<p>Miners and the United Mine Workers of America (UMWA) union wanted fair wages, safety, healthcare and security.</p>	<p>“My dad, his dad and my dad’s brothers were all West Virginia coal miners. When my dad was 17 years of age in 1941, he began working in the mines. I recall my dad leaving for work at 3:30pm (He worked 4:00 to midnight). There were many nights that he would double back, and he would come home the next morning tired, dirty, and often, wet from water in the mines.” Rhonda Kania, Beckley Hospital, WV, January 9, 2018 personal interview</p>	<div style="text-align: center;">  <p>URL</p> </div>
