## **831** Down

A rundown on all things 831 for this podcast

- PG Officer released for anti-government beliefs
- Six Big Sur Bridges are going to have their railings replaced, but they won't look as pretty, according to the Monterey Coast Weekly. These bridges – which include the famous Bixby Bridge – have seen their

structures erode to the point where they are in desperate need of repairs. The project will cost \$55 million.

- 3. Cultural casualty AT&T Pro(Am)?
- 4. Toyota Research Institute leased out part of the Marina Airport in order to conduct more research on automated cars. They pay \$400 a day when they use the airport.
- 5. Energy in Moss Landing
- 6. No swimming advisory at Stillwater Bay. High level of bacteria detected.
