

Privacy Policy for CROPPROTECT APP

Effective Date: 01-01-2025,

Last Updated: 01-01-2025,

CropProtect App is committed to protecting your privacy. This Privacy Policy explains how we collect, use, and protect your personal data when you use our mobile application.

Information We Collect

We collect the following information only when necessary for the app's core functionality:

1. Camera Access

We use your device's camera to allow you to:

- Capture images of crops, pests, or field conditions for reporting or documentation purposes.

Captured images are:

- Stored locally on your device or uploaded securely to our servers for analysis.
- **Never shared or sold** to third parties without your explicit consent.

2. Location (GPS)

We use your device's location to:

- Tag your reports and field entries with accurate coordinates.
- Help you map field data for analysis and traceability.

Location data is:

- Used only during active use of the app.
 - Not tracked in the background.
 - Not shared with third parties except as required to fulfill services requested by the user.
-

How We Use the Data

Your data helps us:

- Analyze field conditions
- Track pest outbreaks or crop performance
- Generate localized agricultural insights and reports

We do not use your data for advertising purposes.

Data Security

We take your data privacy seriously. All information is:

- Transmitted securely (e.g., HTTPS)
 - Stored in secure environments
 - Access-controlled and encrypted where necessary
-

User Rights

You have the right to:

- Access your data
 - Withdraw consent at any time by uninstalling the app or contacting us
-

Contact Us
