

T.I.P. Release Form

The Teen Intervention Program (TIP) is a certification course on the effects of drugs, alcohol, and tobacco. We teach about the harms caused by these substances and educate students on the ways these products affect the body, the mind, and their future plans. Students also talk about how they make choices and face consequences, how to set and achieve goals, and ways to change their mindset and thinking patterns to help them redirect their paths.

Our five-hour program focused on drugs and alcohol.

Students completing TIP through their school district will receive a letter of completion to submit to the school office at the end of the program.

Statement of Confidentiality

Prodigal Sons & Daughters practices full confidentiality with all of our clients, including our youth. The conversations between youth and mentors are kept in confidence between the youth and their mentor. All of our interns and employees are, however, mandatory reporters. If a youth shares that they are a danger to themselves or others, we will report that information to their parents and the appropriate authorities. Your student may request a session involving parents if they need help talking about a difficult topic. Even in these instances, the student is “in charge” of what information is shared.

I understand the liability and confidentiality policies at Prodigal Sons & Daughters and give my consent for my student to participate in the TIP program.
