The official language of the proceedings is English. Please use a consistent spelling style throughout the paper.

If English is not your mother tongue, provide a good translation into English, and make sure that the English is checked by a competent editor.

2.2 Type-style and Fonts

Wherever Times New Roman is specified, Times New Roman may be used. If not available in your word processor, please use a font closest to Times New Roman that you have access to.

Type the main text in 9-points Times New Roman, single spaced. Do not use double-spacing. All paragraphs should be indented 1 pica. All the text should be fully justified, flush left and flush right. Please do not place any additional blank lines between paragraphs.

2.3 Tables

Number tables consecutively (e.g., Table 1, Table 2,) and ensure that all the tables are cited in the text in the correct order.

- Do not use the space bar to separate columns, and do not use Excel to create tables.
- If a table cell is to be left empty, please type a hyphen (-) in it.

Table 1 Example of the table

Last name, initial, year of publication, full paper title, journal name, volume, first and last page. Use only common abbreviations in journal names.

Here are some examples of a reference list:
