

# Rights + Responsibilities

## Student Rights + Responsibilities

Think about the roles students play at Leyden High School.

***What rights do students have? What responsibilities do students have?***

In the table below, list 5 rights you have as a student at Leyden and the responsibility associated with that right. An example has been done for you.

Student Bill of Rights	
Rights	Responsibilities
To use your cell phone in the hallways.	
To use your Chromebook at school & home	
To free speech	
To privacy in the bathroom/locker room	
To drive to school	
To 25 minute lunch	

## Consumer Bill of Rights

On March 15, 1962, President John F. Kennedy presented a speech to the United States Congress in which he explained four basic consumer rights, later called the **Consumer Bill of Rights**. The United Nations through the United Nations Guidelines for Consumer Protection expanded these into eight rights.

Now think as a consumer and brainstorm a list of rights you think a consumer should have. Record your list in the first column.
