Detail:

1. [4 killed, suspect October 31, 2015 Colorado Springs Noah Harpham Shooting Spree](#) On Halloween, Noah Harpham, a self-described Christian insurance-industry employee whose record was clean with the exception of a 2003 speeding ticket in Oregon took a military style rifle and can of gasoline into a building, set it on fire, then shot a passing cyclist several times. "He walked calmly and collectedly. His demeanor was like he was having a stroll in the park." Then he shot one woman through the chest at the front door of her home, and then killed another in a nearby driveway. When police arrived, he got into a gunfight, firing multiple shots at the cops and police carts, who returned fire, and was killed suicide-by-cop style. The crime scene covers several major downtown streets. His mother Heather Harpham Kopp is an established author and blogger on Christian-themed subjects had written several books detailing her son's struggles with drugs, alcohol and depression. He had no clear motive, but his blog has only one entry blog post headlined "Is my Dad in a Cult? Even Worse, Is It Satanic?!"with rants against his father Christan pastor Bill Johnson, whose 8,000-member Bethel Church teaches congregants to believe in "supernatural revival." He called Johnson "a Satanist intentionally keeping fundamental knowledge from you with the express purpose of controlling your mind and keeping you unaware of the Truth of your own sovereignty.from his account, He described himself as a Libertarian who likes "playing bass and guitar, writing, and recording music". His political leanings appear to be wacked out conspiracy theorist far anti-war pro-russian right libertarian and anti-church. He tweeted a link to the blog to traitor Edward Snowden who currently is hiding out in Russia. The everything-is-a-zionist-hoax site disinfo terrorist sympathizer website proclaimed [Colorado Springs Shooting Hoax](#)" The (fake) gunman is also a Zionist agent, Noah Harpham Israeli-loving Jew ... to advance the gun control plot."
