Markovate Link Insertion Guidelines

- Select an anchor text that naturally aligns with the blog's content.
- Ensure links point to sites within the tech or related niches.
- Avoid using AI-related or competitive keywords as anchor text.
- **Don't select blogs that are posted Jul 10, 2024 onwards, rather select blogs having the URL https://markovate.com/blog/ only.**
- We don't link to the home page.
- Choose an anchor text that already exists within the blog content.
- Minor content edits are acceptable but must remain contextually relevant.
- No changes or link insertion in the intro and conclusion
- Your site's DA & DR must be above 36 & 45 respectively.
- Spam score must be less than 3%.
- Ensure your site has a minimum traffic of 1.6k or more.
