

## Summer Work

### A personal Journey

In preparation for the start of YR 1 I would like you to complete a mini project to get you ready.

The first task is to buy or make a sketchbook and complete the work below. I do not want to restrict you, so choose a sketchbook from A6 to A4 size, square, rectangular or why not a concertina or even make your own using different papers. How about binding travel tickets together?

**Project** You are to create a visual response to the theme **a personal journey** it may be a journey in time from finishing y11 to starting y1, perhaps an emotional you have experienced such as moving from / to a different country, or it may be as simple as a walk to the shops or a trip to the dentist or a walk in the park!!

#### Try and include the following.....

- 1 Photography – Take photos.
2. Add sketches from observation. Try using pencil, ink and paint for these Studies. Make sure you focus on line, shape, tone and composition.
- 4 Collect and select a variety of relevant images from magazines, newspapers, travel documents, food wrappers etc that you find interesting. Do some colour studies experimenting with a variety of materials and techniques.
- 5 Research an artist/designer or culture that has used your theme / imagery in their own work copy and annotate and develop it to make it your own.
- 6 Make your own sketchbook or think of an imaginative way of presenting your journey.

**I look forward to seeing it! The points above are simply guidelines and a minimum.**

**Have a great summer!**

**Extension:** Visit a gallery for inspiration ie: Royal Academy (Summer Exhibition), Saatchi, Tate Modern, Tate Britain, White Cube, National Portrait Gallery.
