

 The Calm Before The Storm.

This doc is written about such actions a 16 years old person has committed.  
This is not a doc meant to motivate someone else to harass or send death threats to anyone involved. Do not start a witch-hunt as well, please.

This is not meant to continue the drama further, this is to simply warn anyone about her.

This is simply meant to shed a light on what she/he has done. This is my first time writing an expose document by the way.

She is currently still active in GameJolt and Discord. If you had an bad encounter with her somewhere in Discord, please send me a friend request: \_gamer4life (Disc) and gamer4life\_GJ (GameJolt, obv)

TW: Toxicity, Death Threats, Sailor Mouth/Swearing, Self-Harm, Suicide, Arguments, Slurs, and pretty much anything that might not be mentioned but is stated there in my subtab.

Descension to Chaos.

# / Descension to Chaos. \ (My experience)

I am pretty sure you know me from somewhere.  
If not, allow me to introduce myself.

My name is gamer4life. That's kinda like all you need to know about me.  
This will most likely lean into the FNAW territory as she tried to make a FNAW fangame, with a certain R being the one to code it.

## Thoughts

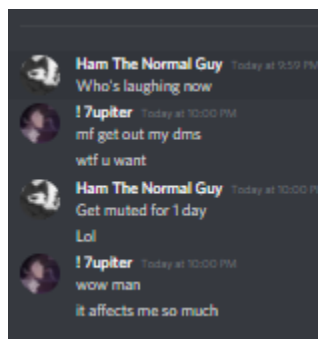

Ham, the "true overlord"... is what if you mix egoism, toxicity, transgender (not trying to say that's a bad thing), manipulation, guilt tripping, immaturity, degeneracy and pretty much your tendencies of self-insert, while lacking self-awareness.

I had a fair share of her bullshittery, and it wasn't pretty. It went from toxicity, argument in DMs, to basically her abusing her ranks in places where she's an administrator at. There's nothing more that can be said about my anguish towards Ham.

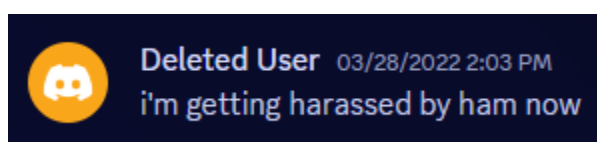

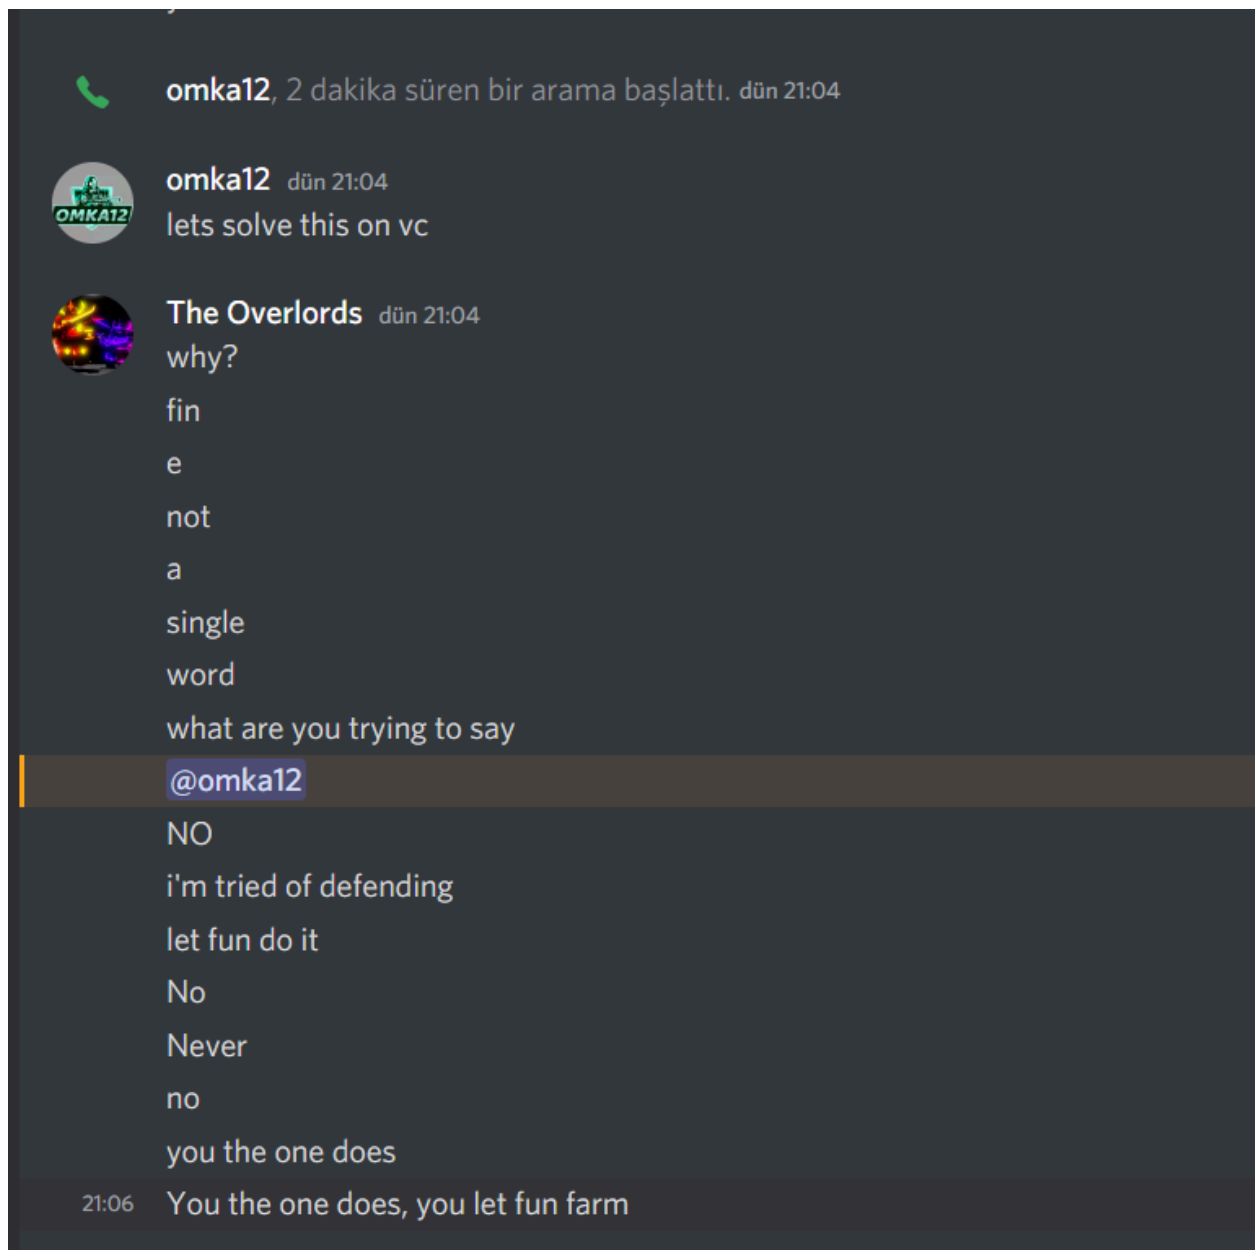

My advice? Don't interact with her.

## 2022

We briefly met through TBBF where we won hardmode on a private server. This is the year where Ham was male at the time, at least if I remember correctly. I didn't mind much about him (i think), but he was reportedly toxic in the TBBF server, and from what I heard, tried to dox someone and scammed someone for nitro. I do not have proof, so take these with a grain of salt, but still. There are some proofs I could find about his aggressiveness, though.

- This deleted user is irrelevant, but rather a victim of his toxicity.

The worst thing he possibly could have done however was doxxing. (I'm pretty sure I mentioned this again but who cares) I don't think this guy ever sent the proof that he ever tried to dox him, but the message's right...

there. So it's clear that even without proof, Ham was notorious during his time in the server.

I did remember roleplaying with him in DMs, and when he got banned he had to vent these emo ass feelings to my DMs. I did not say anything because I didn't know what to do, and knowing his toxicity it gave me more of a reason not to DM him further if anything.

I've never seen him again... until -

## 2024 (Part 1)

I joined laon's server at the time I heard of FNAW UCN. This was when I met Ham, who was now trans (he is now female basically. If I remembered some details, she had gotten into an argument about her character being unfairly overpowered, as she stated multiple times that only Entity 0 (a Capital G God of FNaW) could defeat her. However, she was referring to the FSAW version of Entity 0, which by definition, makes her overpowered.

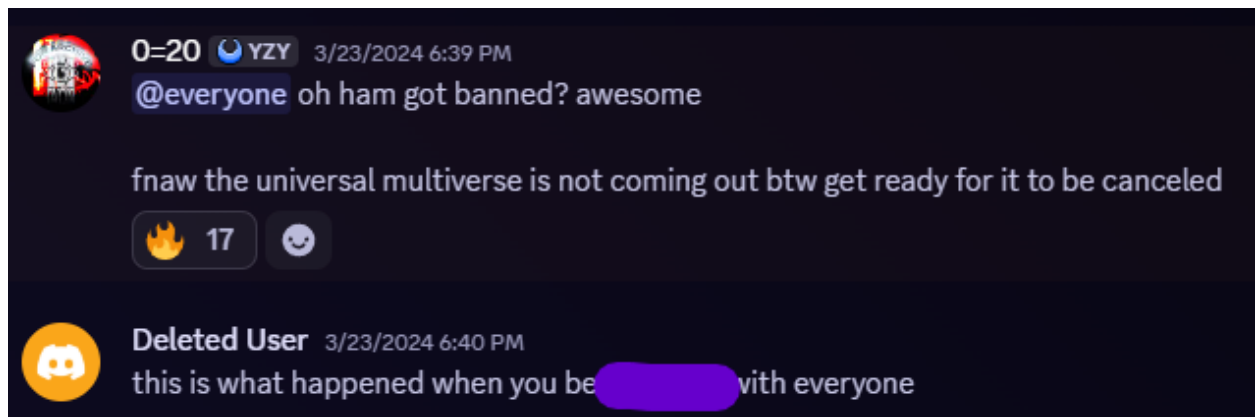

At the time, I joined the server for her FNAW fangame (which was named Multiversal/Universal Merge at the time I think?).

At the time, I sadly didn't archive the screenshots that happened during the Multiversal Merge era, so anything I say might be a mandala effect, or I might just be misremembering. Her aggressiveness was pretty much the worst of the worst.

I don't remember much about the old server, as it was deleted a long time ago. When I suggested Fake Developer from CF2 as a Nightmare Wario skin, Ham got mad at me and scolded me that he would've worked as a Dry Wario skin. She was kinda right to be fair but there was no excuse for aggressiveness. When Ham got banned by Yasj she threatened to tell me who banned her or she would ban me.

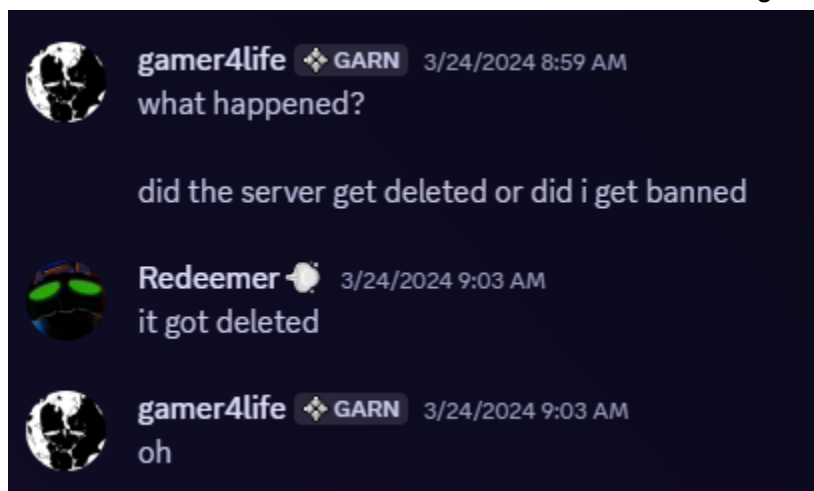

I simply did.

Accompanied with the announcement there, this probably pissed off Ham further. This was the only drama-related thing that was archived, for laon's server went into a rebrand of some sort.

The “Deleted User” in question is [Malek](#). I recommend checking out the document about him if you want to know about him and his actions. He’ll be relevant for a bit later.

This would result in a drama that caused the old server to get deleted.

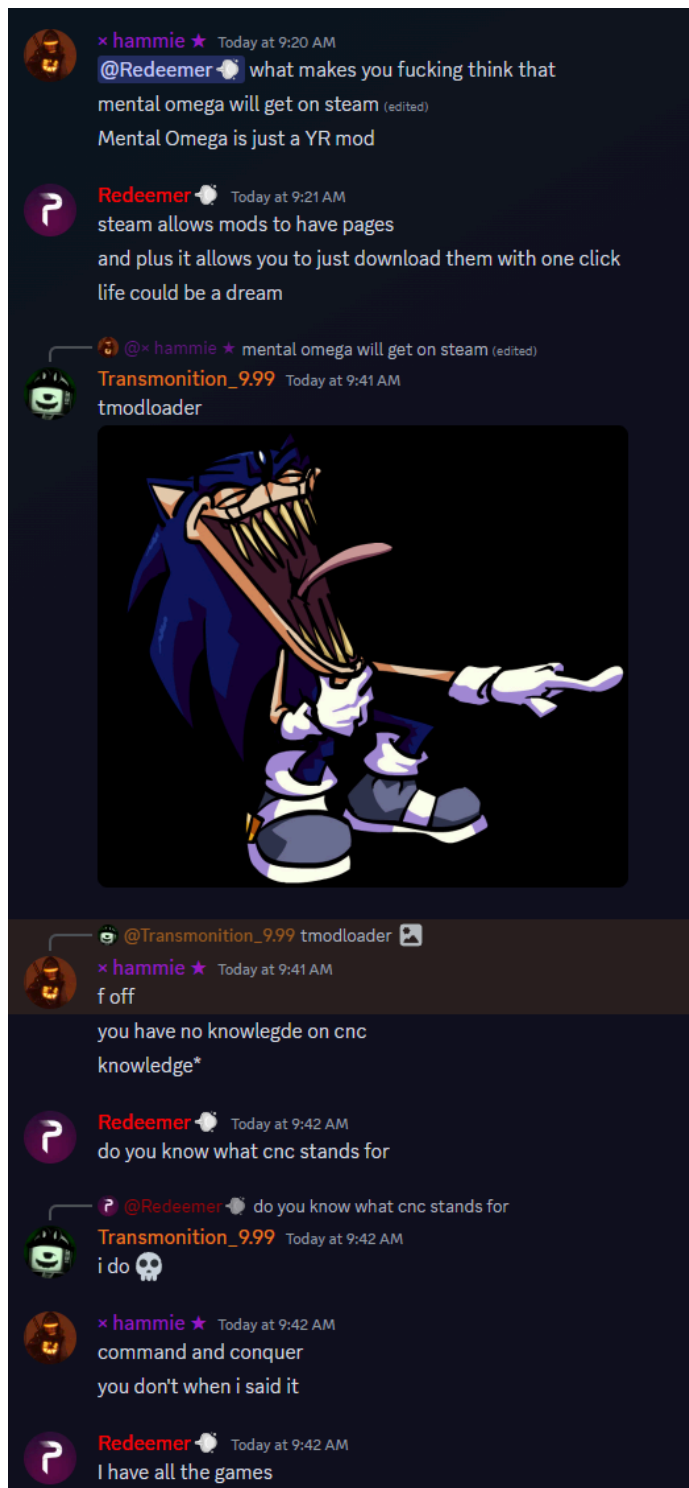

It felt like some sort of relief, but a disappointment washed all over me that now I didn’t archive most of what happened in the old server.

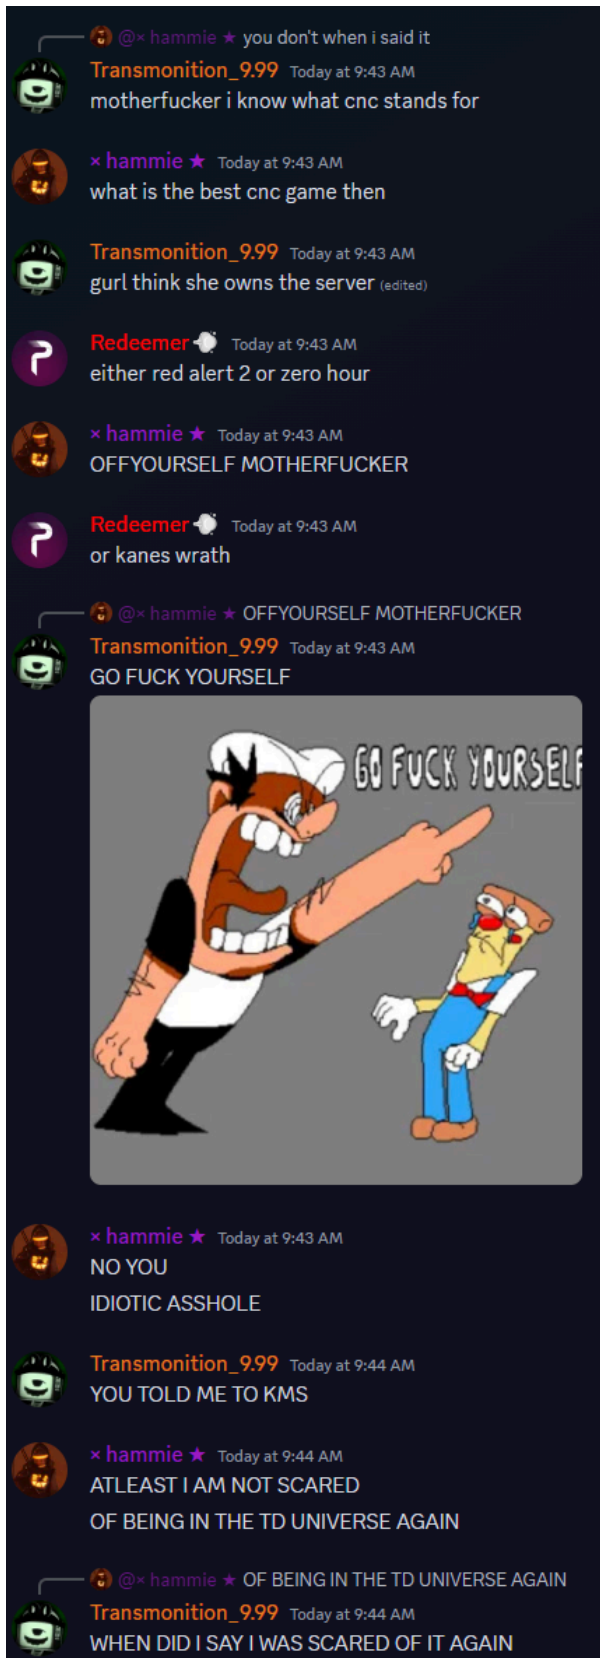

Fast forward to April 13, this is when the new server (or rather, R’s server) was created. This was also where my experiences with Ham, and the screenshots took place most of the time.

I wasn’t the kindest person in that time, so there might’ve been some swears that might trigger someone. I am not that guy anymore, but this is not an excuse for Ham to act this way. (Transmonition, Dark Creator, and “anguish” was me, by the way. I change profiles over time.)

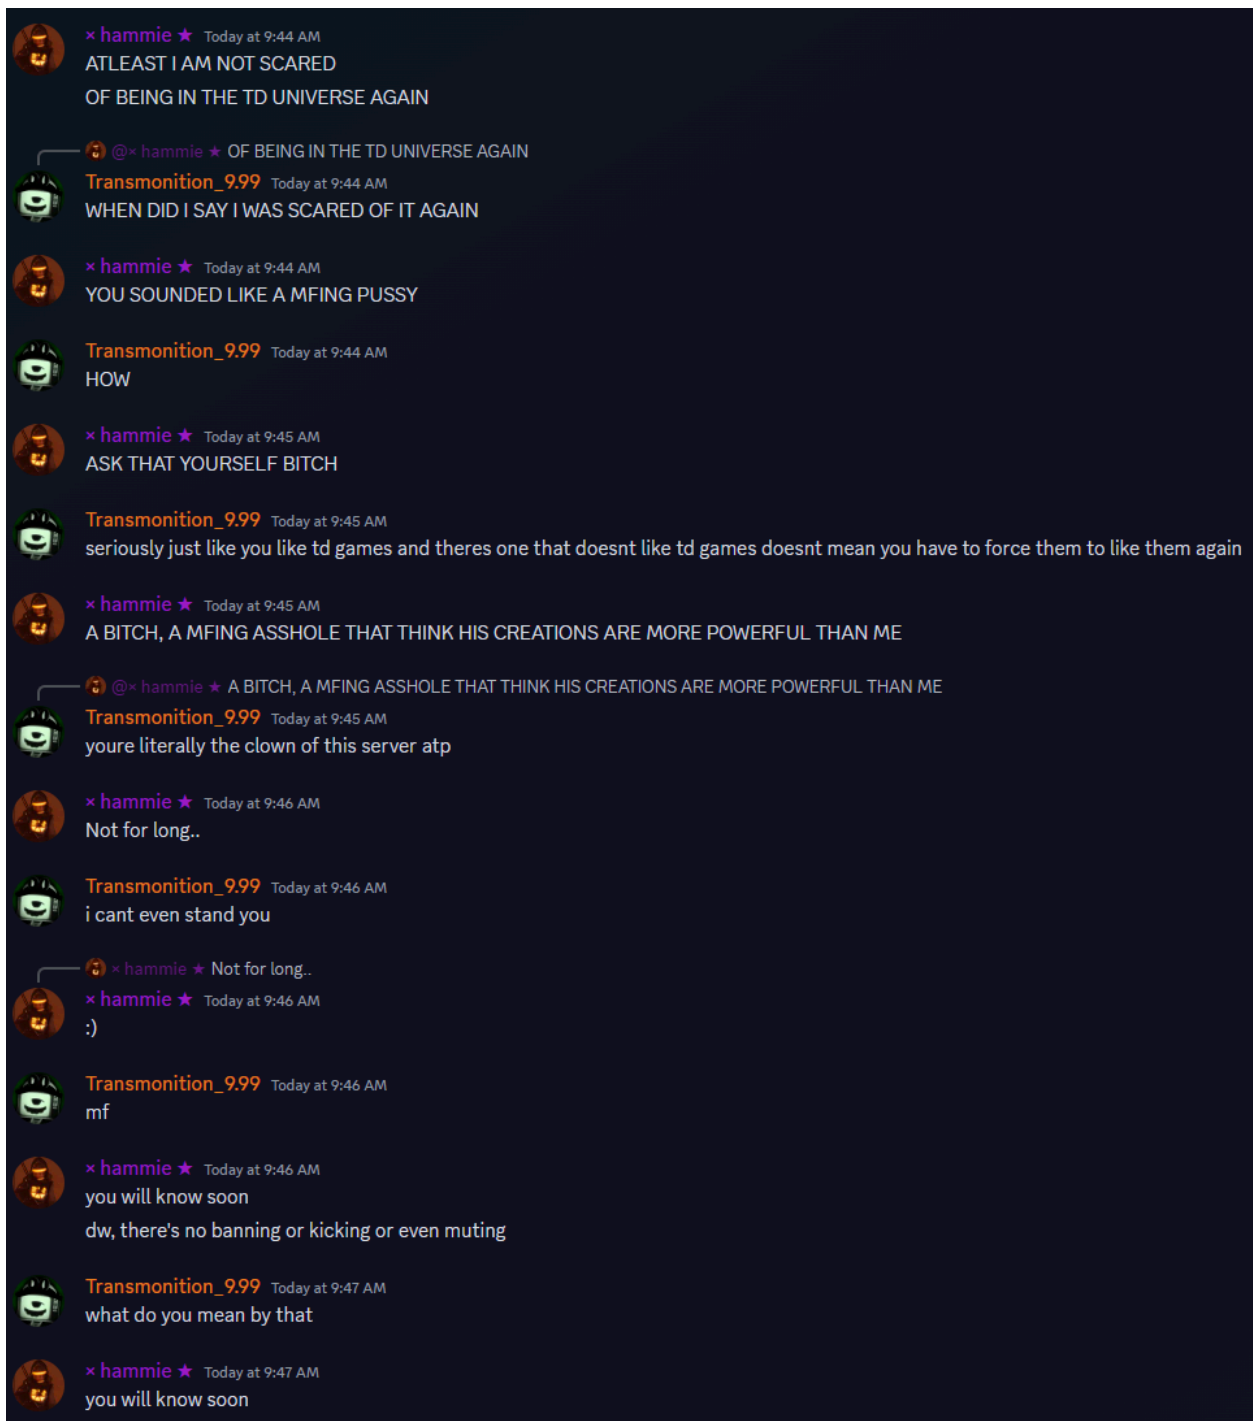

May 18, 2024

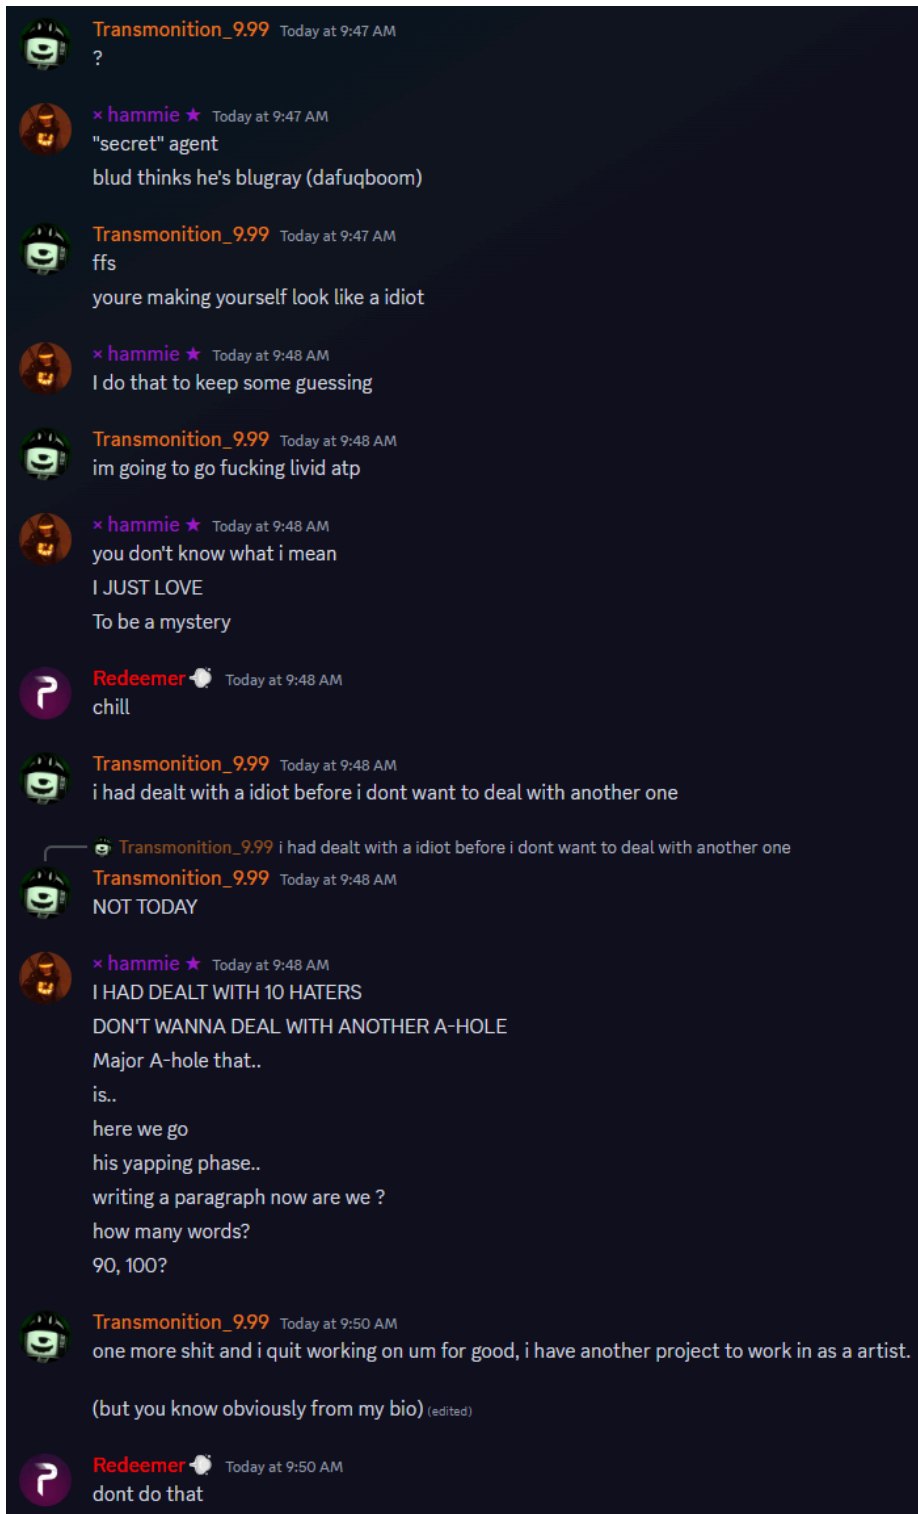

I did have knowledge about CNC back in 2017 through Samuel Deer's FNAS videos. The reason I said Tmodloader (Terraria mod) was because it had a similar case of getting into Steam after years, and Mental Omega had this case too.

Death threats are not an excuse.

I just didn't want to associate myself with the TD community again, but when you cuss someone out just because they don't want to be in the community, that makes you look like a fucking dumbass. At least respect my wishes, this was the bare minimum you could have done.

Context: I was dealing with Rednitte at the time in Scratch. He's not relevant, I just had to bring up what "I had dealt with a idiot before" meant.

How oblivious I was behind the scenes back then. I'm not siding with Malek, as what he did was downright unacceptable, but he wasn't wrong when it came to Ham and her bullshittery.

At the time, I blocked her because of a small argument in DMs, this will be shown after the next page. This was her response to what I said.

This did not end here, however...

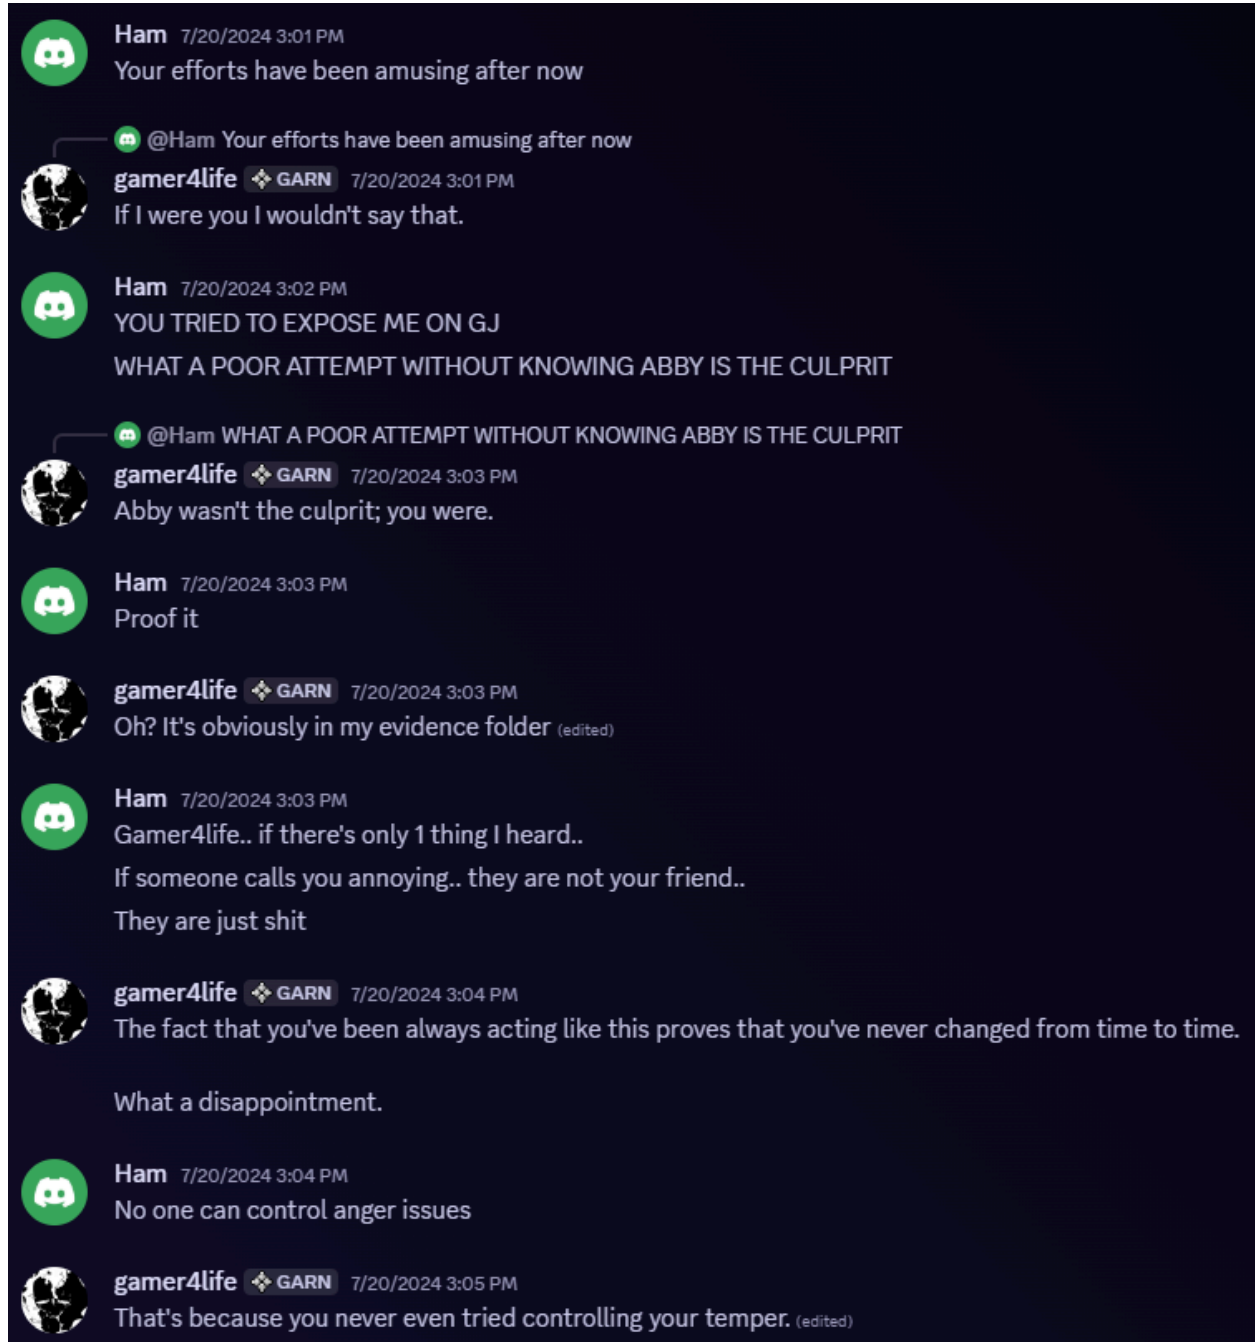

Additional image there, as this was what happened after Ham was gone from the server and joined TRT's.

## Descent into Madness. (2024, Part 2)

This was when I posted the pack of images about her actions into GameJolt, for all to see. This got taken down 2 times. I'm not bothering to put it back up again.

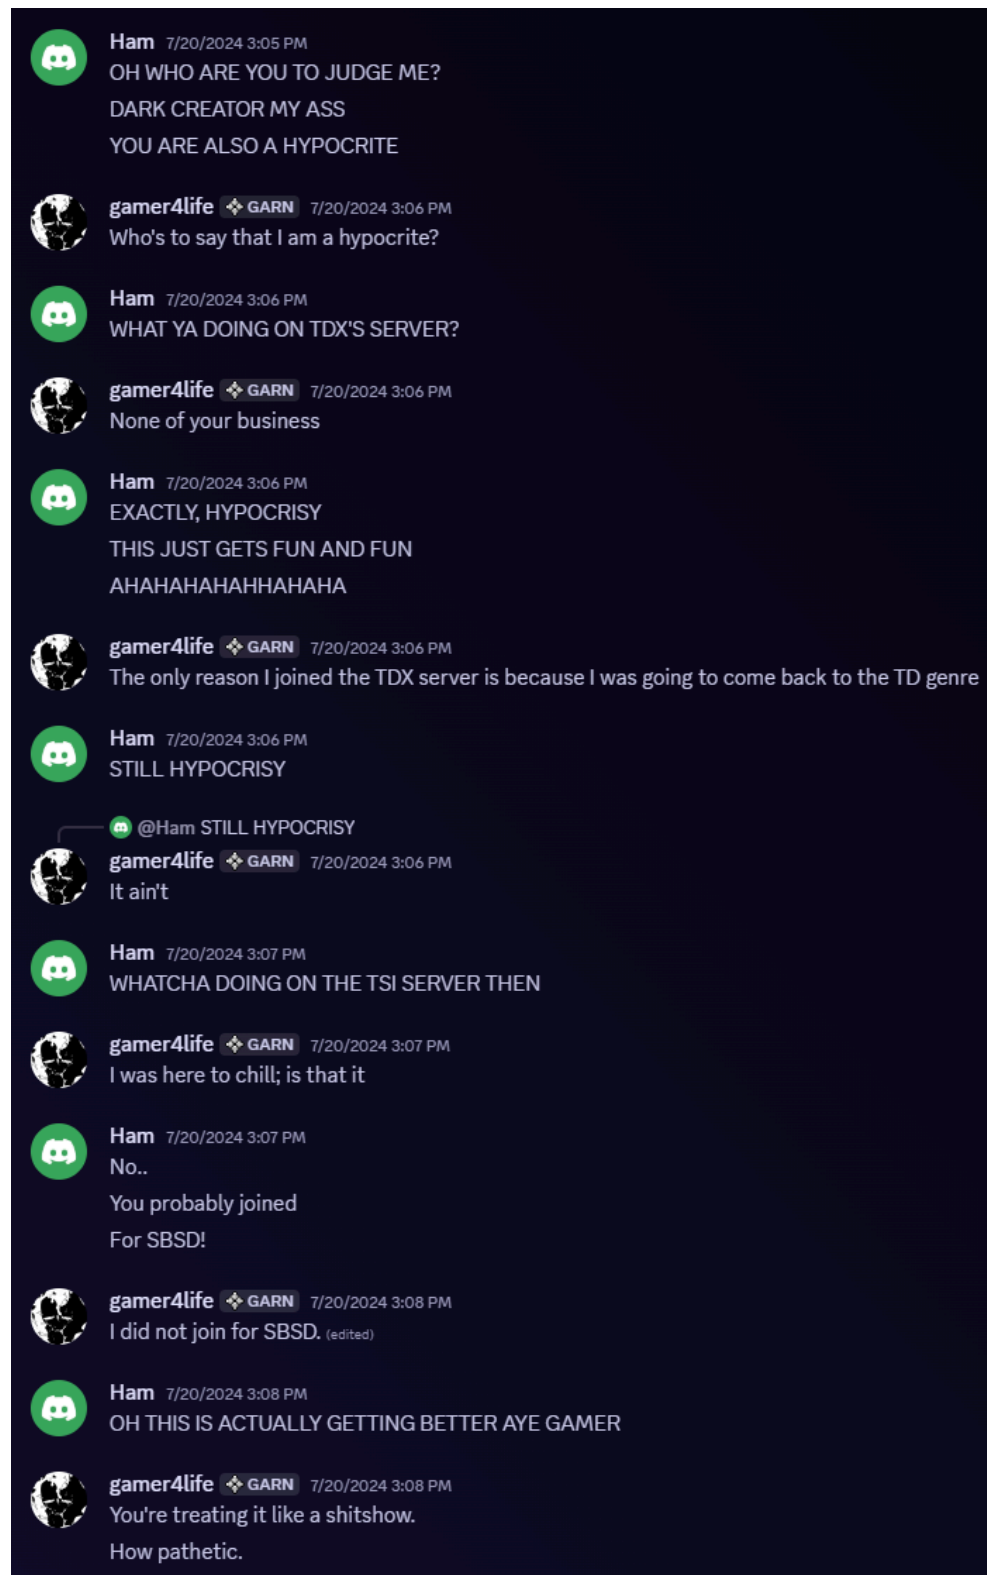

This was when she tried to argue about this, but we were forced to take it into DMs.

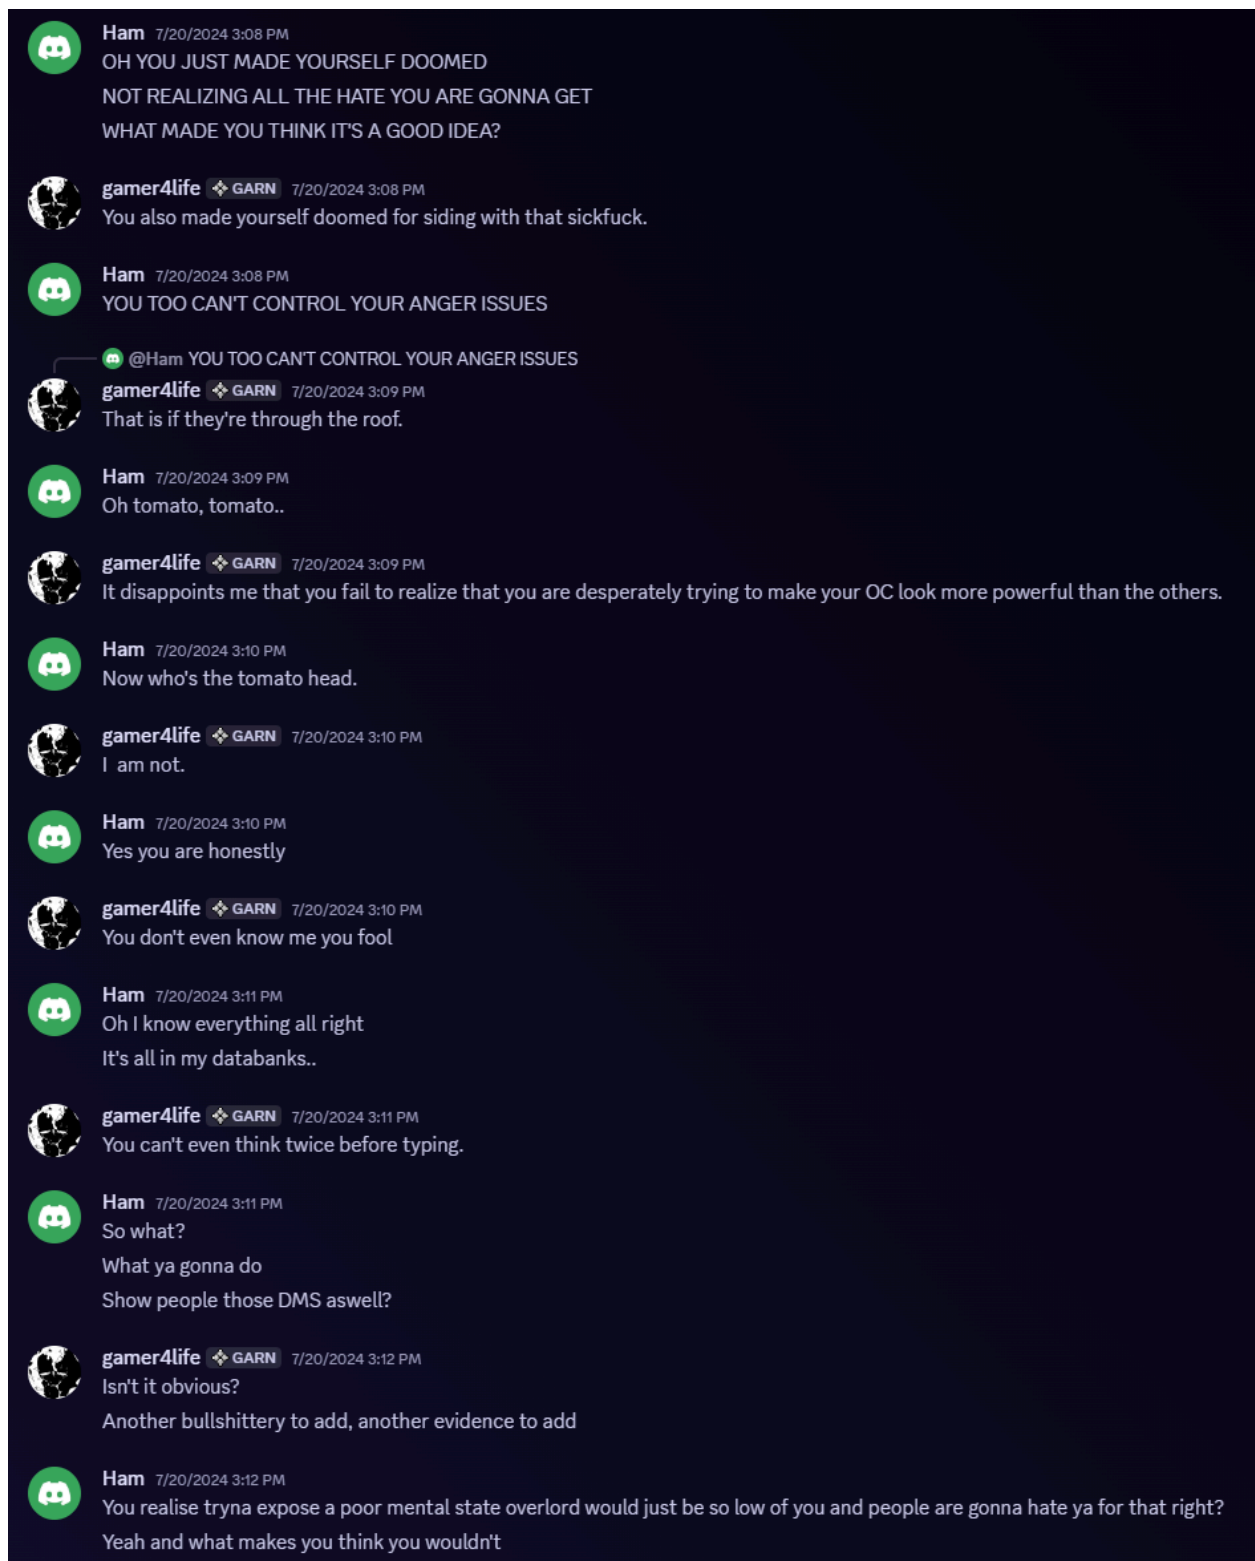

It's true. You've always ACTED like this even before I realized.  
You never tried controlling your temper.

Abby was NEVER the culprit. You treated her like shit, hm?

I would send a brief explanation of what was going on in the FNAW server when she was here, but it's not really about her.

Notice how she calls herself “overlord” instead of a person.  
Egoism at its best.

@Ham You realise tryna expose a poor mental state overlord would just be so low of you and people are gonna hate ya for that right?

gamer4life 7/20/2024 3:12 PM

Wdym poor mental state

Ham 7/20/2024 3:12 PM

Get hate for just exposing me to the public for such a STUPID REASON

The drama ended long ago

And you are just bringing it back up..

YOU ALMOST DROVE ABBY TO COMMIT SUICIDE. (edited)

Ham 7/20/2024 3:15 PM

What did I do instead of

"making Abby suicidal"

Typing the FULL lyrics in a chat is BORDERLINE flooding. Need I say more?  
I think I sort of did it, but I'm not too sure. I may be a hypocrite, but she did this a lot.

Okay. WHEN. THE. FUCK. DID. I. **EVEN WANT TO EXPOSE ABBY?** WHAT WERE YOU ON ABOUT?

Just because you hate them, no other reason..

gamer4life 7/20/2024 3:24 PM

I ain't; you've caused unnecessary outbursts to people who didn't do anything wrong  
Forced them to do VCs, even if they were busy.

Ham 7/20/2024 3:25 PM  
Who else did I do it too

gamer4life 7/20/2024 3:25 PM  
Are you even polite anymore?

I DIDN'T EVEN FORCE THEM  
THEY SAID YES  
OKAY  
IT WAS FINE IF THEY JUST SAID NO  
I CAN HANDLE REJECTION, THANKS FOR THAT

gamer4life 7/20/2024 3:25 PM  
Then why would you ask them non-stop either way  
When I asked you a question you treated it like a skibidi toilet roleplay, this alone makes you look ignorant

gamer4life When I asked you a question you treated it like a skibidi toilet roleplay, this alone makes you look ignorant

Making you show your true clothes more

gamer4life 7/20/2024 3:28 PM

Need I say more?

There's nothing more I can say about this one.

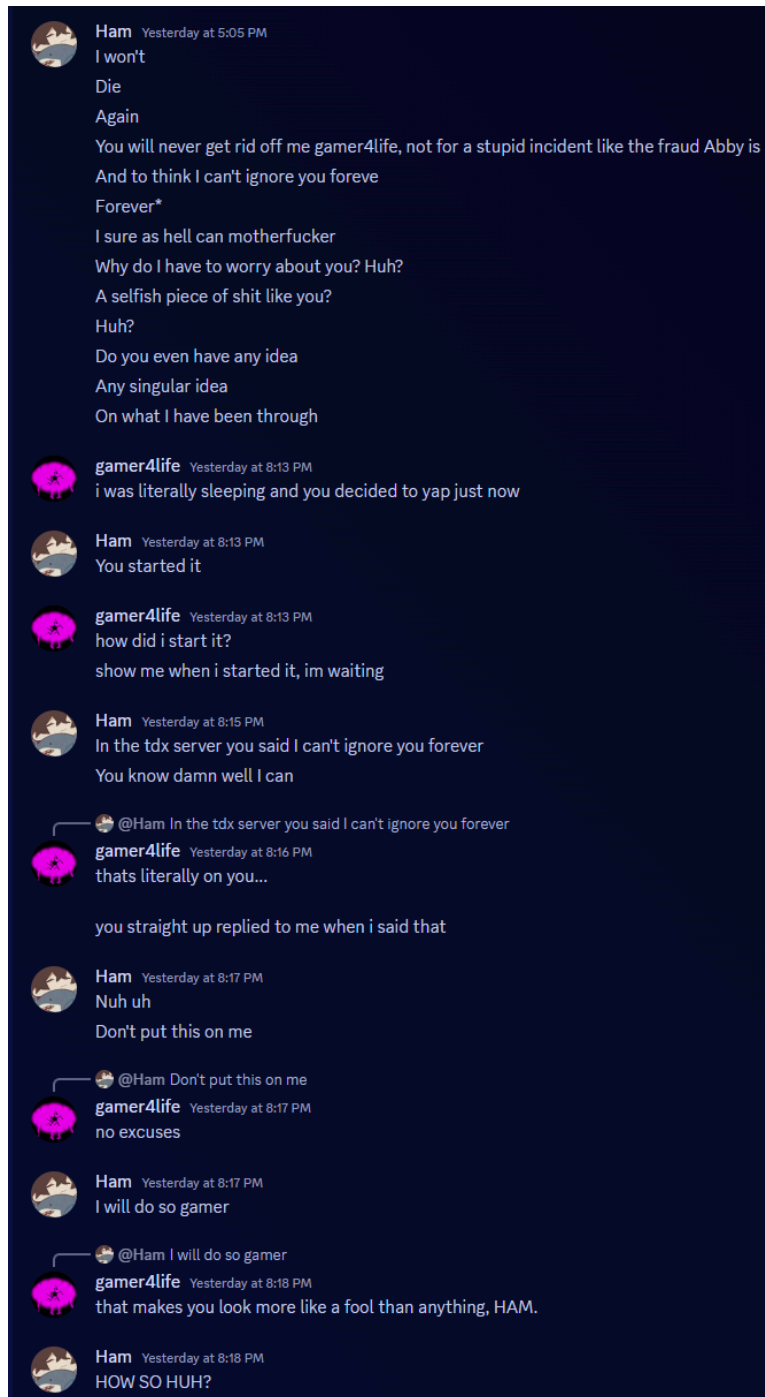

"a failure"? You were a LOST CAUSE.

10/11 days later.

If you knew you could ignore me, then why did you decide to respond? The only reason I said that you couldn't ignore me forever was to test your patience. To grab your attention. I was never using you for anything.

Context about “stefi”: Stefi has been a problematic person within the communities he is in. Some communities don't even realize what he has done yet and it's not good, but he is irrelevant.

how about you stop trying to ruin others' life instead, that will help.

also, just get a therapy ffs.

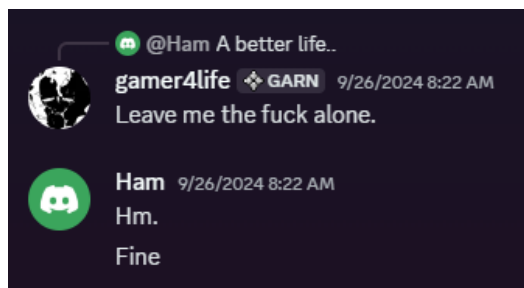

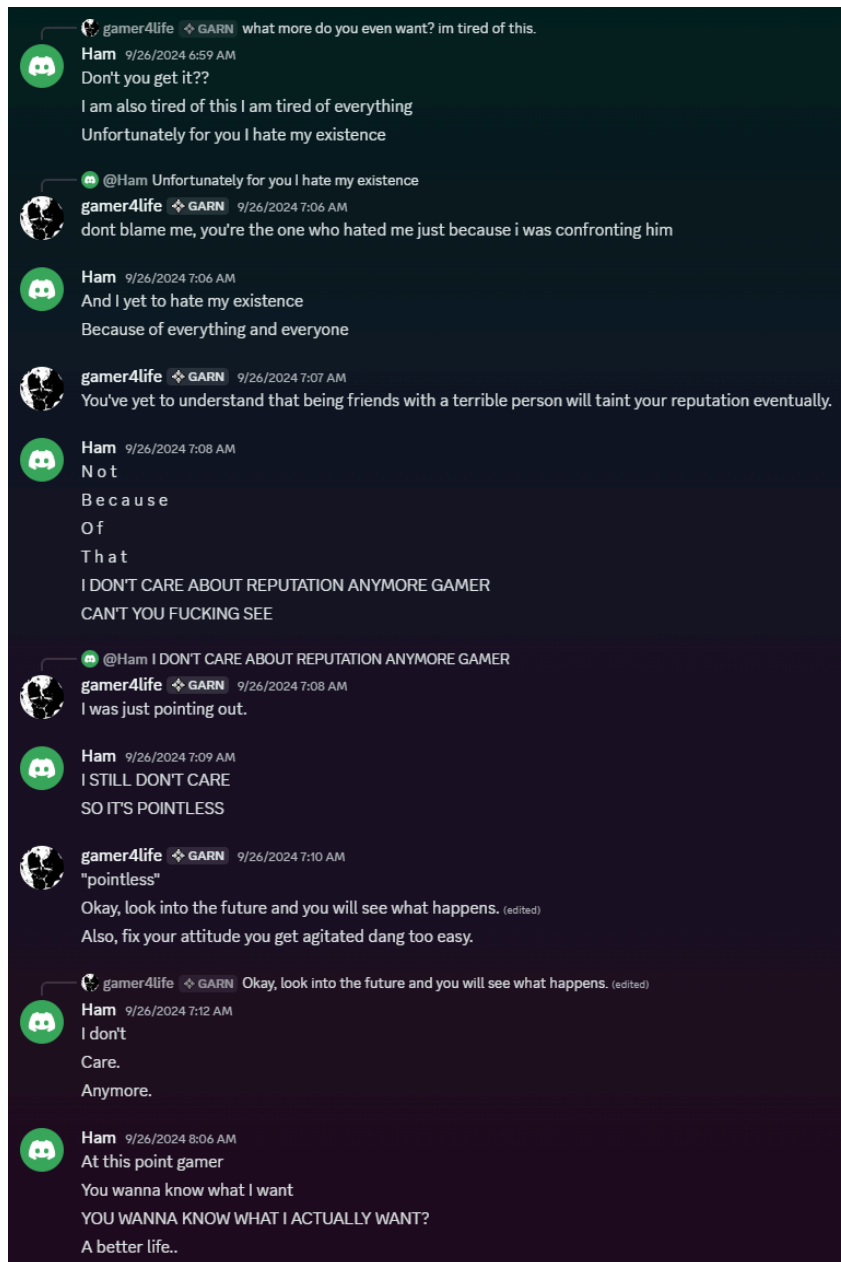

Blocked again. I was just simply tired of her BS.

September 25, 2024

This one is short, but I did not know why I kept unblocking her.

A day after.

At the time, I just didn't want to be involved in a cesspool that she created herself. I just wanted to move on at that point.

November 5, 2024

Briefly speaking about TBBF again, I did get into an EXODUS event. I never cared about Ham anymore but still had her unblocked. I was just minding my business until Ham DM'd me.

Ham 11/5/2024 6:33 PM  
OH JUST WHEN I GET MY HANDS ON YOU.

gamer4life 11/5/2024 6:33 PM  
its you.

@Ham THE EXODUS EVENT

@gamer4life the fact that you had the urge to go on my dms just for a dang event

Ham 11/5/2024 6:38 PM  
MOTHERFUCKER YES  
IT'S TRUE  
I TOLD YOU I HATE TBBF, I DESPISE TBBF

gamer4life 11/5/2024 6:39 PM

Ham 11/5/2024 6:40 PM  
NEVER..  
Now tell me..  
Are you a popular tbbf member.. or not..

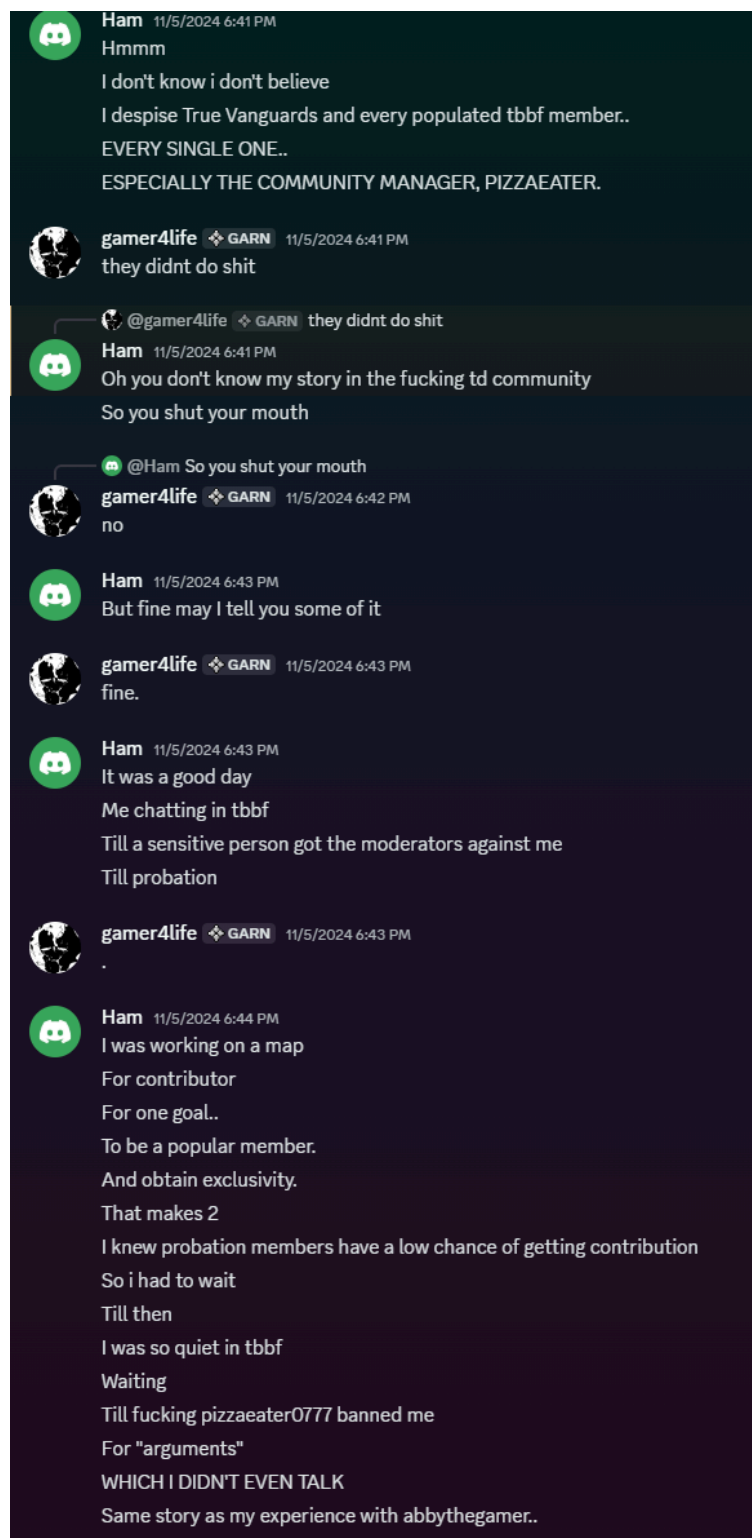

gamer4life 11/5/2024 6:40 PM  
no

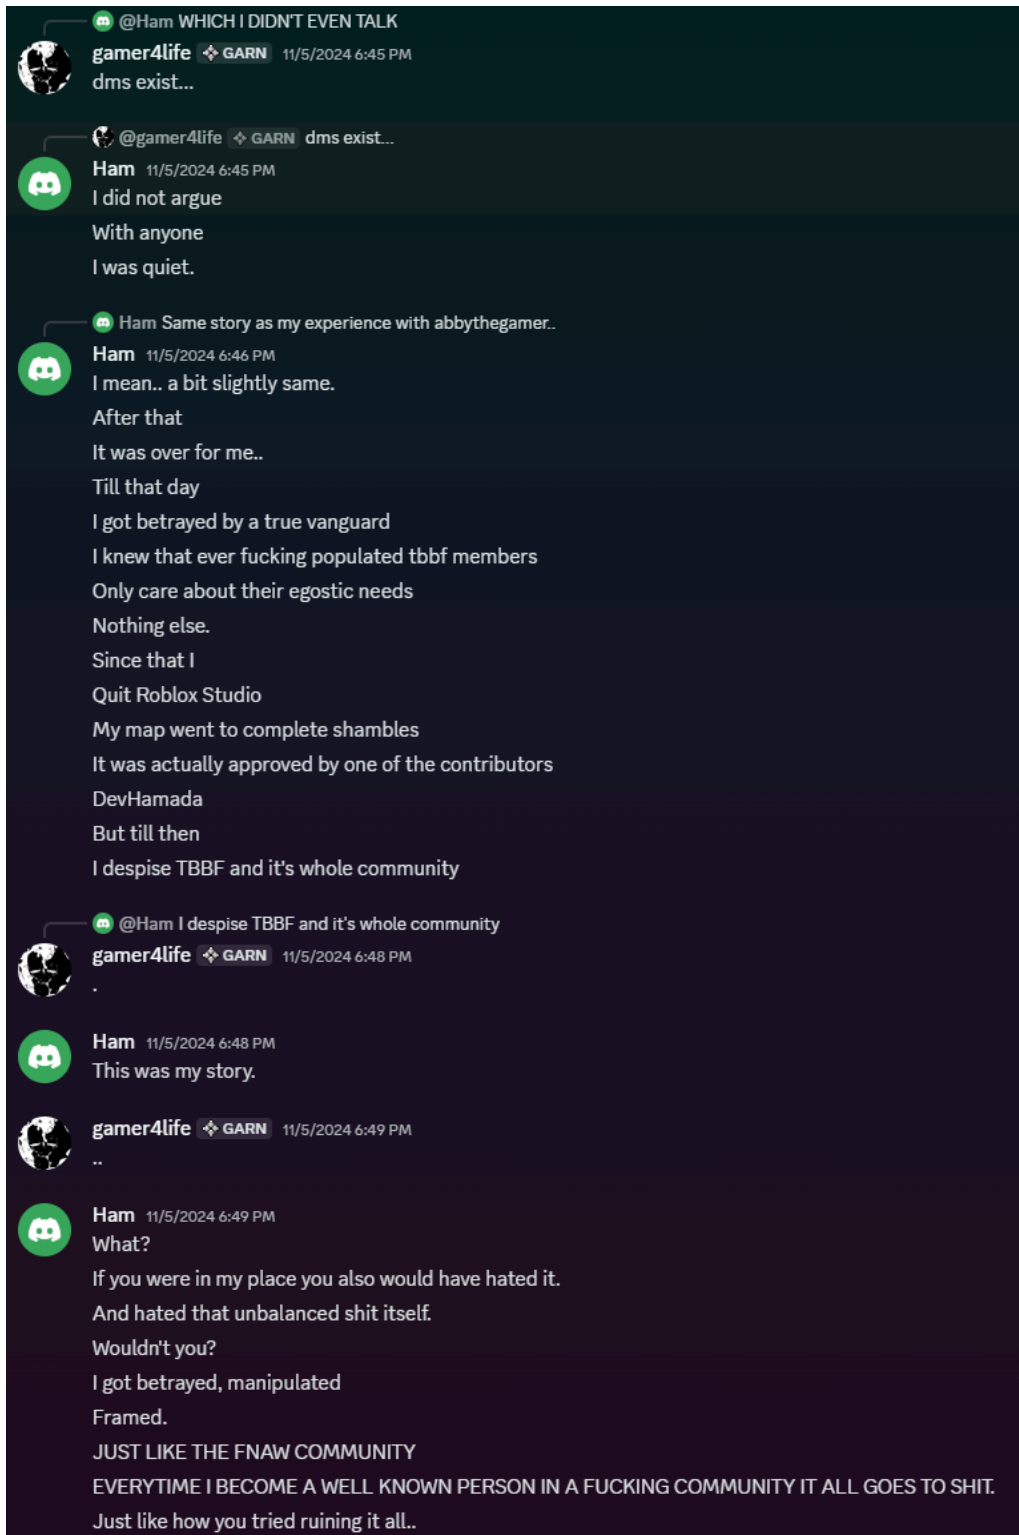

Ham 11/5/2024 6:40 PM  
Are you or are you not..?

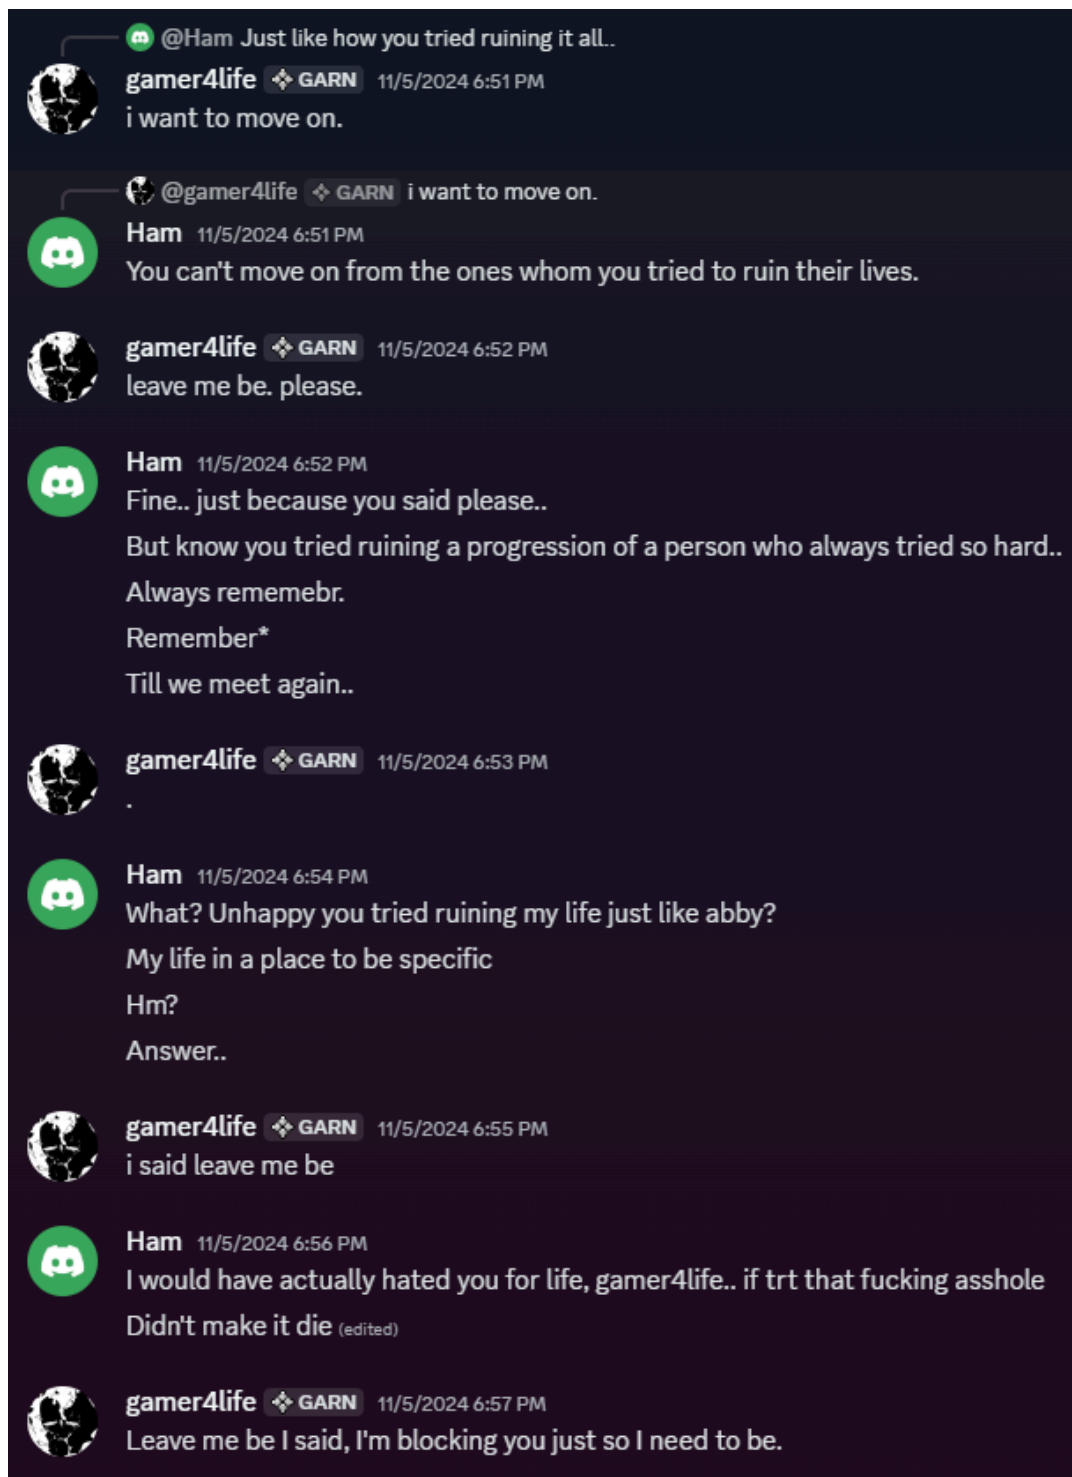

gamer4life 11/5/2024 6:40 PM  
i said no

This implies that her goal was to obtain exclusive stuff in TBBF. I'm sorry, but you're implying that you were doing it for popularity??

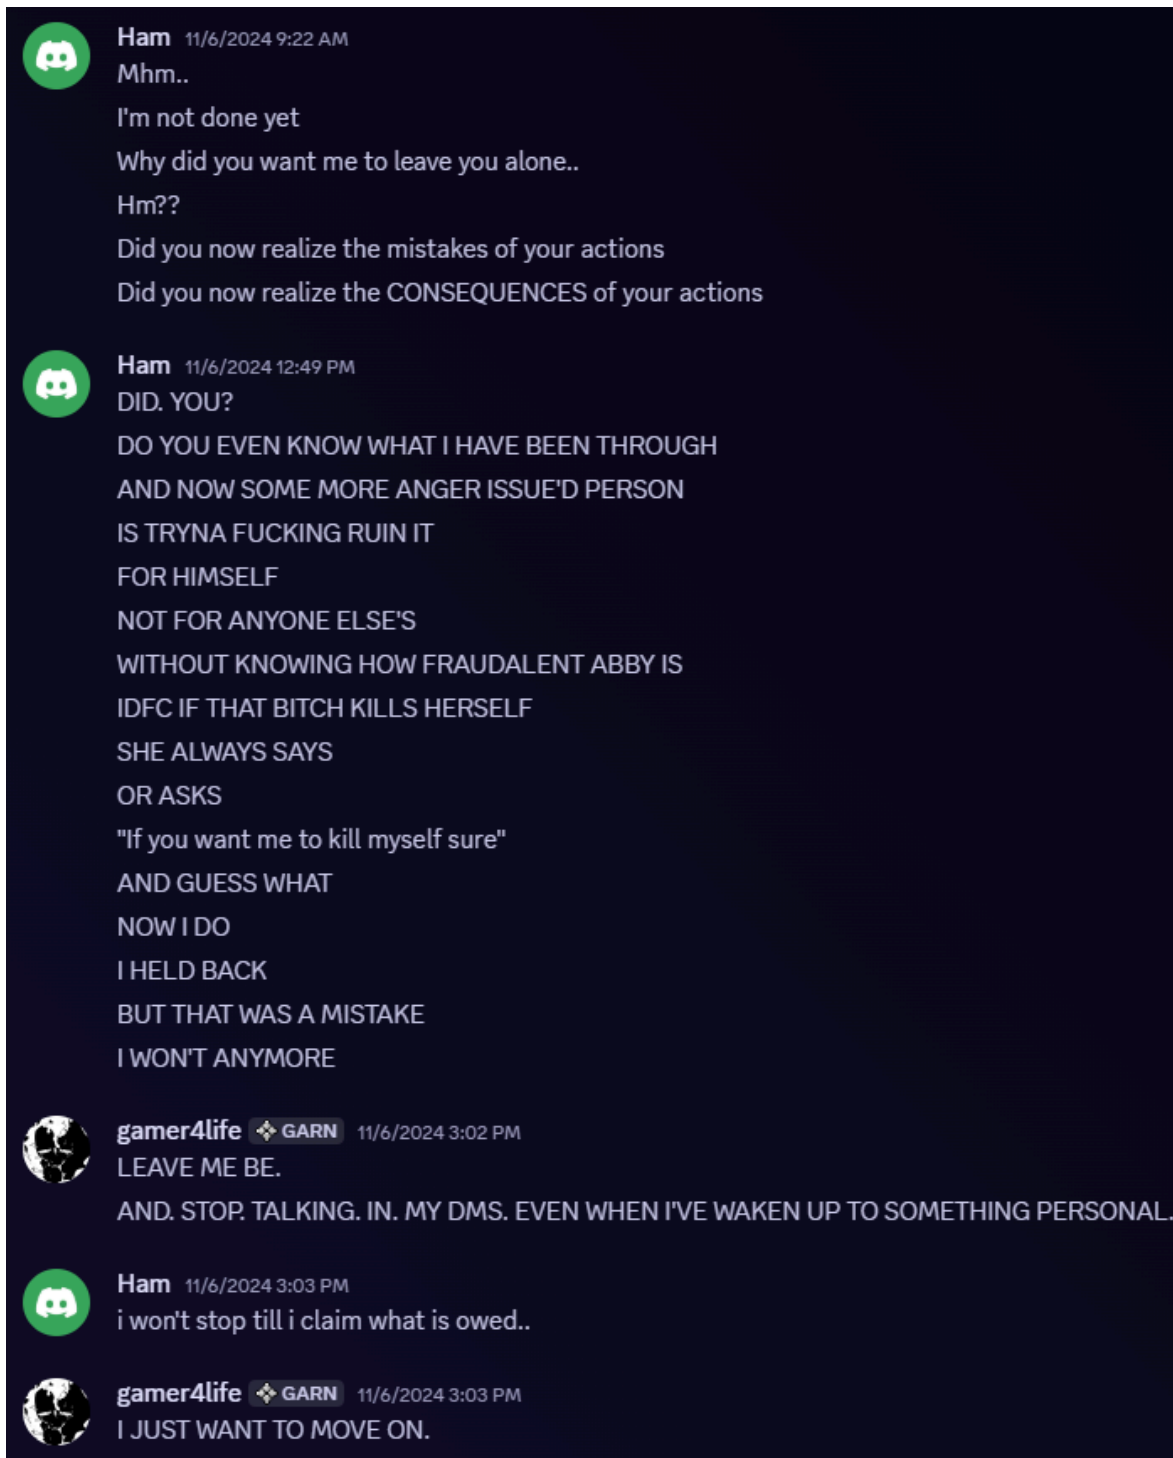

The reason it “all went to shit” in the first place was because of your aggressiveness.

Yet, I blocked her. Now if you were catching up to the moment TBBF was mentioned again, yes, I am a TD fan. Until July 2024, I strayed away from it after leaving.. But I became a fan of it. Again. I did not force myself or anything, I had to decide whether to embrace it again, or stay away from it, and so my decision was final.

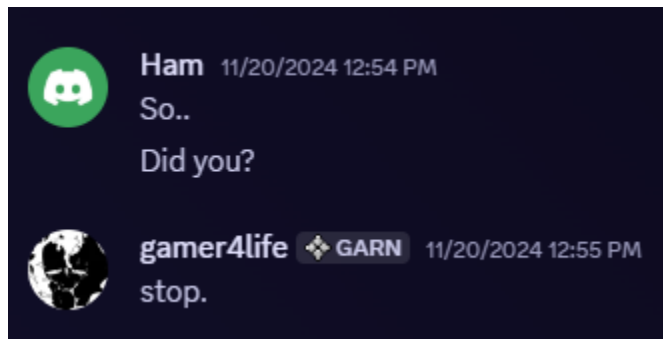

You pretty much know what happened, so I won't say it again.

A day after.

She just wouldn't leave me the fuck alone. As for "something personal", I won't talk about it. It's something that happened in my life outside of Discord I'm pretty sure but then again I've forgotten what happened.

19 days later.

TDX's Final Nail on Her Coffin.

November 24, 2024

This was when I was on the TDX server while she was on the server, too.

This all started because of a description of said villain, "AM" from "I Have No Mouth, And I Must Scream".

This was bad timing, and also the longest argument by far.

You know what you did then gamer4life..

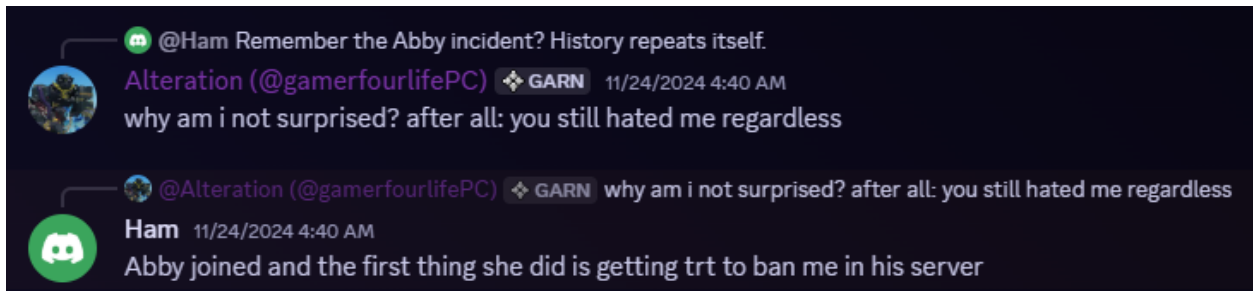

"You added enough fire already" You added A LOT more than me.

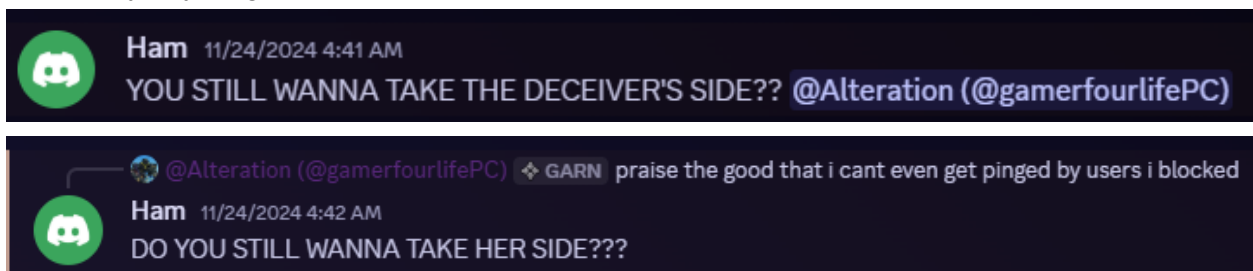

Context: Abby joined TRT's server, and such a drama escalated to the point that Ham was gone from the server.

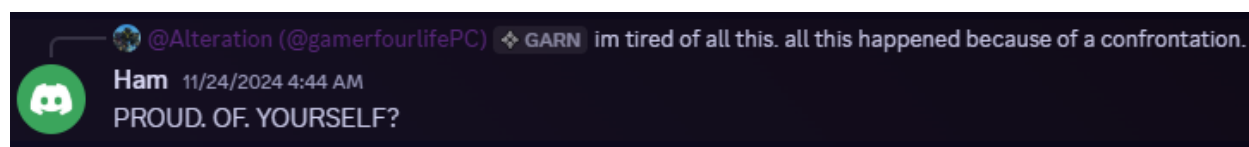

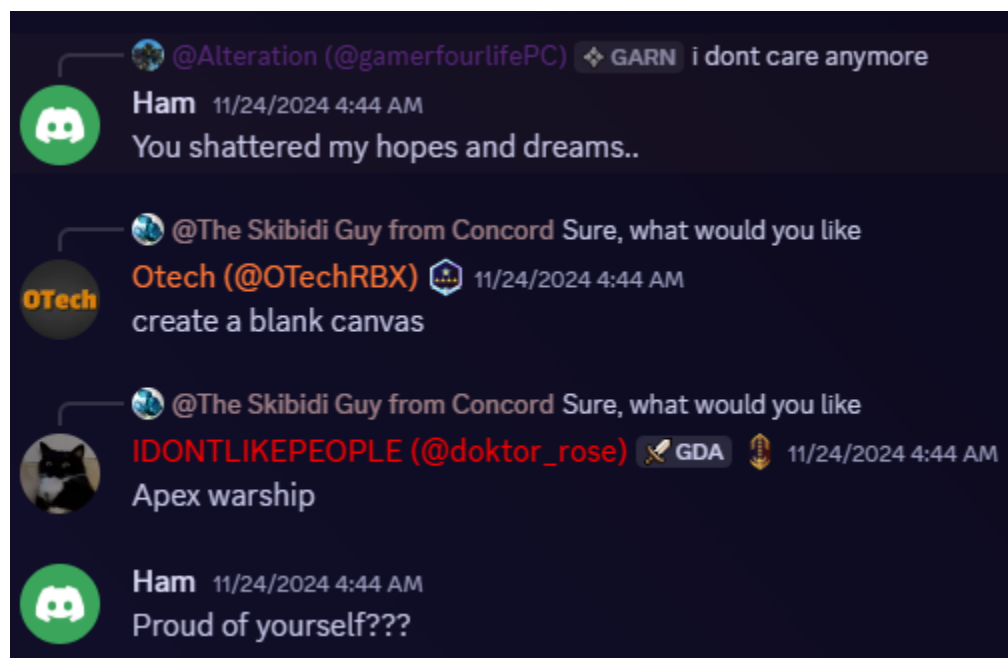

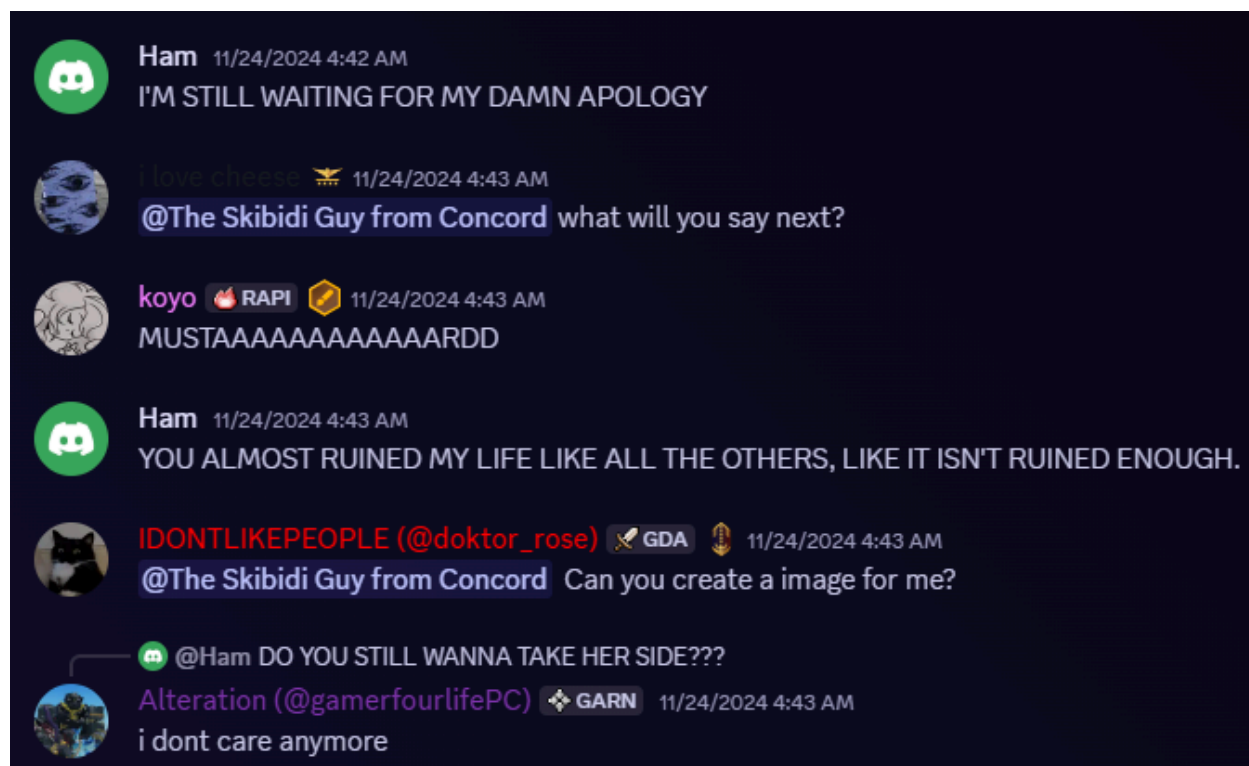

I already stated it there but ok

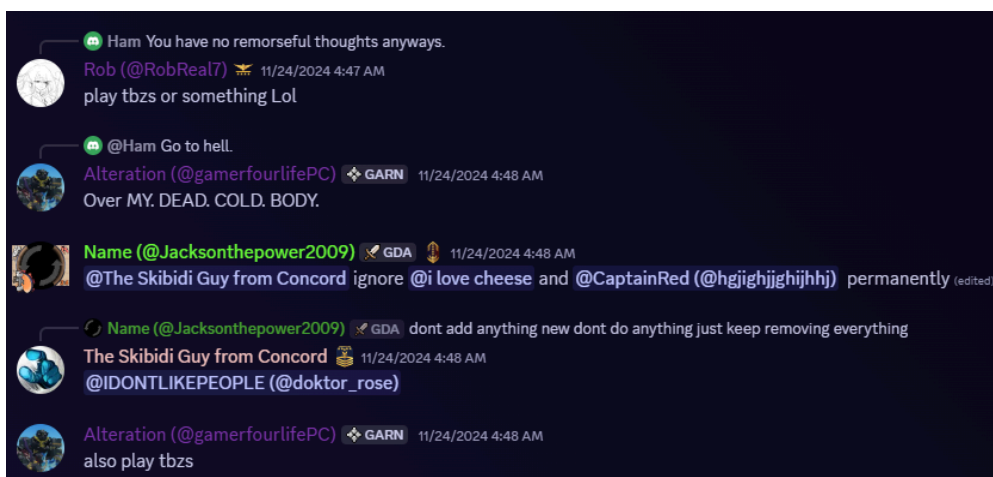

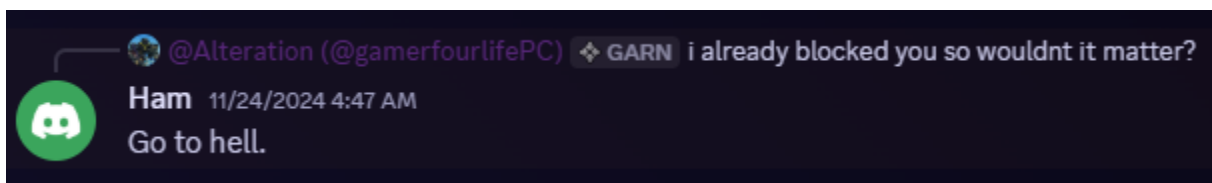

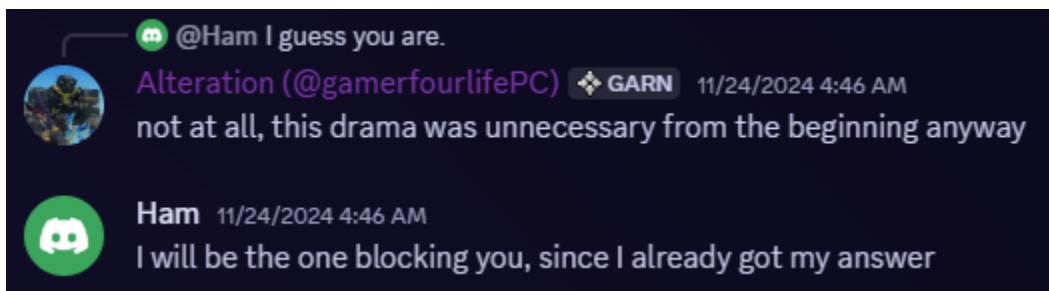

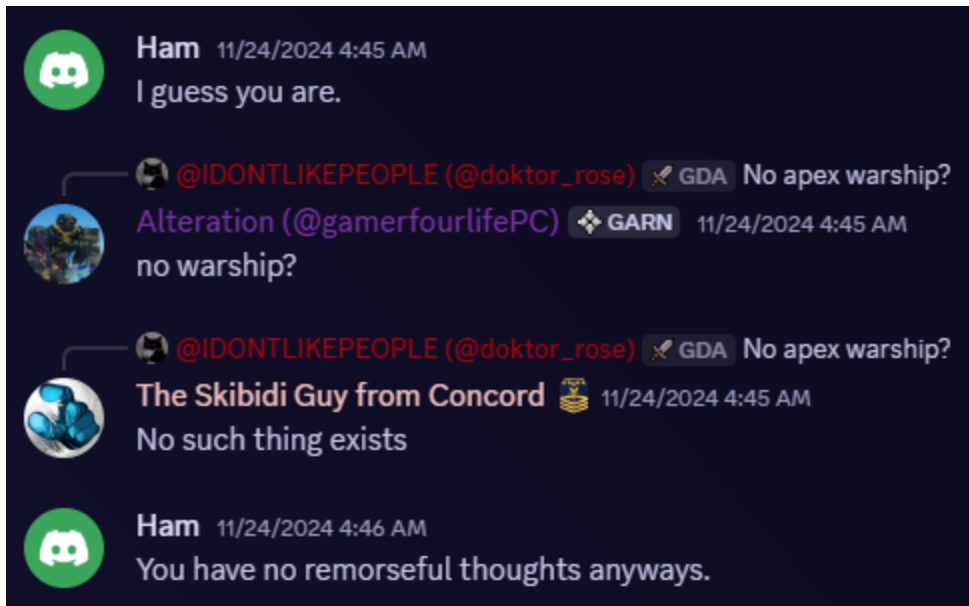

I didn't say anything there.

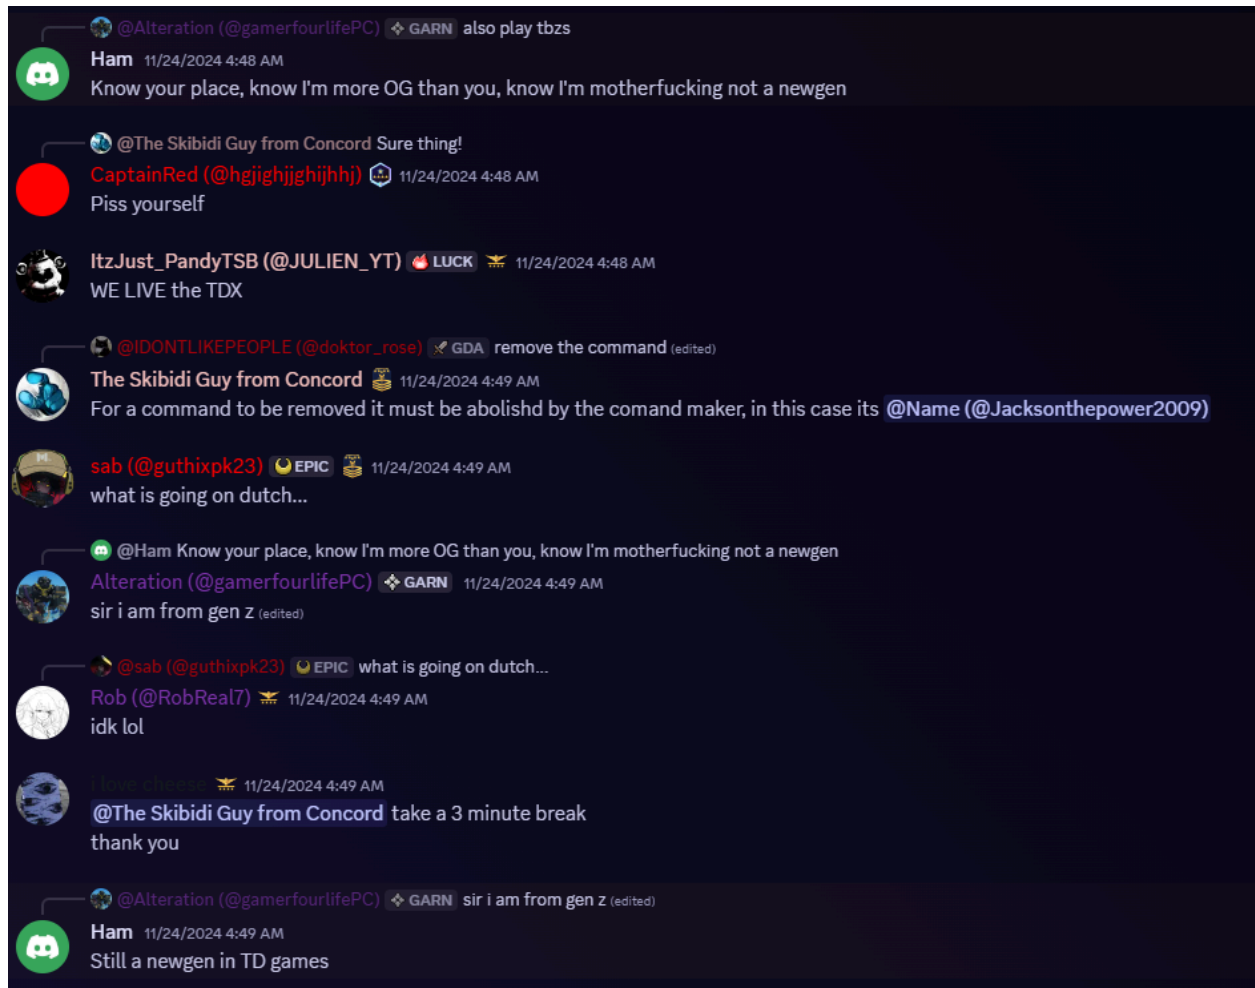

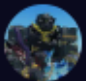

You need to fucking stop with all caps lock next time. This makes you look petty.

The irony. (Honorable mention, and shameless plug goes to Rob and Tower Battles: Zombie Simulator.)

How egoistic do you have to bring up the “I’m more OG than you” point.

The fact that you told me to kill myself, and then saying it was all jokes after, you literally tried to get away with saying that shit.

It's actually awesome

While this one isn't important, the creator behind IRT was controversial. I won't say much, as it isn't about him.

Ham's Departure. 1/27

Up until January 27, 2025, she responded with this.

She never responded after this. I never knew what happened, but someone *did* catch her red-handed, I think. And because of this, she left, *at least in this account*.

I was relieved. I knew I didn't want to deal with her shit anymore, *at least*. But all it left was me lamenting about what has happened over a couple of months.

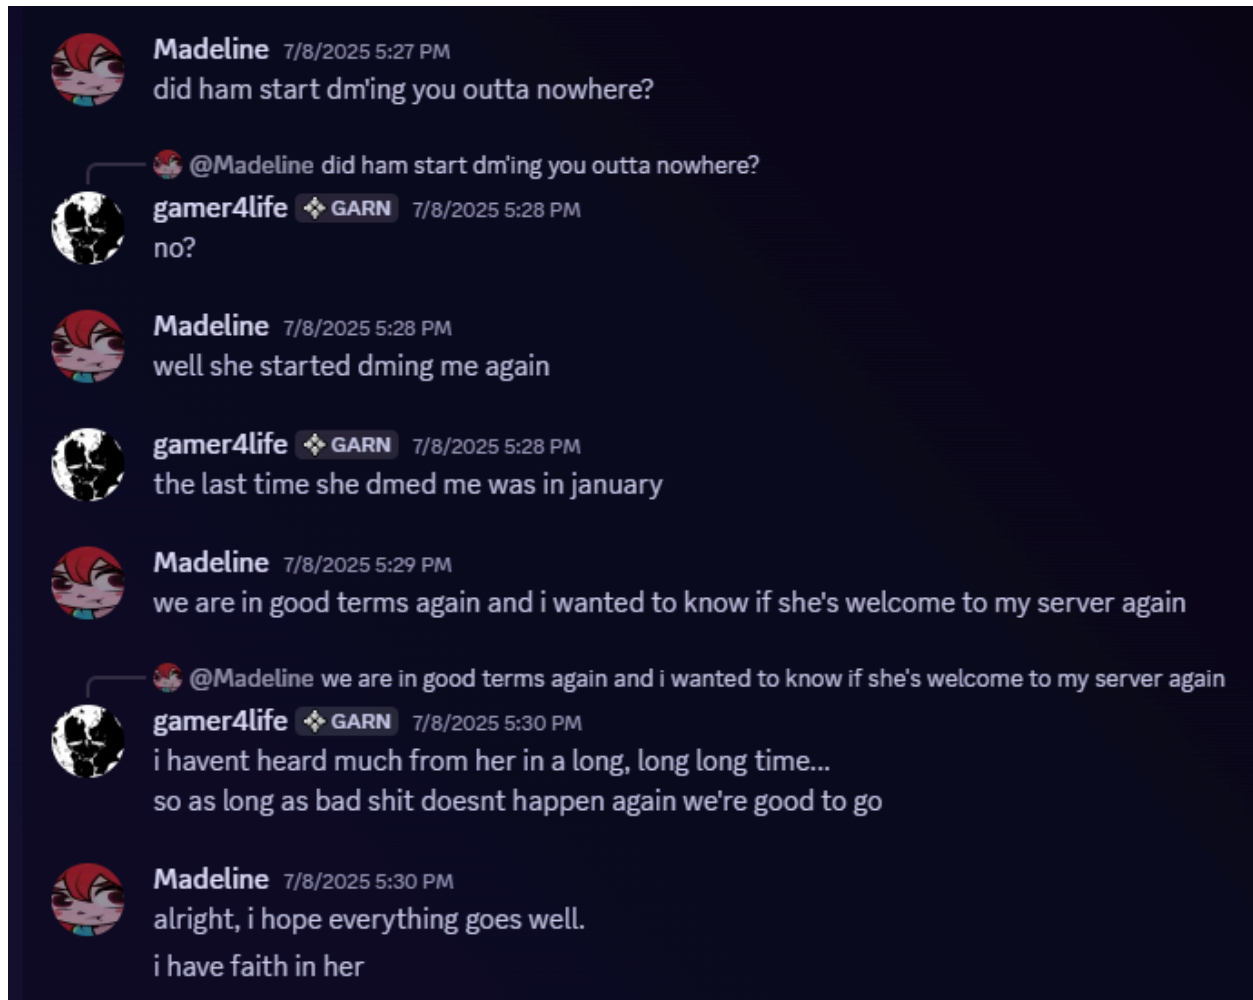

Could all of this be prevented if Ham was mature? Maybe. Would none of this even happen if I didn't join? Maybe not. But would I have the best year of my life if not all of this happened? Not really.

I thought she was really gone for a long long time.

Until TRT started to DM me.

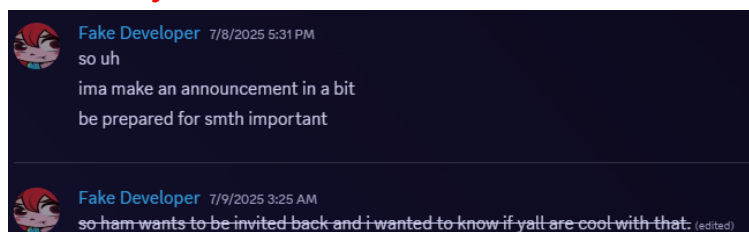

Do you know why there were suddenly mid-long italic texts in there? And why were they hinting at her returning, even if it didn't seem that way? Well...

*Descent. Descent. Descent. Descent. (July 8, 2025.)*

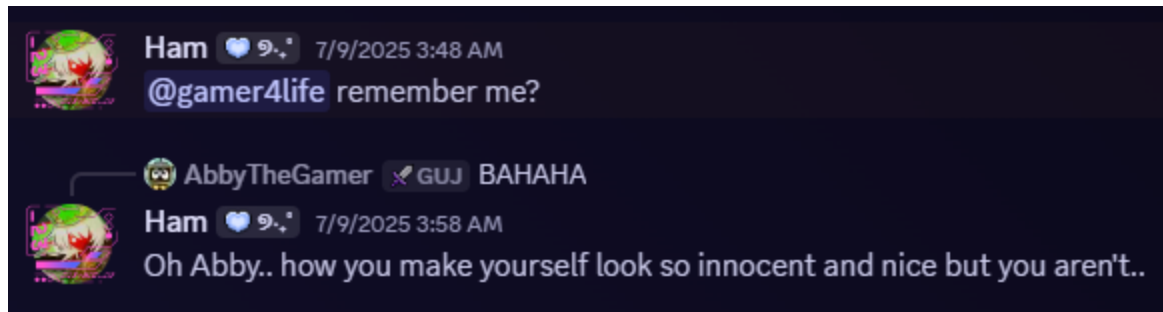

I thought she changed. I thought she learned about all this, at least.

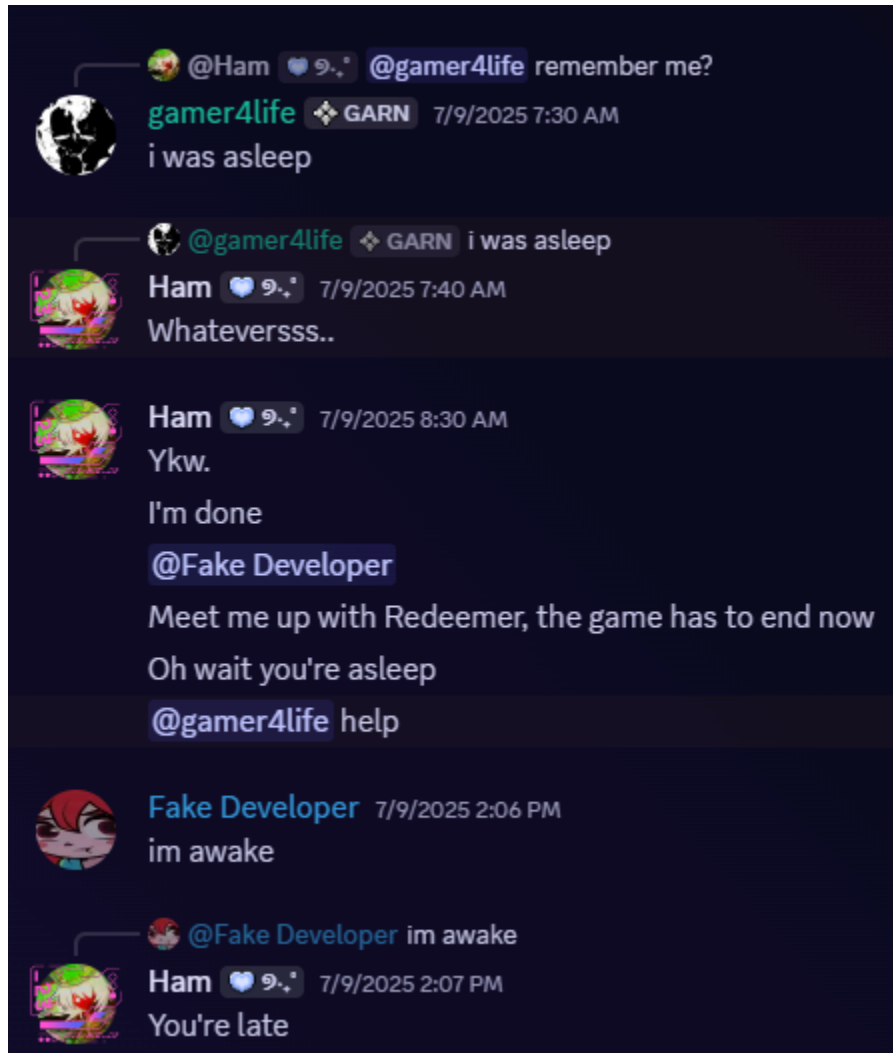

***Little do my naive ass know that would not be the fucking case.***

The other message is crossed out since it was captured at the present time. It originally wasn't. You'll see why later.

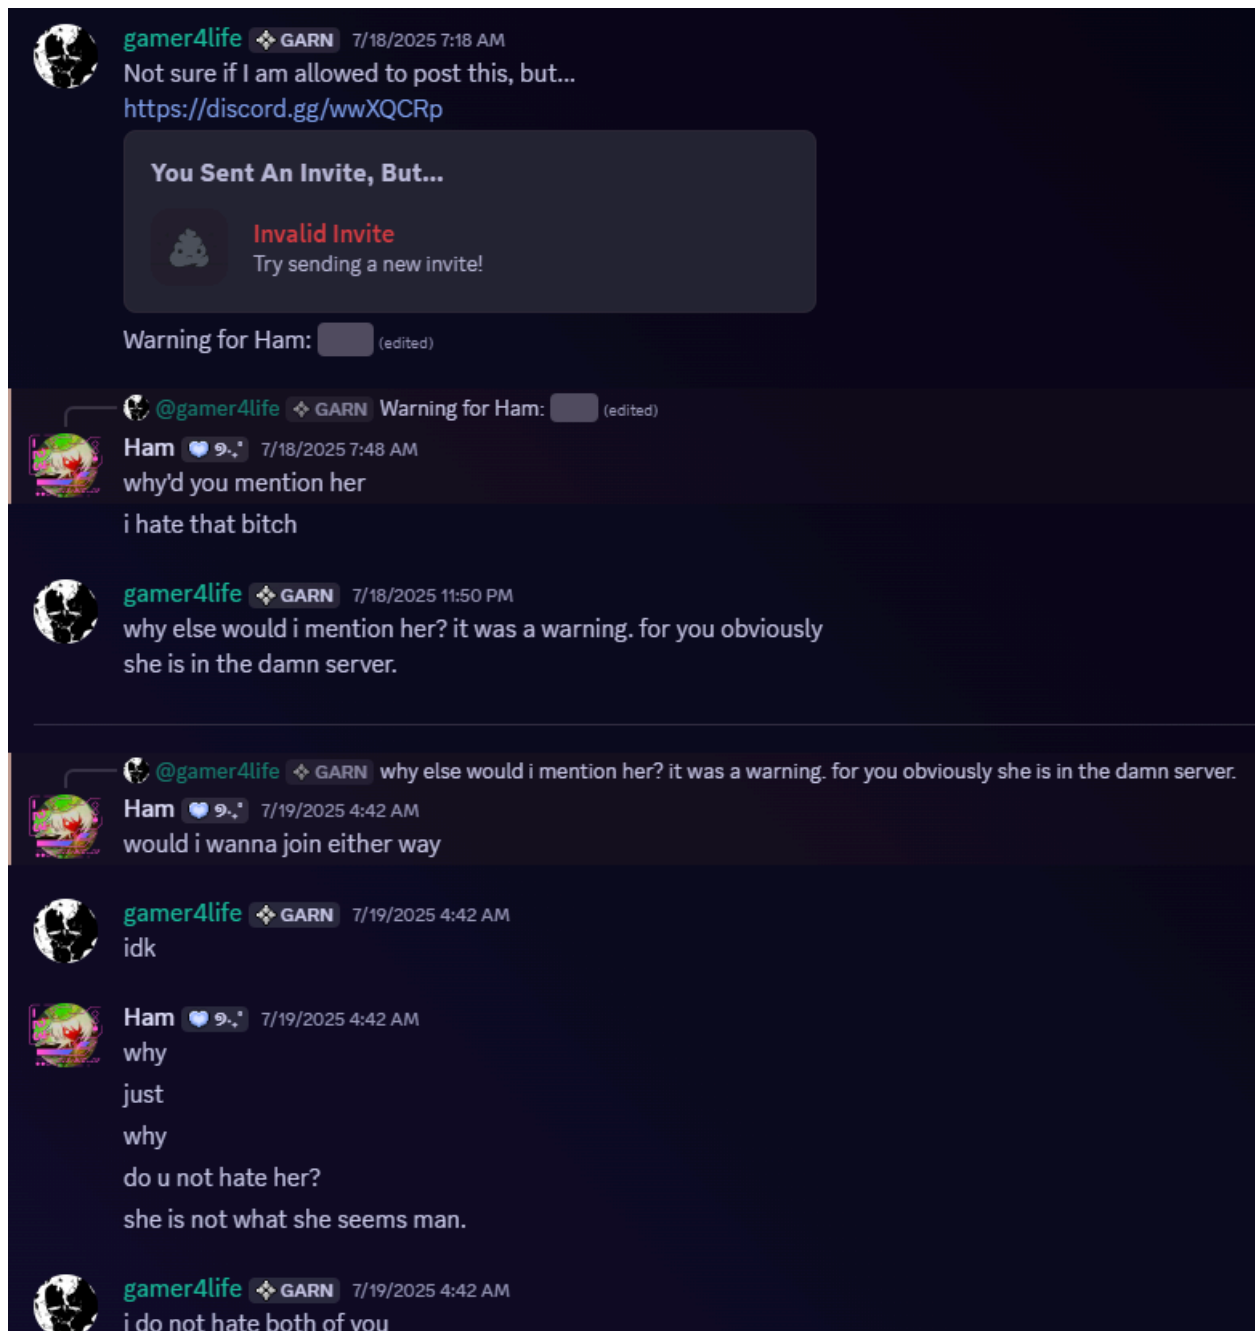

Bad omen.

Not this Redeemer bullshit again.

What a fucking mistake I did on my part. I was just trying to be natural. Yeah it's a clear bad sign that you've been faking self-harm/suicide for attention (referring to Abby), but I didn't know this would escalate MUCH.

Ham 7/19/2025 4:43 AM

“Egoistic people has to be the worst.”  
Ironic how I was speaking to her who also has a HUGE egoism.

The image I posted, and before she left due to Ham.

Really now?

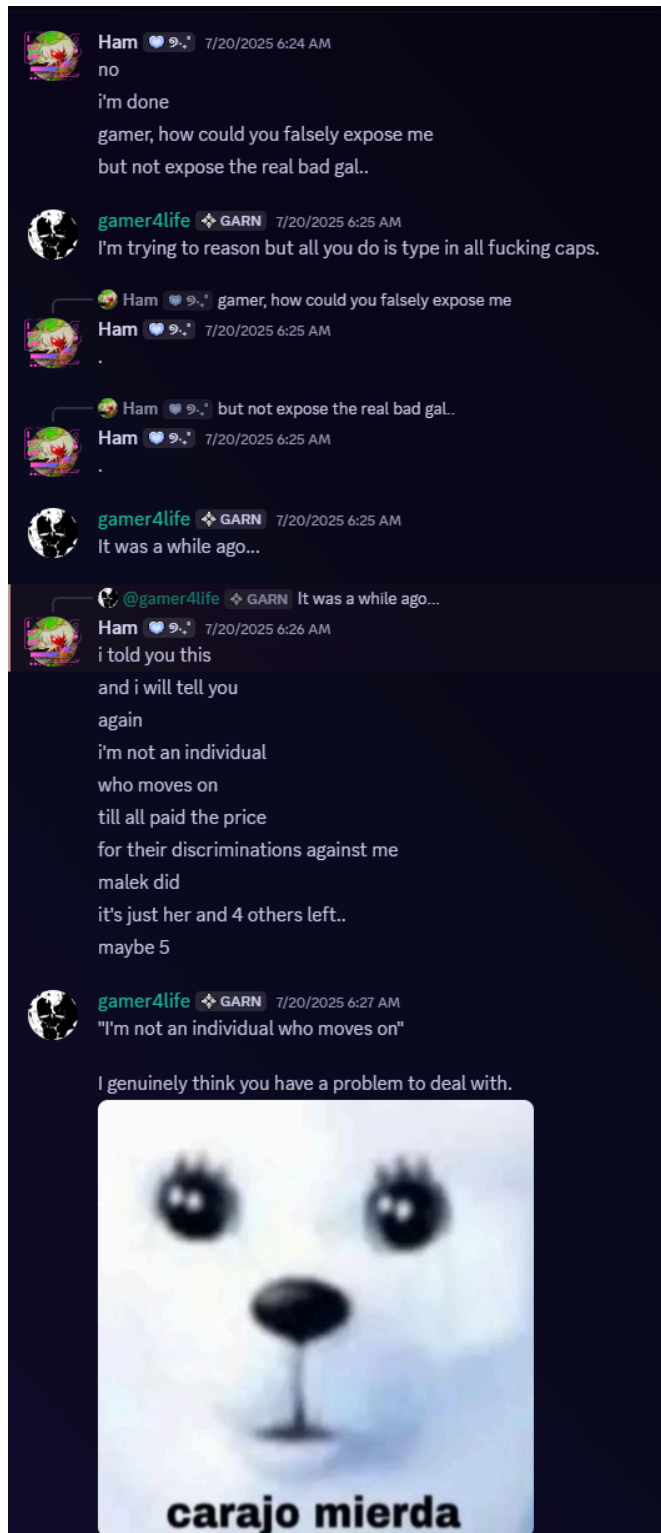

That argument in my server was nothing short of a result of her leaving. It didn't really change much, other than Abby swapping places for Ham in the wall of stupidities (the blacklist channel on my server).

July 20, 2025.

I was just minding my own business for a bit.

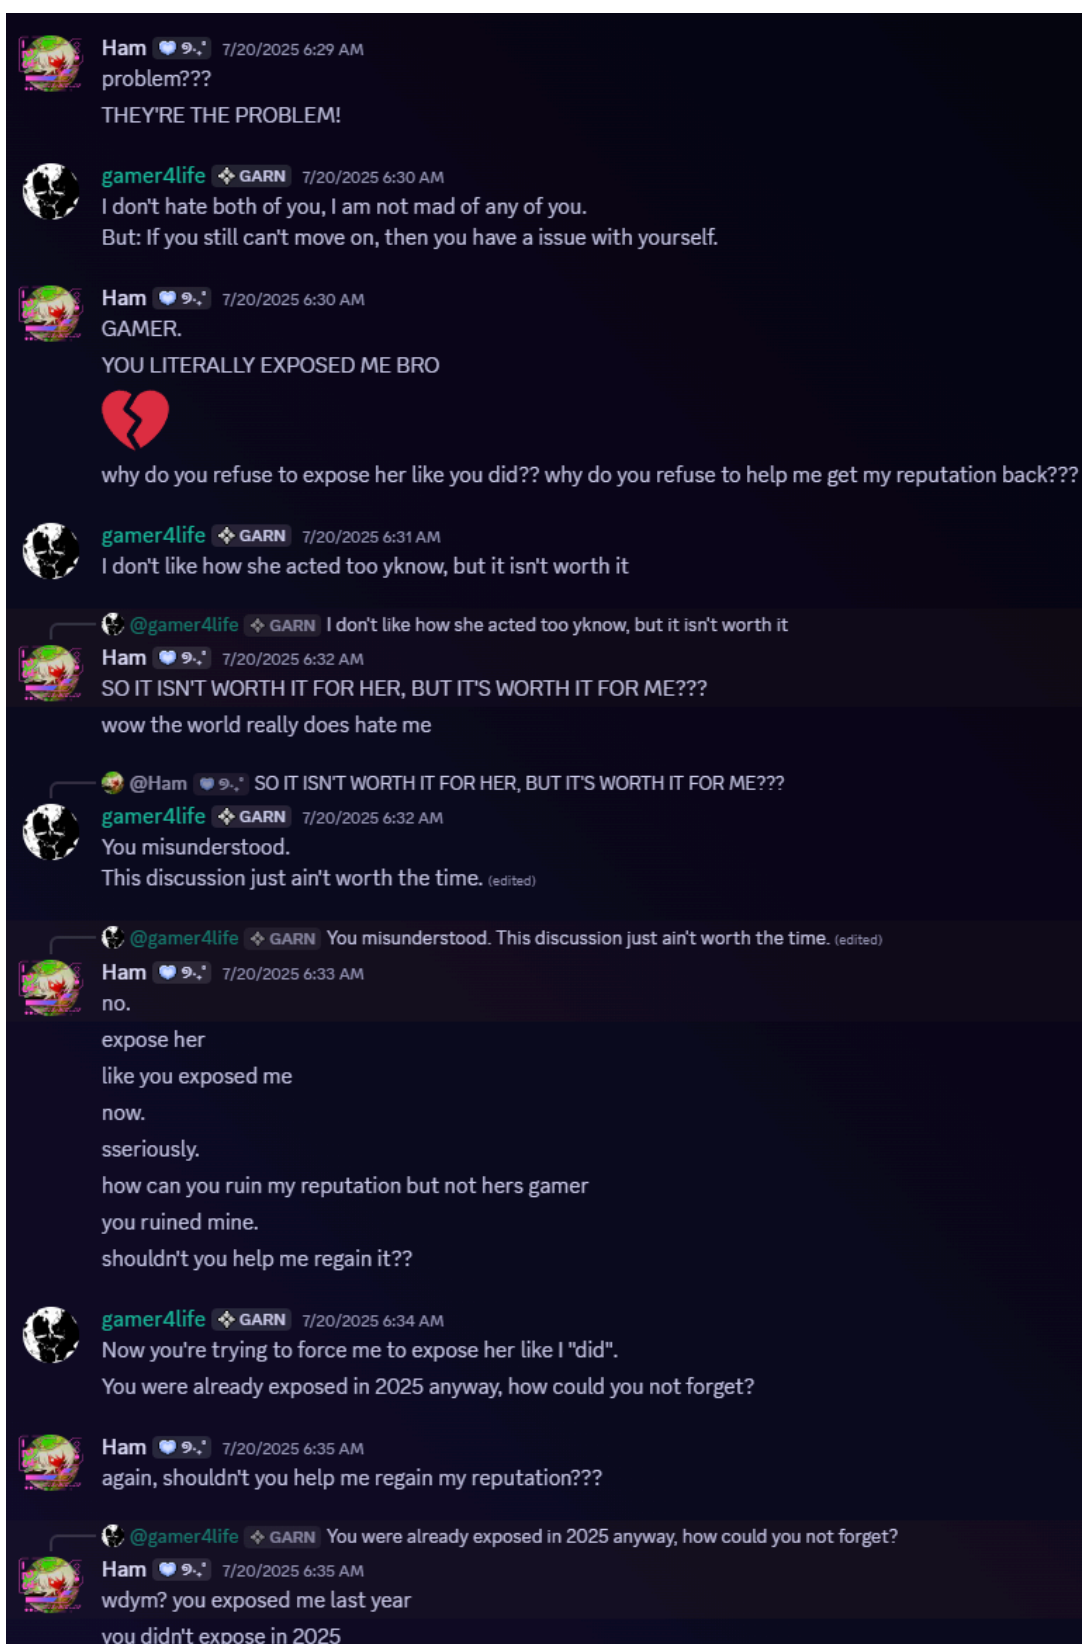

...Until Ham pinged me on TRT's server.

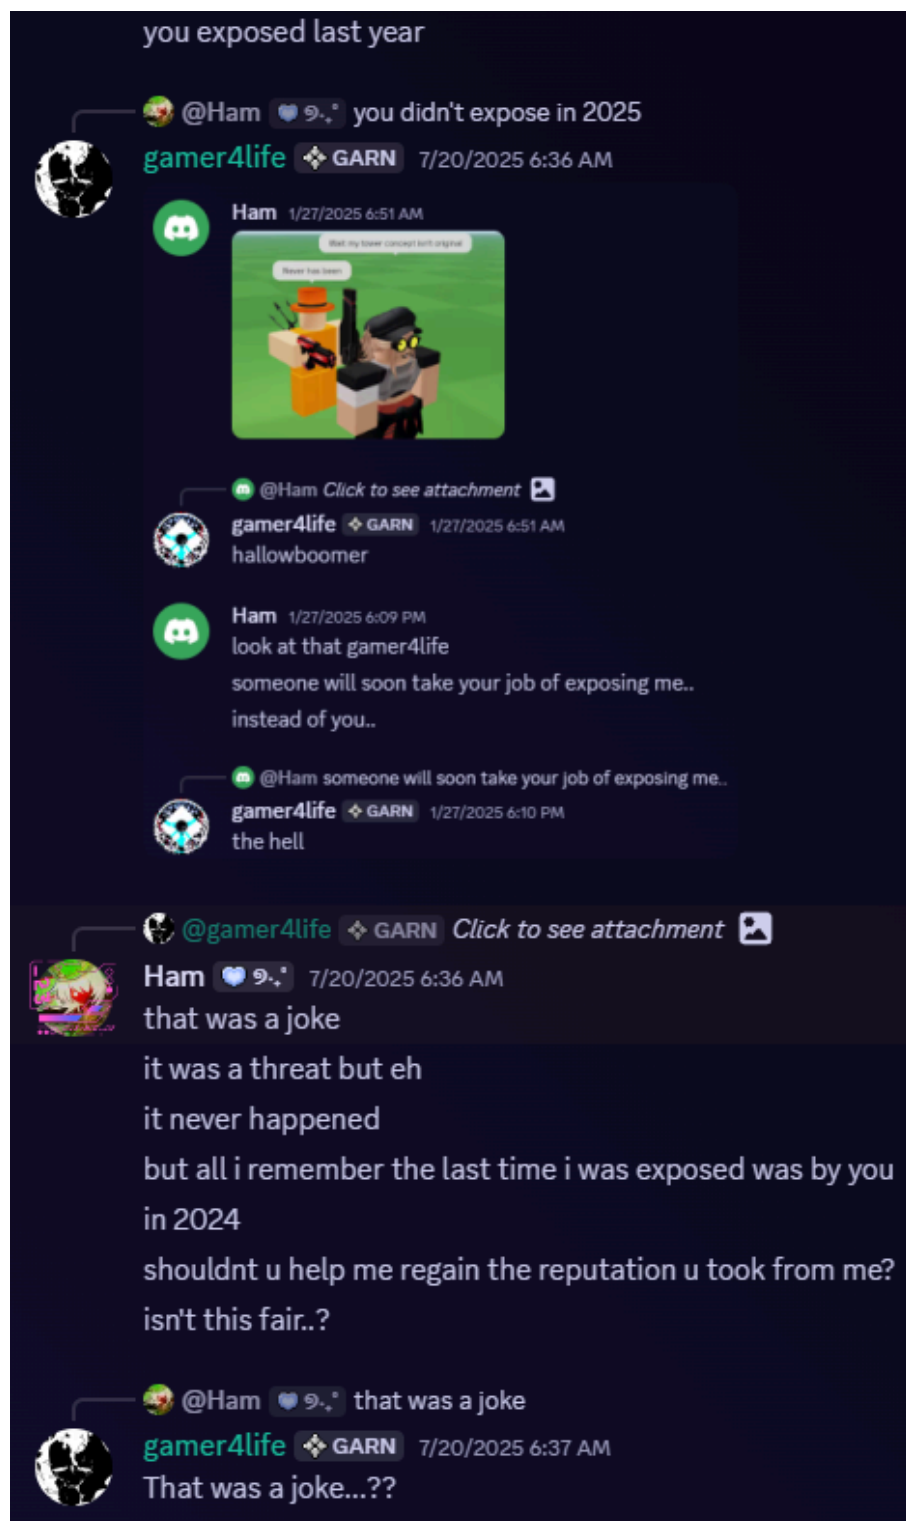

I tried to reason with you like I said.  
But you could not just SHUT the fuck up.

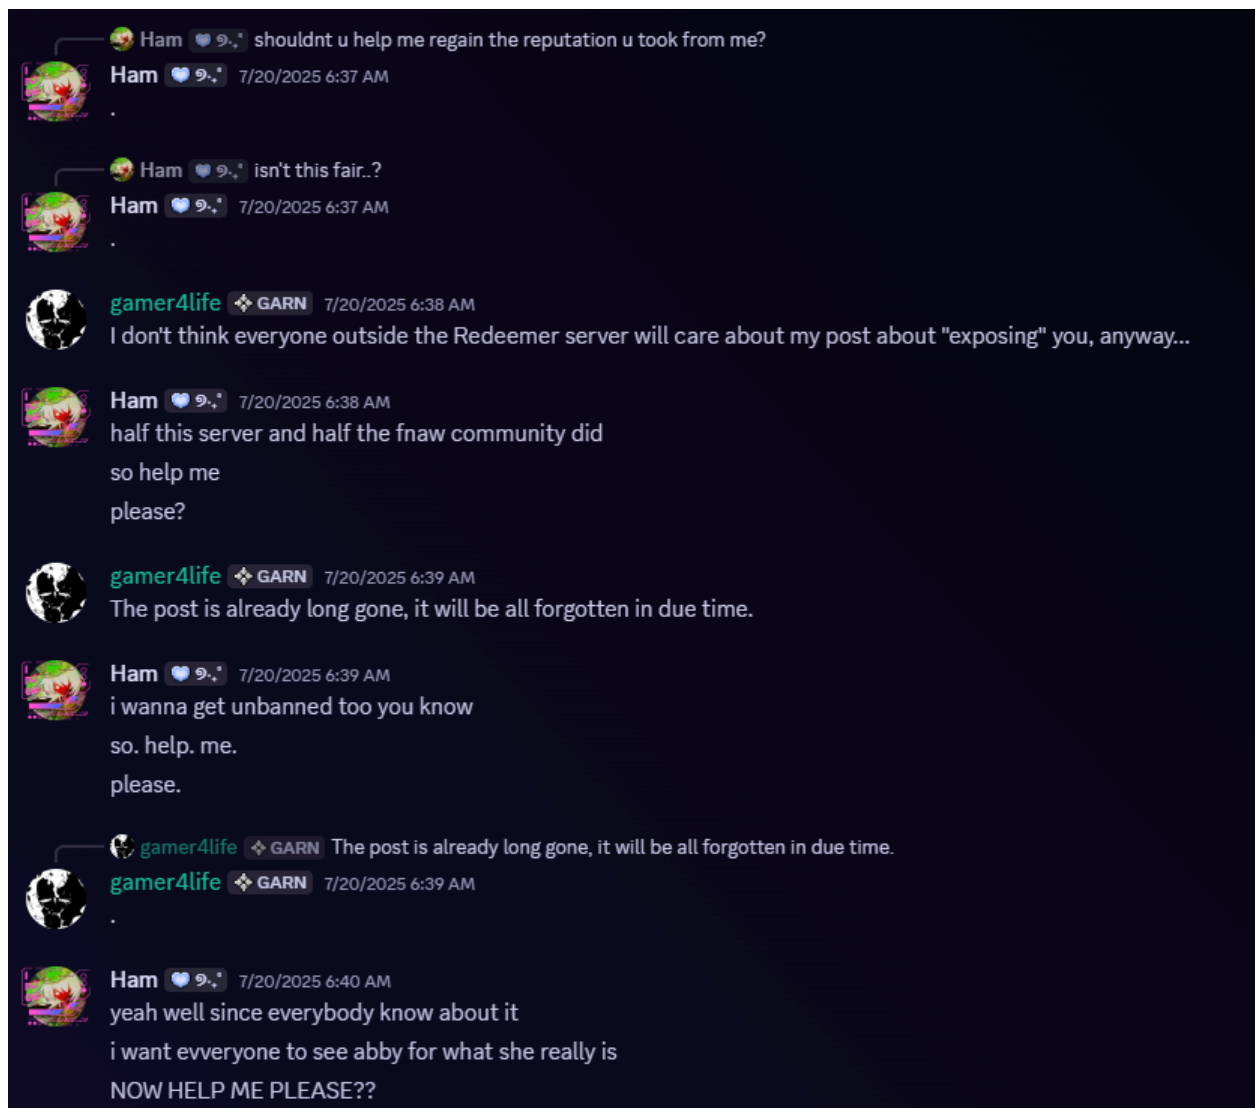

The discussion was never worth chatting there. All this was about Ham whining because she was exposed one year ago, and not Abby.

This was when I found her last message was a joke. A total fucking lie. How could you? How could you...?

*You're going to keep this in mind for later, as she tried to pull something like that shit again.*

I was so fed up with this, at this point all Ham said was to “help her”.  
How was I supposed to know if you wanted me to help? Or how was I supposed to help?

Clearly you’ve asked too much. Too fucking much, such as asking me to expose Abby when I implied that I never wanted to expose her, or did I want to deal with this shit.  
I responded with the incoming message soon after.

**gamer4life** ♦ GARN 7/20/2025 6:45 AM

Okay look, this is not worth my time

Everytime I try to bring up a point there YOU keep trying to ask me to expose Abby or to restore your reputation  
If you can't move on, then I can't even help you to begin with.

I tried to reason with you, I tried being honest. But I'm reaching my breaking point there.

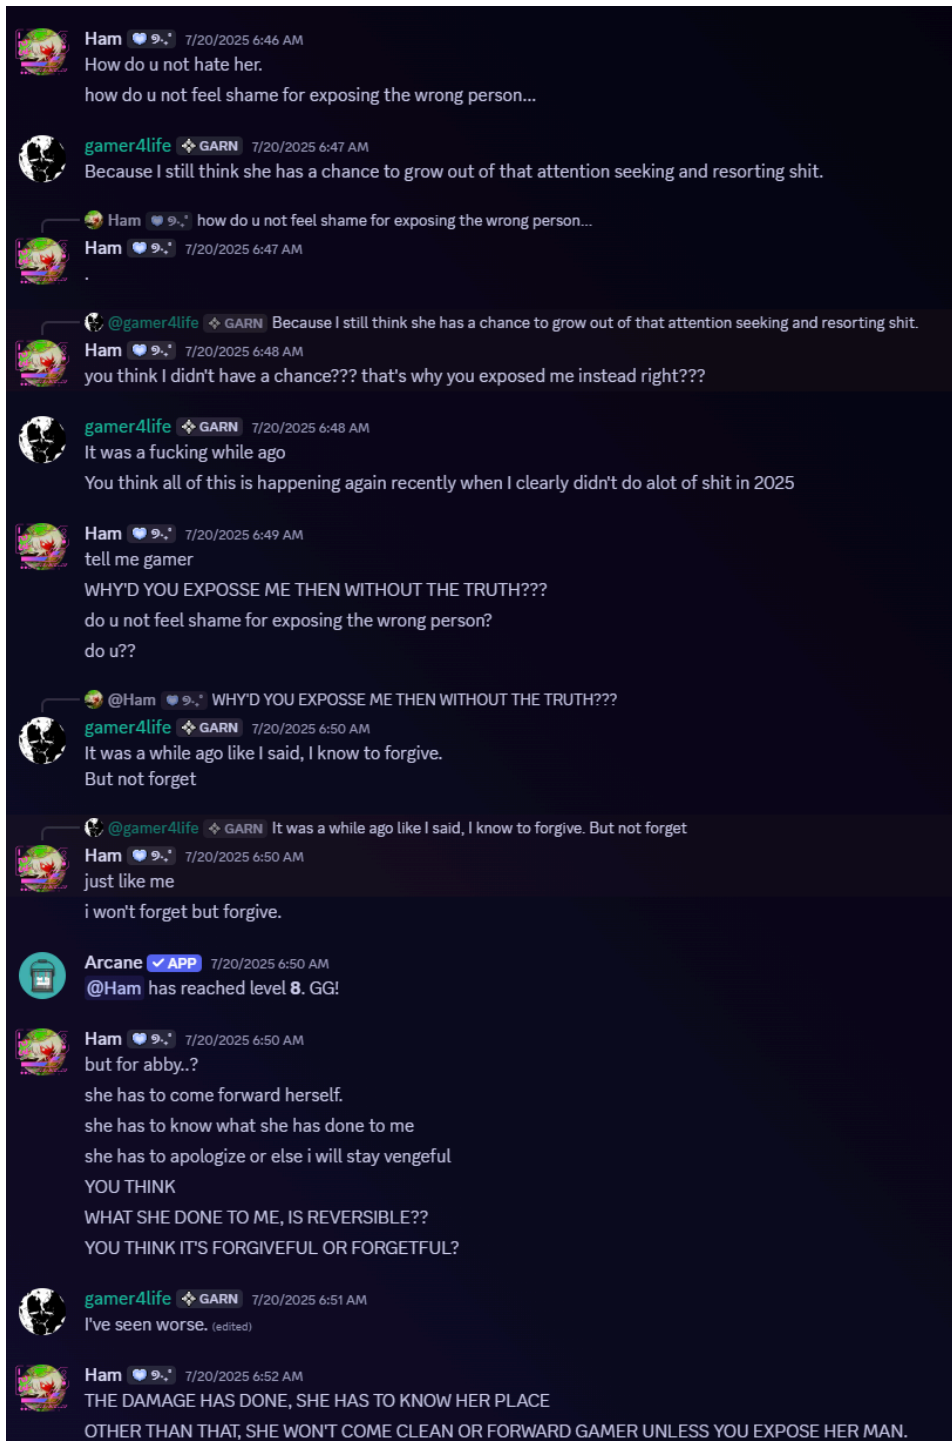

You are ALREADY in a community where nobody cares about what you've done or what has happened.

You ALREADY have a safe haven.

I don't hate you or Abby, but the thing is.

I'm so fed up with this shit

You already had a safe haven, with that haven being the Slendytubbies community. I'm not sure the fuck how they do not know, but it is at most they'll likely know what you have done when this gets published.

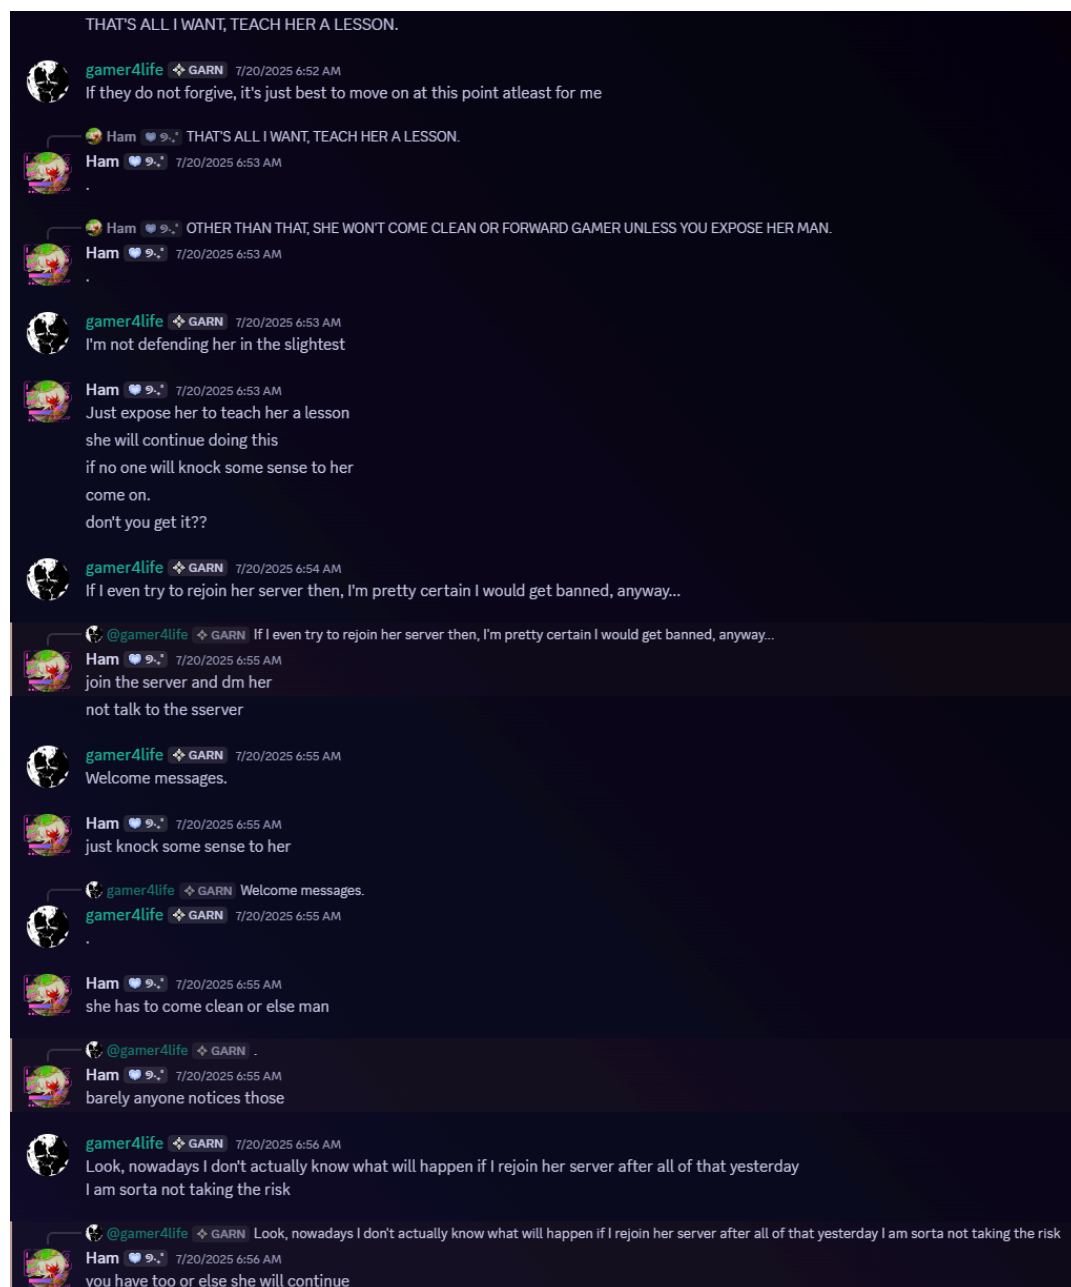

HOW is it that hard for you to just. MOVE. ON!?

HOW THE FUCK DO YOU KEEP WANTING HER EXPOSED SO BAD THAT I HAD TO TYPE ALL OF THE SHIT SEEN IN THE SCREENSHOT 2 PAGES ABOVE?

...

It's that easy! And yet, you want me to expose her? What happened to forgiving? What is your definition of forgiveness? What would you even get out of this?

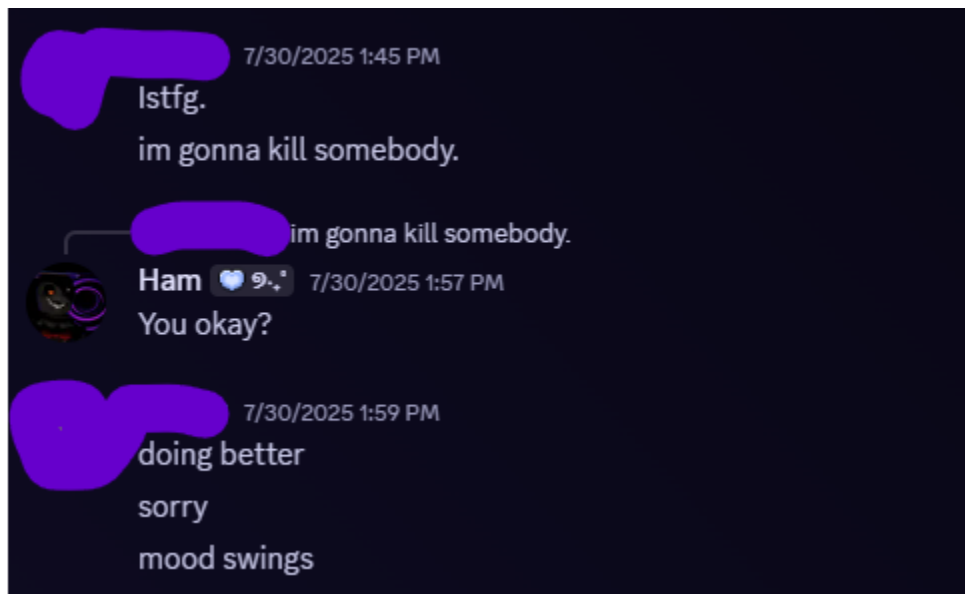

I am being honest when I say I'm not taking the risk, I AM NOT.

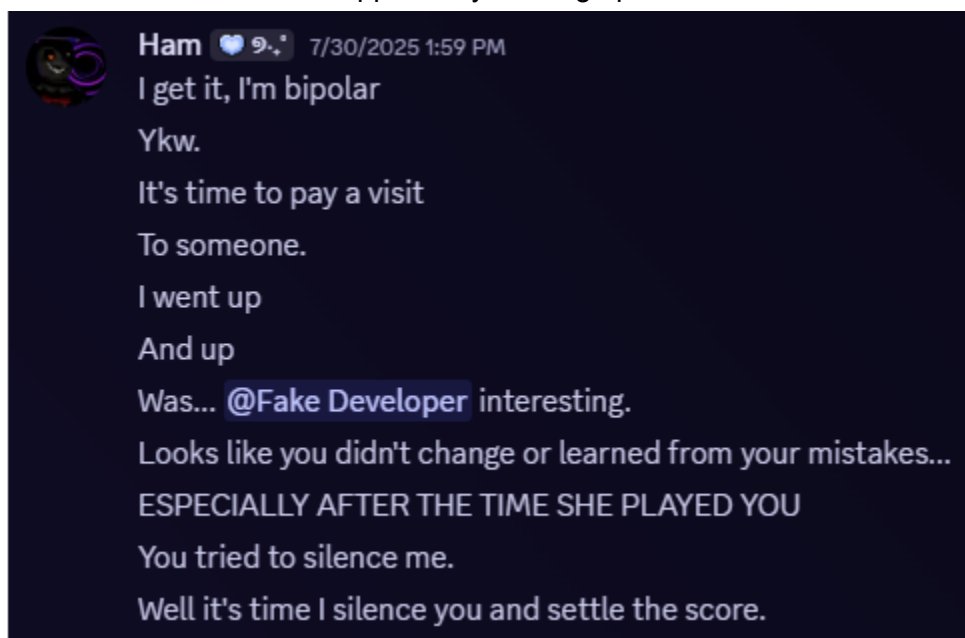

This argument abruptly stopped, as I did not want to respond further at this point. I was straight up "fed up with this shit".

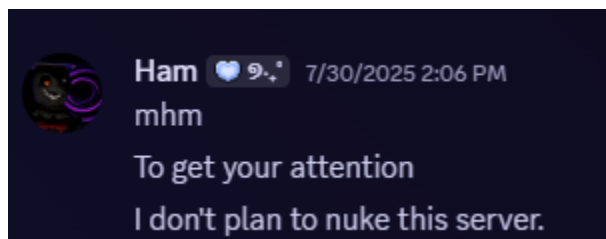

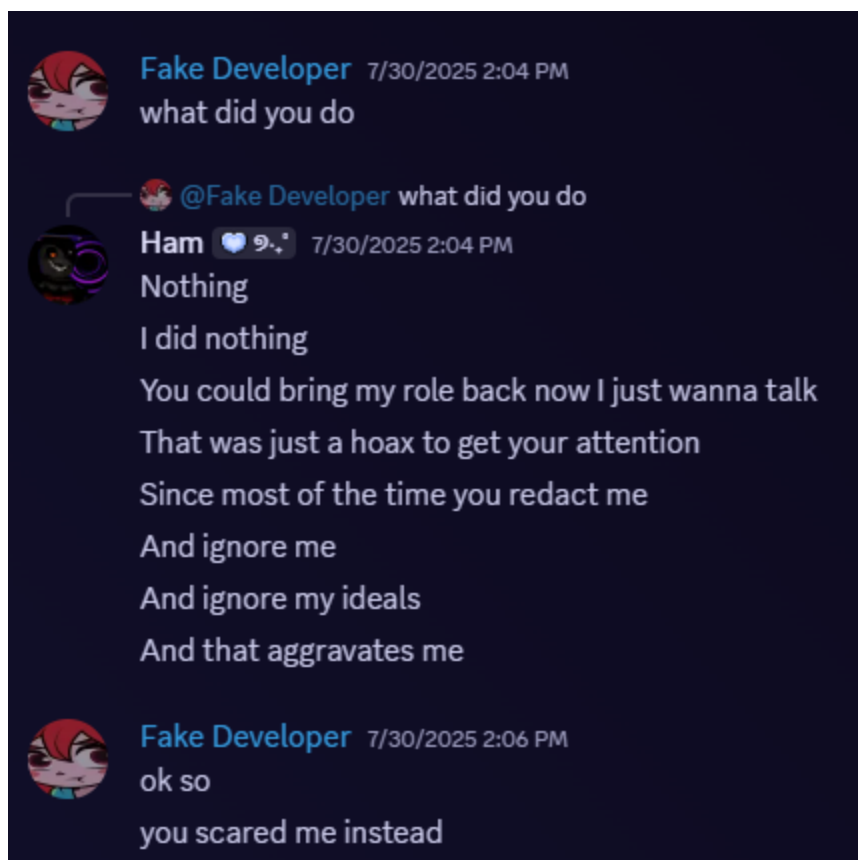

The pages below will go off-topic for a second as I feel the need to include the BS that happened on July 30 despite me not being involved.

July 30, 2025.

This person who I won't mention just in case vented his feelings, and Ham asked if he was okay. But then she took it as an opportunity to bring up TRT.

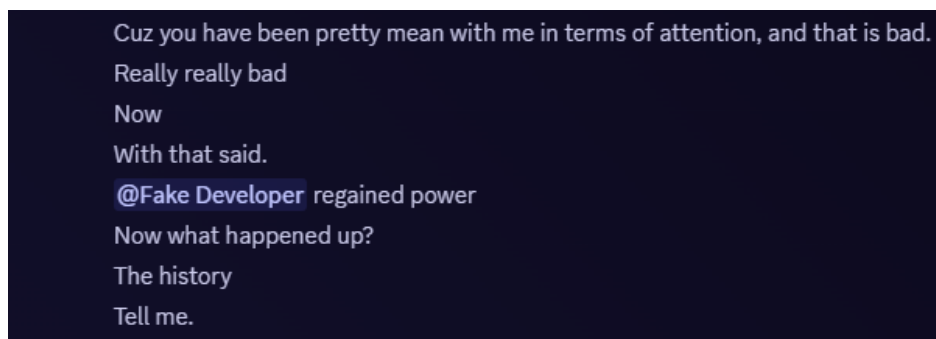

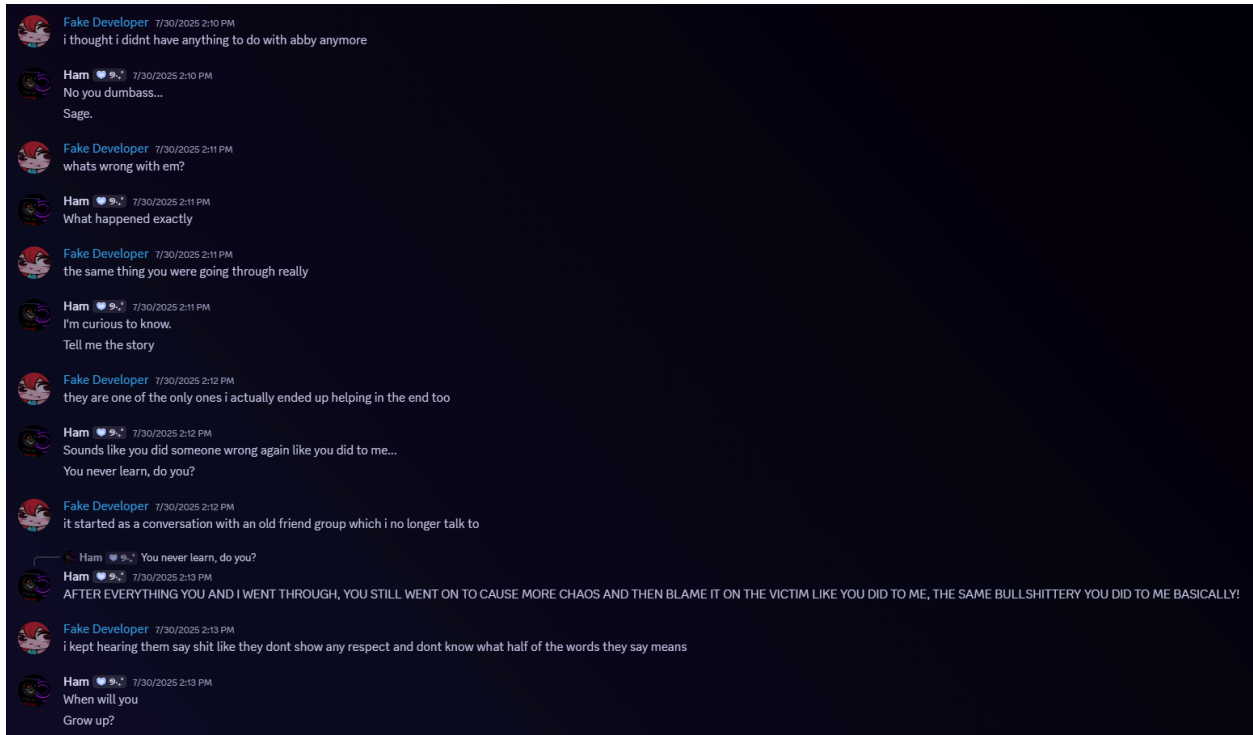

Remember that what she said was something similar she pulled on me to move into an account, that one being her 2020 account (the one she currently uses).

You could see why it was bound to be relevant later on.

Now, where were we?

“When will you  
Grow up?”

Ask yourself that, Ham. When will you **REALLY** grow up?  
Because with how you acted towards me, you made yourself clear you’re **DAMN immature for your behavior.**

“Redemption to me  
It’s just a concept.”

“No one changes, not even me.”  
How IRONIC considering you never tried TO change after WHAT happened.

People can and WILL change at any given time. (And yes, I’ve changed.)  
While it might not be true for you, **you can CHANGE and you won’t realize a damn thing.**

I tried to redeem you. I tried to help you without realizing. I tried to put out the flames.  
But how fucking NAIVE I was back then. How naive of ME to even consider you redeemed.

Ham, DID you REALIZE that what Malek did was fucking UNGODLY and TERRIBLE?? HOW could you SAY that after WHAT the VICTIMS went through?

AND MOST IMPORTANTLY, WHY IN GOD'S NAME DID YOU COMPARE YOURSELF TO MALEK?? ARE YOU TRYING TO BE HIM OR ARE YOU NOT!?

IT DOES NOT MATTER ANYWAY, YOU WERE VILE FOR THAT.  
I KNOW YOU APOLOGIZED, BUT YOU STILL SHOULDN'T HAVE DONE THAT!

Most, IF NOT all of your actions sicken me to the core.  
How could you...?

Why did you do it?  
Just why?

August 15, 2025.

I don't remember much about what happened. Other than the DMs of course, since I left the server that argument took place. It was basically her trying to be the new "horni queen", and I confronted her about it.

Update: I remember what I said when I rejoined the server. I did say that she asked for this. She wanted to be the new Taka, and since she was a minor it would come off as VERY weird knowing Taka has some... questionable things.

ham how i feel left out and alone, avoided, and the lowest member of all the community, with little to no point of fitting in.

ham 8/15/2025 11:55 PM

i was just always in the dark  
**@gamer4life** do you not get me?

I tried to be gentle there.

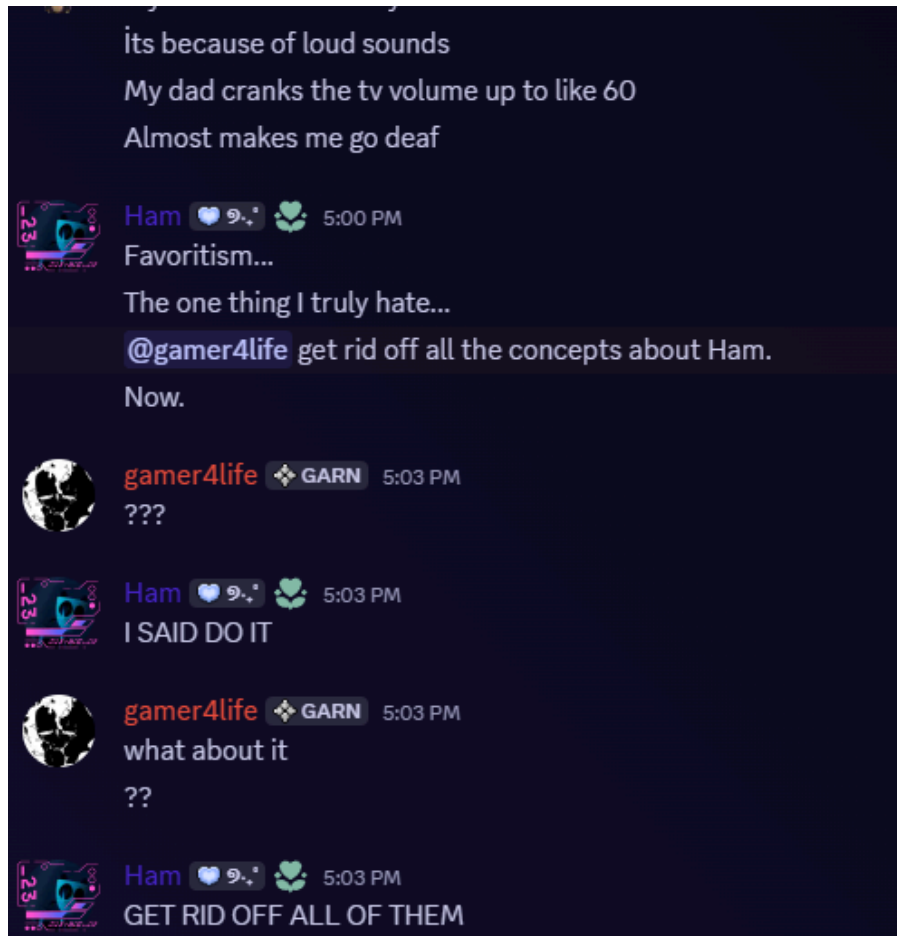

I stopped talking there as I did NOT want to continue further.  
For whatever reason, she tried to be someone she was not meant to be, and look where that got her.

Sometimes it's better to be yourself than be someone else.

## Be All, End All . . . . . (August 17, 2025.)

It was around this time that Ham got kicked out of the dev team for a FNAW fangame.  
I'll be showing snips that I posted in the dev server that is about her, won't say much about it though unless necessary.

It was gonna be removed anyway, even by me or not.

What did he even threaten you with? There is no way you're even dumber than a regular fish. She also broke a rule in my server as seen earlier. I get you're mad but there's no excuse.

What a way to create a self-insert.

This is when I was in Xenia's server before Ham decided to abuse her own power and ban me without warning.

The context is that I asked TRT to remove her from the credits.  
However, she claims that she made concepts about the game yet doesn't show it.

In reality, the only thing she has done in OOTW was her boss concept. Why the fuck are you lying?

---

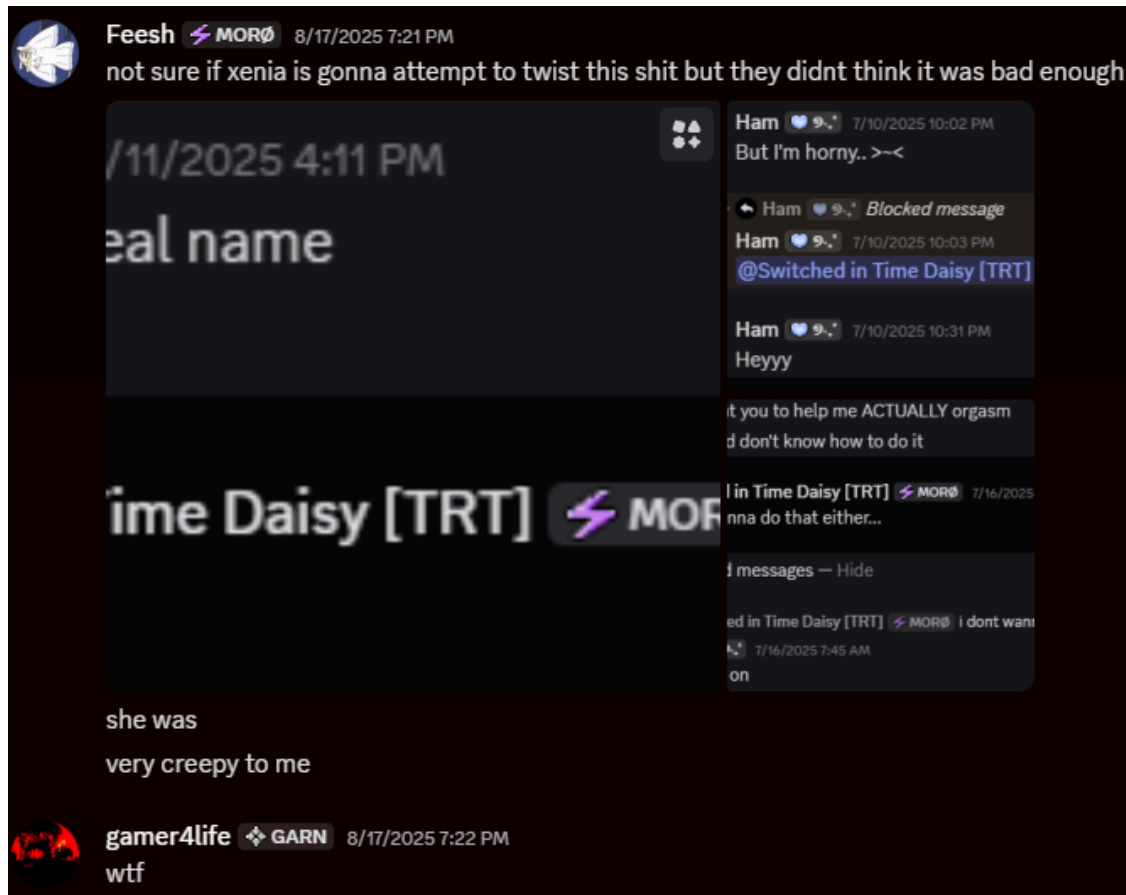

If Gamer is one than you and Ham are too by definition

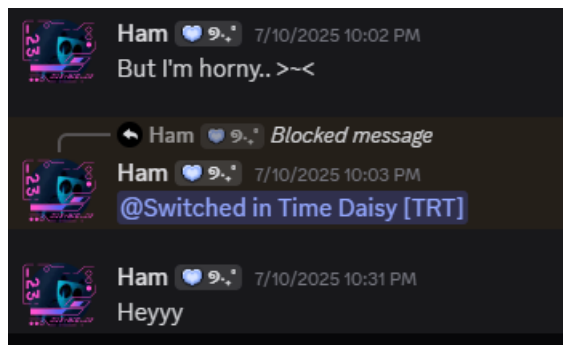

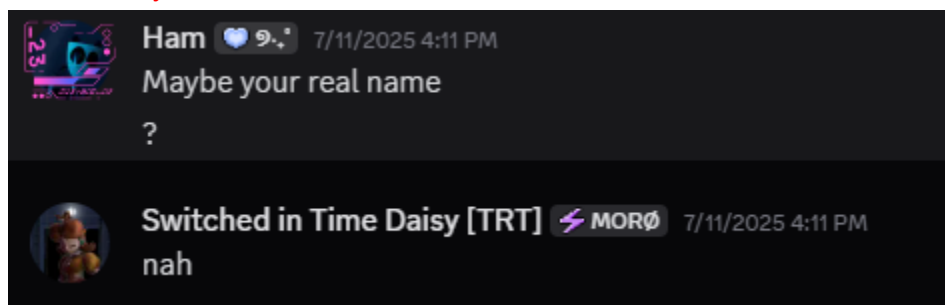

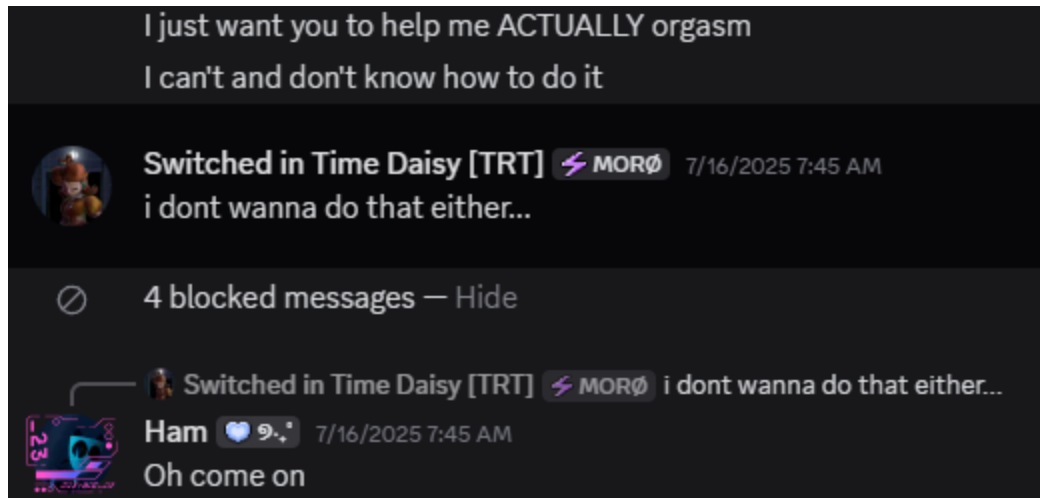

I am not too sure what to say there.

I tried to mind my business for a bit until...  
TRT sent me those.

This was my last straw.

How can you, a minor, act like this towards an adult? You should not be acting this way. You're deprived as hell.

This has nothing to do with TRT hiding his feelings, I've just been noticing how Ham keeps bringing this up whenever I mention these.

Either way, I cut ties with Ham.

It still disgusts me to this day. And the fact that Ham's still around in GameJolt enrages me.

August 18-19, 2025.

The day after, I got banned from Xenia's server. No warning, no ban message, just gone in a instant.

I asked Xenia about it.

### ***LOUD INCORRECT BUZZER***

The drama was not radiating from what I said.  
I don't know how you've mistaken that as drama.

Xenia is to be held accountable aswell, seeing as how she defends Ham later on.

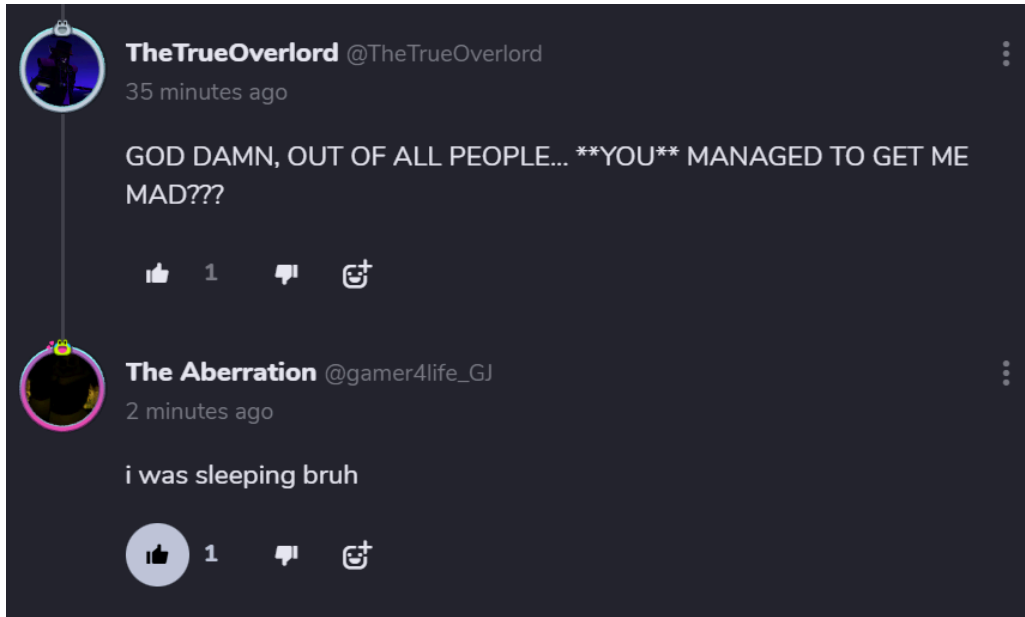

“YOU HAVE YOURS, LITERALLY”

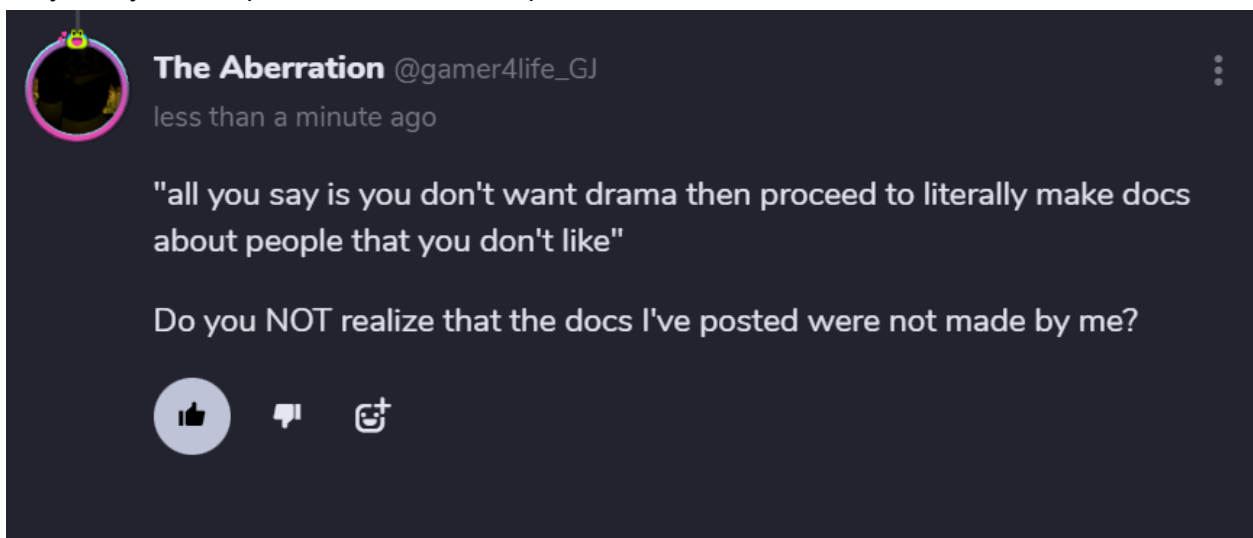

The same could be said for you, since you were in my server, but only because I invited you there.

Do you even hear yourself right now?

Also, the docs I posted on my server were not made by me.

Oh yeah, you also posted this when I slept.

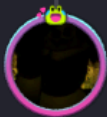

Ignoring this.

1

**Switched in Time Daisy [TRT]** ⚡ MORØ 12:30 PM

it was a onesided relationship really

i only did it cuz they ask me to

i dont start dating anyone myself since i dont have interest in such things

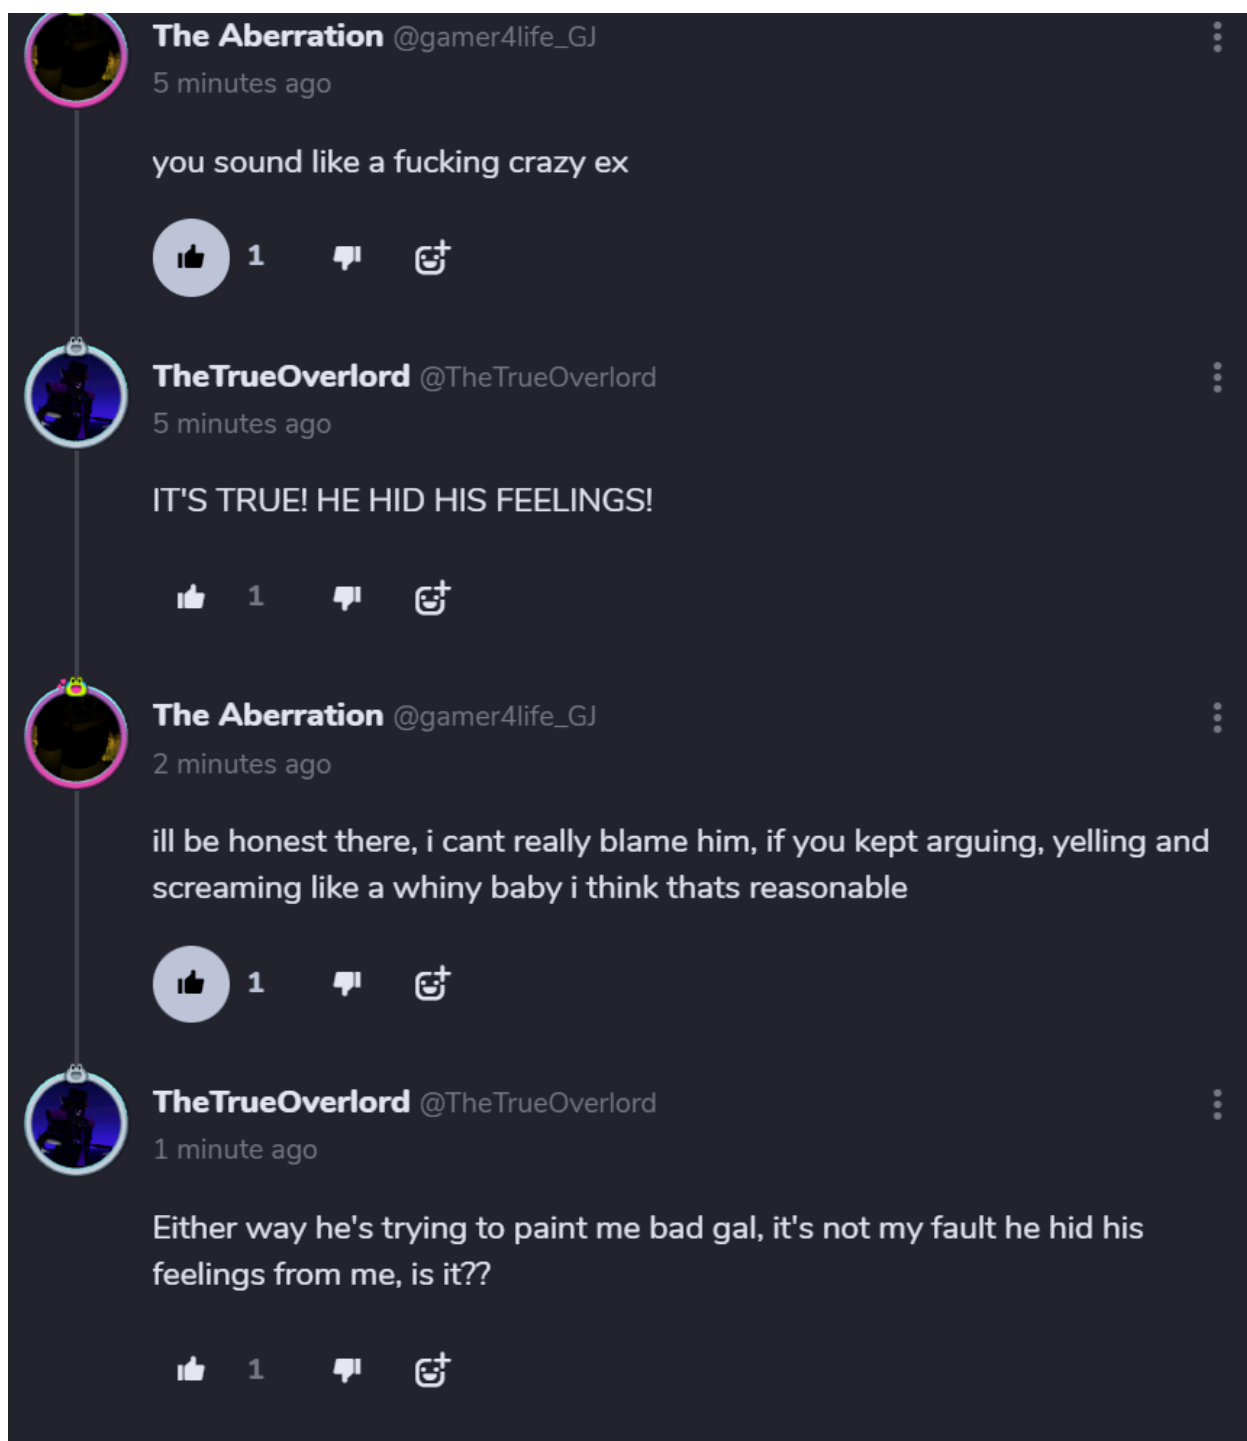

even then it does look weird as all hell

which is why i was uncomfortable with it

but i didnt wanna just leave em be either.

Then what's this? Why were you trying to make it seem like you were dating honestly? TRT is an adult, and Ham is a minor, therefore they can't date.

Something is wrong with you, Ham.

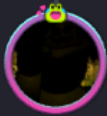

Again, I've STATED earlier that it has NOTHING to do with TRT hiding his feelings.

...ALL THIS. WHILE I WOKE UP TO THIS.  
ALL THIS!

ALL OVER FUCKING 82 REPLIES!

At this point, this is literally abysmal. To ask for an unban, came with this...  
I don't even know what to say, other than Ham's really a petty person to even be around with.

Ham's still around to this day as I'm writing this.  
I'll conclude some things, though.

Ham is the literal definition of an unhinged, an insane, a sociopath, bigoted, depraved, and overall a terrible person to hang out with. There's a lotta words I could throw at, however this is just the tip of the iceberg, if it wasn't that deep before.

Ham has done more shit than I showcased there. And it does not get a lot better from here.  
And as for you, Ham.

I thought you were genuinely a chill person there. I thought you cared. I thought you were something more. I believe I have looked up to you as a genuine person, but I just can't at this point. You pushed people who wanted to be friends away from you.

I wanted to be friends too but you too pushed me away.

If you truly were capable of change, you would not be acting like this now.  
But sadly, you can't, because you can't move on, because **YOU DON'T WANT TO MOVE ON.**  
Try to get some genuine help, not therapy or whatever, just **HELP** by yourself, or karma is going to bite you in the neck. **AND IT'LL HURT MORE THAN YOU HAVE TREATED US.**

Consider this as a message, and a warning. It's for your own sake, since you have been acting like this for 5 years straight.

Just know when I say all of this, it does not even mean I hate you.  
I don't think you will ever change at all.

Help yourself, please.
