

Guideline for Purchase MOVA Token

Participants can choose one of the following two methods to purchase Mova.

Guide 1: How to Deposit USDT into Mova Liquid and Purchase MOVA

Step 1: Open Mova Liquid

Click the official link: <https://movaliquid.io/>

Step 2: Connect Your Wallet

Click “**Connect Wallet**” on the top-right corner of Mova Liquid → select your wallet → approve the connection.

Step 3: Deposit USDT

On the Mova Liquid homepage, click “**Deposit**”, select **USDT**, choose the deposit network, and copy the deposit address.

Go back to your wallet → select **USDT**, choose the corresponding chain, enter the amount you want to deposit, and confirm the transaction.

Step 4: Swap USDT to USD1

Open Mova Liquid again and click “**Assets**” on the bottom right → select “**Swap**”.

Enter the amount of USDT you want to convert into USD1.

Step 5: Select the MOVA/USD1 Trading Pair

Once the swap is successful, click “**Trade**” at the bottom of the homepage.

Find the **MOVA/USD1** trading pair — you can now purchase **MOVA**.
