

👁️ OJO「Vibecode Your Trip」Challenge Rules

1. Challenge Overview

Every trip comes with at least one “wait...this moment should be built”.

- A toilet map for emergency situations.
- A split-the-bill tool for group trips.
- A guide to the weirdest roadside attractions.
- A finder for the best places to do a skillcation.

So build it. Use OJO to turn your travel chaos, oddly specific needs, inside jokes, and “why doesn’t this exist yet?” moments into an interactive prototype.

Show us how you **Vibecode Your Trip**.
