My Name is Katon Bouzalakos
2021 Swansea West Candidate

The evidence and this letter you will find on my website www.freedragon.uk This letter will be sent to all the defendants that they may be prosecuted for an offense they have committed, whilst the incident is still fresh in their memory.

Let's put the record straight, the people died "from" covid 19 virus in 2020 the most of them were murdered. All the evidence is in this letter.

The biggest fraud of covid 19 gate is the PCR and Rapid tests.

[Kary Banks Mullis](#) (December 28, 1944 – August 7, 2019) was an American biochemist. In recognition of his role in the **invention of the polymerase chain reaction (PCR)** technique, he shared the 1993 Nobel Prize in Chemistry with Michael Smith

Kary Banks Mullis Quote: If you do it well, you can find almost anything in anybody. It starts making you believe in the sort of Buddhist notion that everything is contained in everything else. Right, I mean, because if you can amplify one single molecule up to something which you can really measure, which PCR can do, then **there's just very few molecules that you don't have at least one single one of them in your body**, okay. So that could be thought of as a misuse of it, just to claim that it's meaningful "It's [PCR] just a process that's used to make a whole lot of something out of something. That's what it is. **It doesn't tell you that you're sick and it doesn't tell you that the thing you ended up with really was going to hurt you or anything like that.**" End of Quote.

Medicine & Health Products Regulatory Agency for short MHRA [freedom information request CEC 146338](#)

Question: Dear Medicines and Healthcare Products Regulatory Agency,
Can PCR TEST recognize if a virus is alive or dead?

MHRA quote: PCR tests use primers that target specific genetic material to the virus. End of quote
The PCR and Rapid test only finds a small part of the virus (Not the virus) and can't distinguish if the virus is alive or dead.

Brendan Murphy Australian public servant, health executive and nephrologist who served as the Chief Medical Officer (CMO) of Australia from 4 October 2016 before serving as the Secretary of the Department of Health from 13 July 2020 until his retirement on 6 July 2023.

Brendan Murphy Quote: [The PCR test doesn't distinguish between alive and dead viruses.](#) End of quote.

MHRA has over 150 contracts for PCR tests. I asked the Sequence of one specific contract: Medicine & Health Products Regulatory Agency (MHRA) [freedom information request FOI 23/797](#)

Question: What genomic sequence the following PCR test is looking for, to determine if a person is positive with covid 19?

MHRA Answers Quote: The MHRA holds the requested information. However, in accordance with section 43(2) of the Freedom of Information Act (Section 43 - Commercial interests | ICO), sequences used in manufacturer PCR tests are proprietary and therefore the information requested is exempt from disclosure. End of Quote.

In 2020 the regular flu was far below average. What is the real reason HMRA doesn't give us the sequence? Is the sequence of the flu and the sequence of covid 19 identical?

[HMRA freedom information Request FOI 23/804](#) Question: Is the PCR test and the Lateral flow test are diagnostic for active COVID-19 disease and for COVID-19 transmission'.

MHRA Answer Quote: **The MHRA does not hold the information requested.** End of quote.

[Public Health England PCR document. Page 6.](#) Quote: A typical RT-PCR assay will have a maximum of **40 thermal cycles**. The **lower the Ct value the higher the quantity of viral genetic material in the sample**. End of quote

PCR test above 24 thermal cycles is very difficult or impossible to make virus culture.

The Chief Medical Advisor to the President of United States Dr Antony Fauci 4 min and 30 sec in to the following interview [TWiV 641: COVID-19 with Dr. Anthony Fauci](#)

Dr Anthony Fauci Quote:38 or 36 (**anything above 35 thermal cycles threshold**) you got to say you know it's just its **dead nucleotides** (you can't make virus culture). End of quote.

[Freedom Information Request Ref: ATIC3061](#)"How many cycle threshold you set the PCR test for bird flu."

Animal and Plant Health Agency can confirm that there are **thirty-six cycles for the PCR test for Avian Influenza.**

With few words **PCR and Rapid test are not diagnostic tools for active viral infection**. This test finds genetic material (a small piece of the virus), not an active viral infection. The UK government uses PCR test for up to 40 thermo cycles threshold 24 is the recommended. **THIS IS FRAUD**. (If you use a PCR test on 40 thermo cycles is like you found poop from an elephant and you celebrated that you found the elephant **dead nucleotides are the poop of a virus.**)

The Rapid test finds genetic material but can't recognize if it is alive or dead(example if you program the Rapid test to recognize an elephant and you test a dead elephant the rapid test thinks the dead elephant is alive **for the rapid test Dinosaurs are alive.**)**THIS IS FRAUD**

The virus infection to kill a person invites microbes. Microbes are massive in comparison with a virus. I will call that secondary microbial superinfection. That is why you need medication as soon as possible to prevent the secondary microbial superinfection. Policies and guidelines for prevention of secondary microbial superinfection have existed for centuries. Every new nurse and doctor learns this in the first year in medical school. In 2020 the government scraps all the Life saving protocols, policies and guidelines for secondary microbial superinfection.

In 2020 they replaced century old policies and guidelines with the infamous "STAY HOME AND WAIT TO GET BETTER ". This goes against thousands of years of medical practice. We had cheap, safe and effective medication for prevention of secondary microbial superinfection. They murdered millions of vulnerable people just from this policy.

[End of life medication in care homes and hospitals skyrocketed in 2020 like Midazolam Morphine Haloperidol, Levomepromazine death cocktails.](#) The excess deaths in 2020 have correlation with the [death cocktails](#).

Is very easy to kill somebody with a ventilator, lack of training, or a small “mistake” on oxygen settings and the patient is dead.

EMA, (European Medical Agency) admitted mRNA covid vaccines are [contaminated with SV40](#)

PDF available: [Speicher DJ et al. DNA fragments detected in COVID-19 vaccines in Canada. DNA fragments detected in monovalent and bivalent](#)

Freedom Information Request 23/743

Question: Under FOIA I would like to see all official MHRA letters, emails and correspondence regarding the SV40 genetic sequence in the mRNA products, what testing was conducted by MHRA or outsourced to the EMA, (European Medical Agency) regarding the safety of these products and why informed consent was obstructed.

MHRA answer quote: Simian vacuolating virus 40 (SV40) is a virus present in monkey kidney cells. **We are not aware** of any Covid-19 vaccine containing SV40 virus or SV40 antigens. A short sequence of the [nucleic acid from the SV40 virus is present in the Pfizer/BioNTech Covid-19 vaccine](#), but this is not the sequence coding for the SV40 large T antigen. End of Quote

In 2020 all the cheap common and effective drugs, treatments and protocols that save millions of lives for decades from respiratory infections are marked as useless by the government and new expensive experimental treatments and the so-called DEATH PROTOCOLS introduced. By 2022 the cost of covid 19 risen beyond \$12.5 Trillion to the taxpayers around the world. Follow the money and you will find the criminals and this is what I did.

Evidence

In the World Health Organization website <https://www.vigiaccess.org/> they are record high 4.000.000 adverse reactions and 25.000 deaths from covid-19 “vaccines” this is more adverse reactions and deaths from all the traditional vaccines combined since the record started 50 years ago. The government and mainstream media keep Quiet. Covid 19 “vaccines” should never have entered the market. The human trials in 2020 proved they are dangerous. But NO they have been on the market for 3 years. The people responsible for this have to face justices for mass murder.

In May 2022 World Health Organization published the document: [Global excess deaths associated with COVID-19](#), January 2020 -December 2021. In this document WHO states +5.42 million excess deaths directly from covid-19 “The fraudulent PCR and Rapid test say so”

And +14.91 million estimated excess mortality (deaths) indirectly associated with COVID-19, due to other causes and diseases, resulting from the wider impact of the pandemic on health systems and society.

The only truth about the document is the Total excess deaths if you combine the above to numbers = +20.33 million excess deaths in total from January 2020 - December 2021.

Let's summarize all the above.

After \$12.5 trillion from the taxpayers disappeared. The WHO claims that the impact of the pandemic on the health system causes 3 times more deaths than covid-19 virus. A Virus we can not find the full size

only fragments with the PCR and RAPID tests and can not distinguish if it is active or inactive and can not make a virus culture because it is on the 40 thermo cycle threshold and according to Dr Antony Fauci it is impossible to culture a virus on so high threshold.

I would like to remind you that the World Health Organization claims that it has immunity in any criminal charges. They are not elected, They have been involved in several sex scandals, they don't pay taxes and the president of W.H.O has been accused of war crimes. Other than that they care about your health.

[They claiming 14M Lives Saved and they gave covid-19 vaccines nobel prize](#) based on PCR and Rapid tests. Today we proved the tests are fraudulent and also the nobel prize. So far 17.000.000 people have been murdered with covid-19 "vaccines" and the new covid-19 death protocols. Award winning Canadian research team www.correlation-canada.org proves it with ease because they use the data from deaths in each country all around the world, the most vaccinated countries have higher excess deaths and dead people they don't lie yet.

To keep it short i will close with the national statistics of Philippines

In the 2020 "pandemic" year the Philippines had 7000 less deaths than the previous non pandemic years and 262.000 excess deaths in the 2021 vaccine year.

Defendants

All people, mainstream media, royals, politicians, religion leaders, doctors, bankers, police, army Judges or companies that make profit or support covid gate, are all complicit in mass murder.

We know the pharmaceuticals had a big pie of the \$12.5 trillion used for covid gate. The Main shareholders of the pharmaceuticals are Vanguard, Black Rock and few other financial organizations. All the businessmen or women who have shares in these companies have to face justice first. Wars, epidemics, human trafficking, drug cartels, organ harvesting, inflation, corruption, famine behind all these problems are always the same people, the shareholders of Vanguard black rock and few other financial organizations. And of course they are behind centralized banking systems and cashless society dictatorship. If they don't like you, your bank account is locked. a jail with no fence.

Is time to go back to decentralized currency gold, silver and cryptocurrency like Bitcoin. The shareholders of Vanguard Blackrock and their Centralized Banking system is the cancer of Humanity they have to face justice.

The judgment must be in an US State with the death penalty.

Alabama, Arizona, Arkansas, California, Florida, Georgia, Idaho, Indiana, Kansas, Kentucky, Louisiana, Mississippi, Missouri, Montana, Nebraska, Nevada, North Carolina, Ohio, Oklahoma, Oregon, Pennsylvania, South Carolina, South Dakota, Tennessee, Texas, Utah, Wyoming.

The shareholders of Vanguard Blackrock, few other Financial organizations and mainstream media face justice first, second, politicians third and all the others after.

The Defendants will have 2 options. The death penalty if they have been found guilty with the traditional way or if they prefer they can stay in jail, eat GMO lab meat, GMO bugs, GMO vegetables and will have to get safe and effective covid-19 vaccines contaminated with SV40, the strong blue batch 3 times per year.

The same batch has been given to the 17 millions dead people world wide. But we have to make sure they get the real covid-19 vaccines, not the placebo. And for treatment they will have access to solitaire games with super fast 5G internet embedded on their skin like the [covid-19 smart patch vaccine from Swansea](#)

[University](#). The judges must be unvaccinated and previously had concerns about the covid gate. To make sure we have fair judgment.

The Judgement will be very easy. We have to force all these people to take the new mRNA test. If they are not vaccinated they will have the above death penalty including their family members that were involved in covid gate mass murder Their wealth will go to vaccine injured people. We can start for example from Bill Gates and his family, Donald Trump Binden, Rishi Sunak and their families Blackrock and their families, Vanguard and their families, Royals and their families, Religion leaders and their families. They have nothing to fear if they are fully vaccinated. This is what they use to tell us.
