Definitions of terms:

Spiral Math: Daily math review of kindergarten standards

enVision Math: Poudre School District's math program

Other resource: material included in your math worksheet book that comes from a variety of different sources. These resources are selected to teach the math standard the student is working on.

Math game: a game made to practice math skills or standards

Number Talk: a personalized or differentiated method of teaching math concepts. Kids are grouped by what skill they need.

Blended Learning: Dreambox, iReady, or another program designated by your teacher. These programs are designed to assign your child specific learning targets for exactly what they need.
