[PROCESS]

I prefer contact through Discord to keep things organized.

Be as specific as you can and feel free to give me references for poses you'd like or scenes you'd like to create.

Basically once I get a good idea of what you want I'll shoot you a rough sketch and we can make corrections along the way. I'll send progress updates whenever I can until completion.

Lastly, let me know whether or not you want the commission to be private or posted.
