

❖ **Special guest** ❖

❖ **Who are the special guests?**

The category "special guests" was invented and introduced **by the One Piece OC Crew group in 2021**. Special guests are the characters created by the group's administration. They appear on our group's events covers and always correspond to the season holiday\event theme.

From October 1 we decided to change the rules for choosing the special guests and now we will search for them among your OCs! Your OC can open the event in our group, this means that some information about them will appear in the event's description text and you will also receive a gift from our community and (name) - an art with your character that we will use for creating the cover!

❖ **How my character may become the special guest?**

❖ Decide what One Piece OC you want to see as a special guest and on what holiday\season cover (**Available: winter, spring, summer, autumn, halloween, new year, valentine's day**).

❖ Fill the registration form that you can find below.

❖ You can fill the form for **3 characters only!** You can choose **MAXIMUM 3** holidays\seasons for each character!

❖ Your character will be added to the list of special guests only **if you are subscribed to our group!**

For example:

❖ **Portgas D. Hatomi - Summer, spring, Valentine's Day.**

❖ **Hedi Grimm - Autumn, New Year, Valentine's Day.**

❖ All the applications will be added to the list that you can find on our **onepieceoccrew.carrd.co - "events" - "special guests" table.**

❖ At some point, the administration will randomly choose a new special guest for the event and contact the author to clarify the details.

❖ **!!!!IMPORTANT!!!!** If your OC has become a special guest, they are automatically removed from the list for a **YEAR**. It will be possible to apply for participation with this OC again in exactly one year.

For example:

❖ **Manami will not appear on our community's events covers for a year since she opened this Halloween event.**

❖ If you don't have 3 OCs/don't want to apply only your OCs, you can suggest your friends' OCs. Make sure their authors don't mind!
