Summer Reading for students entering Fifth Grade

Dear Students and Parents,

It is always a good idea for students to read throughout the summer. Not only is it a wonderful way to fill summer days, but it is also an excellent way to help children retain the skills they learned during the school year.

We are suggesting students read, read, read! This year, we are providing various options for your child to engage with reading.

Please use this guide to help lead you and your child to a public library or bookstore where the reading adventure can continue.

Although it is important that students read independently, it is even more important at this stage for families to read together. Reading is a wonderful experience to share with your child! Your child's vocabulary and reading expression will improve as well!

Reading should not be a chore; it should be a delight!
PLEASE CONTACT YOUR LOCAL LIBRARY FOR SUMMER
HOURS OR CHECK ONLINE AT
