Land Acknowledgement

We recognize and give thanks to all past, present, and future caretakers of these ancestral lands. South of the Red Deer River is traditional Treaty Seven territory and North of the Red Deer River, where our school resides today, is traditional Treaty Six territory. These river valleys were called home by the Blackfoot, Stoney Nakoda, Tsuut'ina, Cree, Saulteux, Dene, Nakota Sioux, and the Métis people for generations. We are grateful to live, learn and work together here today.

Thank you again to all parent volunteers and silent auction donors who made this event a success! Changes to consider for next year- not using The Perch as our quiet room, it was difficult to manage, must have adults working in the hot cocoa concession in future cases also, profit of 449, consider changing it from the last week before winter break so more families can attend, budget of 650 voted last meeting was upped to 850 and voted on by Heather Wahl and Ana Rico to include photobooth and candy guessing jars with gift cards, lots of leftover cups and lids donated to staff room

-Bottle Drive update from Heather 377 in profit, Heather to set future date after the May Long weekend

-Bubble tube/Teacher wishlist contribution amount to be voted on 750 to be contributed on behalf of council, bubble tube replacement postponed and a part was fixed to prolong its life for around 300 school cost

-Snowflake Dance email from a parent

Just wanted to give school council a shout out for a fun evening at the Snowflake dance. Our kids had never experienced a school dance before and were blown away and could not stop talking about it 😊. We know how much planning, effort and personal time goes into these events, so thank you so much!!

Take good care and have a very happy holiday season!”
