

Entry-Level Cybersecurity Analyst Job Posting

Job Description:

We are seeking a motivated and detail-oriented Entry-Level Cybersecurity Analyst to join our team. This is an excellent opportunity for individuals interested in launching a career in cybersecurity. No prior experience is required—just a strong passion for technology, problem-solving skills, and a willingness to learn!

Responsibilities:

- Monitor and analyze security alerts to identify potential threats.
- Assist in implementing and maintaining security measures to protect systems and networks.
- Perform basic security assessments and vulnerability scans.
- Support IT teams in responding to security incidents and troubleshooting issues.
- Research emerging cybersecurity threats and best practices.
- Maintain accurate documentation of security protocols and incidents.

Requirements:

- Pursuing a high school diploma and enrolled in a related CTE program.
- Basic understanding of networking, operating systems, and security principles.
- Familiarity with security tools such as antivirus software, firewalls, or SIEM systems is a plus.
- Strong analytical and problem-solving skills.
- Willingness to learn and adapt to evolving cybersecurity challenges.
- Relevant certifications (e.g., CompTIA Security+, Cisco CCNA) are a plus but not required.

Benefits:

- On-the-job training and career advancement opportunities.
- Competitive pay with potential for salary growth.
- Health, dental, and vision insurance (if applicable).
- Paid time off and holidays.
- Support in obtaining cybersecurity certifications (e.g., Security+, CEH, CISSP).

If you're ready to begin a rewarding career in cybersecurity, apply today!
