

Privacy Policy for Market Pulse - Live Crypto & Stock Price Tracker

Effective Date: January 7, 2026 **Developer:** AUFOUNDATION

At AUFOUNDATION, we take your privacy seriously. This Privacy Policy explains how **Market Pulse** ("the Extension") handles data and ensures your information remains secure.

1. No Personal Data Collection

Market Pulse is designed with a "Privacy First" approach. We **do not collect, store, or transmit** any personally identifiable information (PII).

- We do not know who you are.
- We do not track your browsing history.
- We do not have access to your email, name, or location.

2. Local Data Storage

The Extension uses the `chrome.storage.local` API to function. All data, including your **Watchlist** and **License Activation status**, is stored **strictly on your local device**. We do not have a central database to store your preferences; if you uninstall the extension, this local data is deleted.

3. Third-Party Services (Financial Data)

To provide real-time price updates, the Extension fetches data from **Yahoo Finance APIs**.

- This process involves sending the ticker symbol (e.g., "AAPL") to the API provider.
- No user-specific data is sent during this request.
- Your use of this data is subject to the terms of the third-party provider.

4. Payments and Subscriptions

All financial transactions for the "AU All-Access Pass" are handled by **Ko-fi**.

- AUFOUNDATION does not process or store your credit card or payment information.
- Please refer to [Ko-fi's Privacy Policy](#) for details on how they handle your payment data.

5. Permissions Justification

- **Storage:** Used to save your watchlist and PRO status locally.
- **Alarms:** Used to refresh price data periodically.
- **Host Permissions:** Required to communicate with financial data providers to fetch live prices.

6. Children's Privacy

Our Extension does not address anyone under the age of 13. We do not knowingly collect personal identifiable information from children.

7. Changes to This Policy

We may update our Privacy Policy from time to time. We will notify you of any changes by posting the new Privacy Policy on this page and updating the "Effective Date."
