty face, don't you?...Something you only get to do if you're good and make me cum. Gotta earn it, sweetheart. You're doing a good job, keep it up and you'll get what you really want. After all, the more you swallow my slick, the more turned on you get, right?

...Dribbling down your chin, practically coated in it, you don't care. You're just happy to be making me feel good. It doesn't matter that you are throbbing between your legs because what you actually want is right in front of you. Mnf, my ass tightens around the fingers, not used to the intrusion but enjoying it. Feels really different from the pussy, a lot more intense. I feel kind of full despite it only being two fingers. I don't know if I would want anymore than this right now but I think you can tell that. You focus on scissoring them inside, making it a bit wider for yourself. The hot heat is so much different from the wetness of my pussy, isn't it?...It makes you wish you could stick your tongue inside it but you settle for my pussy because that is where you were told to be. You don't think for yourself, that's not your job, baby. You do as you are told and make your girlfriend feel good because that is what you are supposed to do. Your pleasure comes second to mine. The only reason you get to feel good is because it is a byproduct of my own pleasure. Your orgasm is not necessary, it's a gift. That's why you have to earn it, right, baby?

...You feel yourself throb as you moan out your yes, sucking my clit between your lips. Your fingers slowly move in and out of my ass as you flick the sensitive organ. Feeling my hips buck into your face, more of my slick gets on you. Can't find it in yourself to care that you are drenched in me, if anything, it makes you feel better. No one gets me wet like you do, sweetheart. Don't know how you take me apart like this, always make me cum so fast. Ngh, such an obedient little thing, so eager to please, come on, just a little more. It doesn't even matter if you get to cum anymore, you just want to make sure I get my orgasm. The faster my hips fuck against your face, the better you feel. You've come so far, you're so close, you're not going to give up at the finish line, are you?

...Keep moving your tongue, just like that, flicking my clit just the way I taught you too, tastes as good as it feels. Scissoring inside my ass, your fingers keep moving in and out as you massage my clit. Don't even care about your own needs when you feel my hands on either side of your face like this. Make sure you stay right where you are supposed to be, your mouth does all the work as I hold your head in place. That's right, sweetheart. Ngh, that's the spot. That's it, a little bit more. Come on, you can do it. I'm so fucking close. Mnf, I'm gonna, shit, I'm gonna cu-[adlib narrator orgasm // chuckle] Guess the book was right, that IS fun. [chuckle // shuffle] Ah, ah, ah, I don't think I remember telling you that you were done, do you?...If you remember, I told you that if you were good for me, I might be nice enough to return the favor. You did such a

good job, following my directions to a tea, it's only fair you get a little something in return. I know this won't take long. Swap places with me.

[shuffle // grunt] I know you are already close to the edge from making me cum. The more you're told no, the better you feel. Already thinking about how intense your orgasm is going to be, aren't you? **[chuckle // zipper // shuffle]** Taking your pants off, you lift yourself up to make it easier. Underwear comes with it too, giving me a front row view of how worked up you got. Is this all because of my pussy, baby?...Really can't help yourself, can you? Poor thing, you were going to let this go too. Would have just gone to the bathroom to take care of it yourself or something. Here, let me make you feel better, sweetheart. I've got you. Let's see just how fast you'll cum for me.

[oral starts] Shhhh, let me do what I do best. You relax and feel good, sweetheart...There you are, watching the way my tongue moves, it's a little hypnotic, isn't it?...My warm mouth feels so nice against you, offering the relief you so clearly needed...That's right, sweetheart. Let all your sounds out. Let me know how good it feels...Sliding your hands into my ears, you watch as my tail starts to wag, the panties doing nothing to help it stay still...Love how my tongue feels against you, worshiping you....You take what you're given so well, baby. Not even asking for more, so polite. You're so well trained...You like when my tongue does that, don't you?...Listen to those noises, that's it, keep 'em coming. You're only going to get me wet again....Might have to eat me out right after this. This time, I would sit on your face, not let you use your hands. Would make it a challenge for you. I think letting you finger my ass gave you an unfair advantage, sweetheart...Can still feel you inside me, your fingers stretching me open. It felt so good...Think I might want to try taking more if you are up for it. Not right away but eventually. I'm good with two fingers right now...Bucking into my mouth, I easily take it. My hands rest on either side of you, helping you stay still...Smells almost as good as you taste, baby....Pulling a bit on my ears, my tongue swirls around as I keep eye contact. It's almost too much for you to handle, huh?...Can feel that you're getting closer from how your thighs are twitching underneath me. Since I'm keeping your hips still, this is the most you can move, huh?...Want to make you cum, want to see the pleasure written across your sweet face. It's the only thing that's going to make me happy....Tightening your grip on my ears, you have no idea how wet you're making me again, sweetheart. I think we are going to have to go for another round after this. Think you have it in you?...The closer you get, the harder it is for you to control your movements. Just blindly chasing your pleasure at this point, aren't you?...Listen to those sounds, you're so close to the edge. I want you to cum, baby. You've earned it. Cum for me and show me how good my mouth feels.

[adlib until listener orgasm // swallow] I didn't think you were actually going to cum on command. How long have you been holding back on me, baby?
...Mmm, something to work on together then. **[chuckle // shuffle]** I climb back into your lap, settling myself against you. Your hands immediately go for my waist and hips, resting your arms like they belong there. **[chuckle // kiss]** Thank you for indulging me. I know I kind of sprung this on you but I was reading my book and got all hot and heavy and figured it was better to play with you then by myself. I mean, that's what you're here for, right? **[chuckle // kiss]** You did so good for me tonight, baby. Were you nervous about the whole fingering my ass thing?...I only ask because it was new. Would you want to do it again?...I was hoping you would say that. **[kiss]** You felt really good inside me. I still prefer my pussy but I wouldn't be opposed to letting you play with my ass on occasion. You'll have to be really good and earn it though. This is a reward for you. Can't let you have it too often or you'll end up spoiled. I like you just the way you are. Needy and eager to please, my perfect partner. **[kiss]** I love you, baby. You're too sweet to me, always saying yes, always going along with whatever I want. I don't want anyone else but you by my side. **[kiss]**
