Proposal

Name/Objective

To approve NATWA to apply for CSW's associate membership

Attach a separate sheet if necessary

Detail Description

In alliance with our mission, one of networking committee's projects is to engage NATWA to work with women around the world for the advancement of all women.

UN's Commission on the status of Women (CSW) is not only being described as the organ of UN to promote gender equality, but also one of the commissions of the UN that do not limit participation to the member states. So NGOs from Taiwan have been able to participate in the CSW sessions and enjoyed the interaction with women in the world.

For the fact that NATWA's name proudly contains Taiwan, we were told again that due to the political interference of China government, we are not able to apply for the consultative status of ECOSOC, the United Nations Economic and Social Councils, one of the principal organs of the United Nations.

The associate membership will empower NATWA to fulfil one of our missions
: to reach out and work with women worldwide to promote peace for all.

Attach a separate sheet if necessary

Estimate Cost

\$55 per year

Attach a separate sheet if necessary

Timeline

NATWA president will apply upon approval.

Attach a separate sheet if necessary
