## Summary

Sold by Gene in packets of 10 for 10000 credits.

Balls enhancer.

## To-Do

- Try coding it

## Ideas

- Mixing: Chinballs, Breastballs, Buttballs, Super Virility Perk
- Names: Grow-a-pair, Testesmints

## Notes

- **Marked in Red** are variables.
- **Marked in Green** are variables within variables.

# Testesmints

## Item Stats

**Short name:** Testesmints

**Long name:** Testesmints' box

**Description:** a box of Testemints

**Tooltip:** This product by Tamami Corp uses hormones and nanomachines to do several testicle-related enhancements. It has been banned by many governments due to the widespread welfare abuses it leads to, examples of which range from men fathering hundreds of children to disability claims due to oversized balls.

Each box is sold with ten mints, guaranteed to make your mouth {if silly:"fresh as the dickens"/minty fresh} and grow at least one ball if its consumer lacks one. If they have at least one ball it has a small chance of growing more balls and if that fails it will either increase their size, their capacity, the refractory rate, how much cum is released during orgasm or the virility.

**Base Price:** 1000 credits

## Effect

Upon Consumption always try to do three transformations:

- If no balls always does "Grow Balls" tf. 25% chance of being 1 ball only.
- If has balls and not maximum number 20% chance of "Grow Balls" tf. 10% chance of being 1 ball only.
- Else do one of "Ballsize", "Cum Quantity", "Cum Quality", "Cum Capacity" and "Refractory Rate"

## Text

### Consume

You pop a single mint into your mouth and suck on it until there's nothing left. Despite your expectations, it leaves your mouth fresh, just like the box said it would

### Else

Even though you felt a strange warmth on your [pc.balls], your codex quickly confirms that nothing has changed. What a waste of credits.

### Targeted Consumption

target.capitalA + target.short + " consumes the mint to no effect.

## Grow Balls

**Effect:** Grows balls number by 1 or 2. Copy other balls PC has one. Otherwise If no balls/grow 2 balls, they are 3 inches around. If no balls/grow 1 ball, they are 5 inches around. (enhanced by Bulgy perk).

**Text:** A tingly sensation spreads throughout your whole body and a warmth quickly rushes through your crotch. These feelings grow more intense, stirring your tender spots and slowly eroding your composure. You're too sensitive and even touching your most thick-skinned parts makes you flustered with lust. {if willpower >49%:You manage to keep enough of your wits to check the recommendations in the box. With a quick look you discover these are the side-effects of growing new balls/else: Your thoughts are too addled to think of an explanation for this sensorial overload. You have no idea what's happening and with every pass moment you grow more confused and horny}.

**No Balls/Grow 2 balls:** The transformation starts {if has cock and vagina:between your [pc.cock] and [pc.vagina]/if has vagina:right above your [pc.vagina]/if has cock:just below your [pc.cock]/else:in the middle of your crotch}. You bring one of your hands into that spot and feel the skin growing looser and thicker. It scrunches, balloons and then scrunches, repeating this process several times until an empty sack of skin, a scrotum, is fully formed and ready to receive its cargo. Slowly and steady you can feel two tiny lumps forming beneath the skin. They continue expanding in size until they are around [pc.ballSize] inches large. Then, they drop down simultaneously into your empty sack, filling it to the brim. <b>You have grown a new sack, where your twin balls now rest inside!</b>

**No Balls/Grow 1 ball:** The transformation starts {if has cock and vagina:between your [pc.cock] and [pc.vagina]/if has vagina:right above your [pc.vagina]/if has cock:just below your [pc.cock]/else:in the middle of your crotch}. You bring one of your hands into that spot and feel the skin growing looser and thicker. It scrunches, balloons and then scrunches, repeating this process several times until an empty sack of skin, a scrotum, is fully formed and ready to receive its cargo. Strangely you can feel only a single testicle growing inside. It takes a good while but, slowly, it manages to swell in size until it's [pc.ballSize] inches large. Then, the [pc.ball] promptly drops down into the empty sack, with plenty space left for another. <b>You have grown a new sack, where now rests a single ball inside!</b>

**Has Ball/Grow 2 balls:** You can feel the transformation starting in your scrotum, specially on your {if silly:jingle bells/else:tingly balls}. Your [pc.sack] loosens and scrunches into a new form, arranging it so there is enough space for the incoming [pc.balls]. Slow and steady you can feel two tiny lumps forming beneath the skin. They continue expanding in size until they are as large as the other. Then, they drop down and join their lonely brother, filling your sack to the brim. <b>You have a triad of testicles, each one of them [pc.ballSize] inches large!</b>

**Has Ball/Grow 1 balls:** You can feel the transformation starting in your scrotum, specially on your {if silly:jingle bells/else:tingly balls}. Your [pc.sack] loosens and scrunches into a new form, arranging it so there is enough space for the incoming [pc.balls]. Strangely you can feel only a single testicle growing inside. It takes a good while but, slowly, it manages to swell in size until it's as large as the other. Then, the [pc.ball] promptly falls down, joining its sole brother and filling the sack to the brim. <b>You now have a pair of testicles, each one of them [pc.ballSize] inches large!</b>

**Has Balls/Grow 2 balls:** You can feel the transformation starting in your scrotum, specially on your {if silly:jingle bells/else:tingly balls}. Your [pc.sack] loosens and scrunches into a new form, arranging it so there is enough space for the incoming [pc.balls]. Slowly and steady you can feel two tiny lumps forming beneath the skin. They continue expanding in size until they are as large as the others. Then, they drop down and join their brethren, filling your sack to the brim. <b>You now have [pc.ballnumber] balls, each one of them [pc.ballSize] inches large!</b>

**Has Balls/Grow 1 balls:** You can feel the transformation starting in your scrotum, specially on your {if silly:jingle bells/else:tingly balls}. Your [pc.sack] loosens and scrunches into a new form, arranging it so there is enough space for the incoming [pc.balls]. Strangely you can feel only a single testicle growing inside. It takes a good while but, slowly, it manages to swell in size until it's as large as the others. Then, the [pc.ball] promptly falls down, joining its brethren and filling the sack to the brim. <b>You now have [pc.ballnumber] balls, each one of them [pc.ballSize] inches large!</b>

## Ball Size

**Effect:** If has balls - increase size by 1 inch around. (enhanced by Bulgy perk)

**Text:**

**Expanding in size until 6 inches:** You feel a tingly warmth spreading through your ballsack, as it scrunches up, squeezing your ball{if ball >1:s} against your groin. This weird phenomenon stops as suddenly as it started, freeing {if one ball:it/else:them}, which now hang much lower than before. You bring your hands to your [pc.balls], holding {if one ball:it/else:them}, as they begin to expand in width, breadth and heft in between your fingers.{if garbed: Your [pc.lowerGarments] feel tight against your newly enlarged [pc.balls].}<b>Your [pc.balls] {if more than 1 ball:have gotten bigger/else:has gotten bigger}.</b>

**Expanding in size after 6 inches:** A heat assaults your ballsack and {if 1 ball:your sole testicle/else:each of your testicles} inside, quickly bringing you to your knees. {if garbed:You quickly lose your [pc.gear], so it doesn't interfere with your transformation.} You manage to sit down so your low-hanger{if more than 1 ball:s} can cool off on the cold floor. Despite {if 1 ball:it's/else:their} incredible heft you can feel them growing heavier, resting even closer on the ground. As you grow more aroused, you can't stop yourself from grabbing {if 1 ball:it. It is/else:them. They are far} too large to hold single-handedly and, as your expanding {if one ball:testicle continues/else:testes continue} to grow, {if 1 ball:it slips/else:they slip} from your grasp.

Slowly the heat dissipates, forcing you to clumsily rise up before {if 1 ball:it becomes/else:they become} uncomfortably cold. It's like having {if 1 ball:an ostrich egg /else:ostrich eggs }{if one leg:on your leg./if taur:, so large it feels heavy below your hindquarters./else:in between your legs. They are big enough that you can't properly close them.} {if garbed:You might need a new pair of underwear sooner than you thought/else:It's a relief that you don't wear underwear}. <b>Your gigantic ball{if more than one ball:s} are now much larger than before.</b>

## Cum Capacity

**Effect:** Cum capacity less than 50 - Increase by 1.

**Text:** You can feel some sort of tingling spreading throughout your [pc.balls], while a strange heat grows in your prostate. Soon you realize that you're oozing out [pc.cum], {if garbed:a [pc.cumColor] splotch growing on your [pc.lowerUndergarment]/else:a [pc.cumColor] puddle slowly growing larger at your feet}. They somehow feel lighter. <b>Your codex warns you that your testicles can hold even more cum than before!</b>

### Cum Quantity

**Effect:** Cum quantity less than 50 - Increase by 1.

**Text:** A sudden surge of blood flows into your crotch, concentrating right below your {if 0 balls:[pc.cocks]/else:[pc.balls]}. You can feel the veins bulging out as that zone grows tighter. Your [pc.cockBiggest] blasts a humongous wad of pre, which arcs through the air before splattering on the ground. <b>Feels like your orgasms are gonna be much more bountiful from now on!</b>

### Refractory Rate

**Effect:** Refractory rate less than 50 - Increase by 1.

**Text:** You can feel your {if no balls:prostate unnaturally warming up/else:[pc.balls] rubbing against your [pc.thighs]{if garbed: and [pc.lowerUndergarments]}}. As this strange sensation begins to grow stronger you realize that {if more than 1 ball:they/else:it} are actually moving on their own and growing increasingly tight with each passing moment. {if more than 1 ball:They're/else:It's} not only vibrating, but {if more than 1 ball:are/else:is} also sending lustful chills down your spine. Then suddenly it stops. Slightly disappointed, you check your codex for any changes in your body. <b>It informs you that your refractory period has been shortened.</b>

### Cum Quality

**Effect:** Cum quality less than 50 - Increase by 1.

**Text:** Your {if 0 balls:prostate/if 1 ball:testicle/else:testicles} quickly warm{if <2 balls:s} up, before gradually cooling down. You pass a finger through your sweaty crotch and sniff it. Your thick masculine musk is much stronger than before, alerting you of the changes happening to your body. A quick check with your codex confirms it. <b>You've gotten much more virile!</b>

### Ballsturbation

**Required:** High libido; After Grow or Increase ball.

**Effect:** Orgasm happens.

**Text:** You behold your sack and its now-heftier contents, sloshing away happily with every step as they begin to grow cold. As the heat begins to dissipate your body reminds you of the lust that the pain had distracted you from, but it's not your aroused [pc.cocks] that are lusting for your touch, it's your swollen testes that do so. You can't help but dive right into massaging your [pc.sack], bypassing by your cock{if cock >1:s} entirely.

As you massage the skin, {if 1 ball:your sole testicle/else:one of your testicles} manages to slip through your fingers into your hand. The heat against it feels overwhelming, sending waves of pleasure crashing throughout your body. Strength fails you, your [pc.knees] grow weaker and you fall, but luckily you retain enough control to fall backwards. You spread your [pc.legs] wide, your [pc.ass] resting on the floor, {as your [pc.cock] grows into a stiff

erection){if is herm: and }{if has vagina:your [pc.vagina] becomes increasingly wetter}{if genderless:your bare crotch flushing with arousal}. {if has more than one ball less than 6 inches: You manage to grab its twin, setting them both in the same hand. Slowly, you start to roll the pair, teasing your entire body with an excruciating assault of sensation./if has more than one ball more than 6 inches:You can barely maintain one on top of your hand, never mind two. Instead, you hold each of your gigantic ovals with each of your hands, with a slight tilt against each other so they don't fall off. Trying to stimulate them is an issue; they constantly try to slip through your grasp until you realize that using your arms to roll them around is easier.}{if has more than two balls: But you have a lot more to satisfy, so you drop one of your [pc.balls] and grab another, rolling them the same way as before. You drop the other and grab yet another, leaving you constantly juggling between each of your balls, barely managing to keep yourself satisfied as another demands your touch and attention.}

Lust rages through your body as you roll, tug, juggle and play with {if 1 ball:it/else:them}{if has cock:, your rock hard [pc.EachCock] drools pre-cum like a open faucet}. You can feel your [pc.balls] start churning in your hands at your ministrations, as you get ready to unload their contents. {if has cock:You cum, but with your hand-frees approach, it just copiously spills down your length, giving your hands and balls a good [pc.cumColor] coating.} {if vagina: Your [pc.vagina] {if has cock:follows suit,} explosively creaming the lower side of your sacks and hands.}{if genderless:You orgasm, but with no hole for the cum to exit, your payload just rests inside your [pc.balls].}

You manage to maintain your balljob for some time even while experiencing one of the most intense orgasms you've ever had, lasting for a good while. Your [pc.balls] continue to spur you on, tempting you to continue your ministrations{if not genderless: {if has cock: with your jizz}{if has cock and vagina: and }{if has vagina:[pc.girlCum]}-covered hands}, but you have more stuff to do. You raise yourself from the ground{if crotch garbed:, hide {if 1 ball:it/else:them} in your [pc.lowerGarments],} and leave.
