## Artificial Intelligence

A. The University shall not use Artificial Intelligence ("AI") to teach classes, to replace unit members, or to fulfill any of the work of a unit member, including creating courses or syllabi. AI shall not be used to reduce the size of the bargaining unit. The University shall not use unit members or unit members' materials to train AI.

B. Unit members may incorporate AI in their teaching, but they are not required to do so. Notwithstanding the above, each academic year the University shall provide training to unit members to understand how AI is able to be utilized and provide support to unit members regarding unit members' AI policies.
