

Libby (formerly Overdrive) Registration directions

You must be a resident in Moultonborough to use this service, if you live in another town, visit their library to get access.

☐ Go to www.moultonboroughlibrary.org/ or locate the Libby app in your preferred app provider and do the following steps

☐ If accessing from our website → Locate Books and Media tab→ Overdrive and libby

If accessing from the app, continue to the next step.

☐ Sign in →

☐ Find Moultonborough Public Library

☐ Enter your 14 digit library card number, no spaces

☐ Click sign in

☐ Search the Catalog for ebooks, audiobooks, magazines and videos

☐ Select your first book

Circulation limits at any one time:

- 3 items (ebooks or audiobooks)
- 5 holds
- Unlimited magazines

* Libby often allows a free download of a popular new release that doesn't count towards your monthly downloads and there are book group discussions as well.

How is Libby different from the OverDrive app?

Both Libby and the classic OverDrive app allow you to borrow and read the same digital content from your library, but they look and feel different.

Libby has a fresh, easy-to-use design that makes it the best app for most digital library users (in our opinion). Here are some features unique to Libby:

- Simple, step-by-step onboarding the first time you open the app
- Loans and holds from all your libraries are automatically added to your **Shelf** (

), so you can easily find all your books in one place

- Start reading immediately after you borrow; no need to choose a file format
- See your at-a-glance progress through each book on your **Shelf**
- Navigate easily between your **Shelf** and your library's catalog
- Add, remove, and rename cards from all your libraries in one place
- Use tags to categorize books however you'd like
- Set preferences to show only the content you're interested in at your library

Have questions about the OverDrive app? [Learn more about it on OverDrive Help.](#)
