Important Dates!

2nd Annual Star Academy Winter Festival

On Friday January 13th from 5:00-8:00 we will be having our second annual Winter Festival! This will be very similar to our Frozen Festival last year which was so much fun. For the festival, each classroom is responsible for a raffle basket. Our class will be having an **"Italian Lovers Basket."** Click here for the link to signup and earn some hours~[Italian-Themed Raffle Basket](#)

Random Notes

- Thank you so much for all of your awesome Evans School Store donations as well as a few tissue and wipe donations! We really appreciate the help!
- We would still love to have:
 - Clorox Wipes (for teacher use)
 - Kleenex tissues - with all the sniffles going around so if you see any good sales, we'd love the donations!

Here are some fun links to pictures over the last month!

- [Evans School Store and December Fun!](#) - Be sure to check out some really cute videos of our class :)

[Star Surfer Schedule!!](#) (click on the link for an explanation) for the Month of September and October

Sophia	1/3/2016
Bhargav	1/9/2017
Timothy	1/16/2017

Isandro	1/23/2017
Jared	1/30/2017

Academics

GLAD Station Rotation (Math/English Language Arts Stations): GLAD stations will resume this week! In my group, we will working on catchy introductions and conclusions to our Gooney Bird Greene "Absolutely True Stories". Another writing task will be composing SURF letters to Sophia, our Star Surfer. Students will also be working on a personal GLAD pictorial about fast and slow changes to our earth. Additionally, students will have 4 assignments on their Prodigy account. Did you know teachers can assign tasks on our Prodigy accounts?! It's so awesome! Check out our assignments below!

2	3	4
Add two-digit numbers, regrouping		
Place value to 100		
Composing two-digit numbers, regrouping		
Value of a digit to 100		

Math: Students begin Chapter 6, learning how to add 3 digit numbers. Click [HERE](#) for details on Chapter 6's lessons.

Theme (Science/Social Studies): We will continue looking at slow and fast changes to the Earth including erosion, weathering, and much more! We will start to categorize rocks and learn about the characteristics that scientists use to classify them. Students will be asked to bring in rocks for homework when they return from Winter Break, so feel free to start collecting!
