

Licenčna pogodba z American Chemical Society vključuje »program za objave v odprtem dostopu (brezplačni vavčerji)«, ki **korespondenčnim avtorjem s članic slovenskega konzorcija** (Univerza v Ljubljani, Univerza v Mariboru, Univerza v Novi Gorici, Inštitut Jožef Stefan, Kemijski inštitut) **omogoča 100% kritje stroškov** (APC- Article Processing Charge) **objave članka v odprtem dostopu v hibridnih in zlatih revijah ACS** za dogovorjeno število objav na letni osnovi.

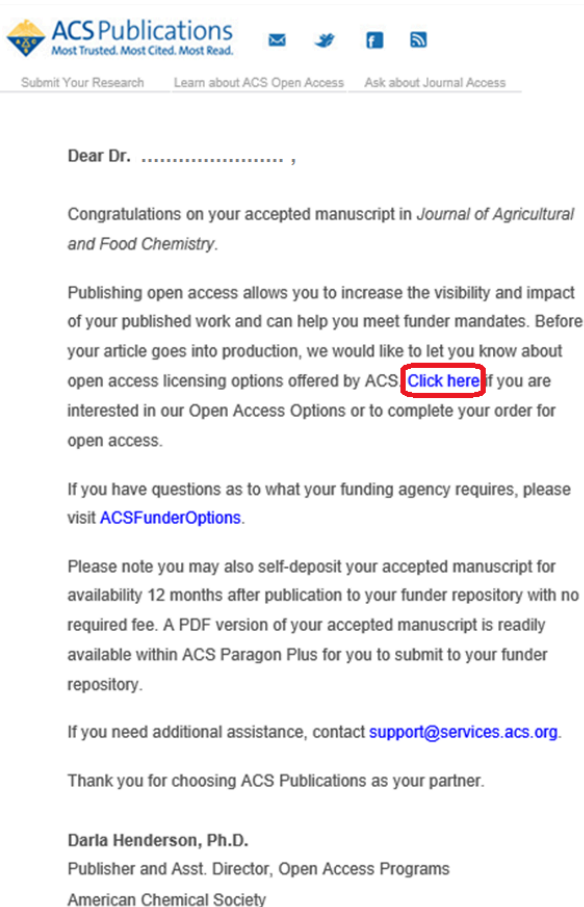

Pripadnost korespondenčnih avtorjev inštitucijam konzorcija se potrjuje na nivoju konzorcija, [kontaktni osebi sta:](#)

- Kenan Kozlica (kontakt za odprto objavlanje), kenan.kozlica@ctk.uni-lj.si ;
- Tatjana Intihar (skrbnica pogodbe, kontakt za prejemanje računov za APC - vrednost 0 USD in kontakt za odprto objavlanje), tatjana.intihar@ctk.uni-lj.si .

Ves postopek poteka avtomatsko po posameznih fazah procesiranja članka v sistemu ACS Paragon Plus.

Opis postopka:

Po končanem recenzijem postopku **korespondenčni avtor, ki je članek oddal v založnikov sistem, prejme dve obvestili**: obvestilo o sprejemu članka v objavo, t.i. MANUSCRIPT ACCEPTANCE EMAIL, in dodatno sporočilo o možnosti objave v odprtem dostopu (pošiljatelj ACS Publications <support@services.acs.org>) s povezavo do portala za izbiro OD objave »**Click here**« - primer obvestila:

The image shows a screenshot of an email from ACS Publications. The header includes the ACS Publications logo and the tagline "Most Trusted. Most Cited. Most Read." along with social media icons for email, Twitter, Facebook, and LinkedIn. Below the header are three links: "Submit Your Research", "Learn about ACS Open Access", and "Ask about Journal Access". The main body of the email starts with "Dear Dr. ,". It congratulates the recipient on their accepted manuscript in the *Journal of Agricultural and Food Chemistry*. It then discusses open access options, mentioning a "Click here" link (highlighted with a red box) for more information. It also provides information about self-depositing the manuscript to a funder repository and offers assistance via support@services.acs.org. The email concludes with a thank you and the signature of Darla Henderson, Ph.D., Publisher and Asst. Director, Open Access Programs, American Chemical Society.

Istočasno tudi kontaktna oseba konzorcija prejme obvestilo, da je v objavo sprejet članek (naslov, avtorji, naslov revije) avtorja, ki prihaja z ene od inštitucij konzorcija:

5. Ko kontaktna oseba konzorcija zahtevke za brezplačno objavo potrdi (v upravičenih primerih lahko tudi zavrne), avtor prejme obvestilo o odobritvi, nato sledi procesiranje članka do končne objave v reviji.

V skladu z licenčno pogodbo založnik ACS tudi poskrbi za arhiviranje originalne, založnikove različice članka v US PubMed Central (t.i. ACS Certified Deposit)!

Kljub temu je pomembno, da avtorji poskrbijo za arhiviranje članka v institucionalni ali drug repozitorij, ki omogoča medobratovalnost in najdljivost odprto dostopnih vsebin. Na ta način zagotovijo transparentnost glede na zahteve financerja in večjo odmevnost same objave – ker so izbrali odprto objavo z ustrežno CC licenco, v repozitorij lahko odložijo originalno, založnikovo različico članka.
